## **Perspectives On Sexuality A Literary Collection:**

*Perspectives on Sexuality* James L. Malfetti, 1971      **Linguistic Dimensions of Sexual Normativity** Heiko Motschenbacher, 2022-02-09 This book advances the theorization of normativity as a key concept in language and sexuality studies bringing together some of the author's previous work with new material for a comprehensive exploration of the influence of normativity on the relationship between language and sexuality The first section of the book outlines fundamental areas of inquiry in language and sexuality studies today with a focus on queer linguistic inquiry and elucidates the book's theoretical frameworks around normativity Chapters in the section reflect on the ways in which normativity shapes sexuality related language how language is employed to convey sexual normativities and queer linguistic challenges for the use of research methods in the discipline through a discussion of their implementation in corpus linguistics The second part of the book builds on these theoretical foundations by featuring seven case studies that illustrate a diverse range of methods and language data with a concluding chapter considering the implications of their findings for furthering theoretical debates and future research on normativity in language and sexuality studies This volume will be of interest to scholars in language and sexuality language and gender sociolinguistics discourse analysis applied linguistics and corpus linguistics      Swoon: Great Seducers and Why Women Love Them Betsy Prioleau, 2013-02-04 Lose yourself Swoon has wicked fun answering that age old query What do women want Chicago Tribune Contrary to popular myth and dogma the men who consistently beguile women belie the familiar stereotypes satanic rake alpha stud slick player Mr Nice or big money mogul As Betsy Prioleau author of *Seductress* points out in this surprising insightful study legendary ladies men are a different complex species altogether often without looks or money They fit no known template and possess a cache of powerful erotic secrets With wit and erudition Prioleau cuts through the cultural lore and reveals who these master lovers really are and the arts they practice to enswoon women What she discovers is revolutionary Using evidence from science popular culture fiction anthropology and history and from interviews with colorful real world ladykillers Prioleau finds that great seducers share a constellation of unusual traits While these men run the gamut they radiate joie de vivre intensity and sex appeal above all they adore women They listen praise amuse and delight and they know their way around the bedroom And they've finessed the hardest part locking in and revving desire Women never tire of these fascinators and often like Casanova's conquests remain besotted for life Finally Prioleau takes stock of the contemporary culture and asks where are the Casanovas of today After a critique of the twenty first century sexual malaise the gulf between the sexes and women's record discontent she compellingly argues that society needs ladies men more than ever Groundbreaking and provocative Swoon is underpinned with sharp analysis brilliant research and served up with seductive verve      *Perspectives in Sexuality*, 19??      *Library of Congress Catalogs* Library of Congress, 1976      **Theoretical Perspectives on Sexual Difference** Deborah L. Rhode, 1990-01-01 Essays cover historical sociological psychological and anthropological approaches ethics and

politics and the policy implications of the real and perceived differences between the sexes     Literature and Medicine Joanne Trautmann Banks, Joanne Trautmann, Carol Pollard, 1975 Over 1000 entries to poems novels short stories and plays Emphasis on English language literature as well as that from France Germany Russia Italy and Spain Citations arranged under chronological headings Entry gives bibliographical information topical words and summary References also listed under 39 topical words     Library of Congress Catalog Library of Congress, 1974-10 A cumulative list of works represented by Library of Congress printed cards     Routledge Library Editions: Literature and Sexuality Various Authors, 2021-02-25 This set brings together a collection of classic out of print works that offer some surprising new takes on the theme of sexuality in literature Whether examining new spaces by unrepresented women writers of colour or looking afresh at gay writings of the early twentieth century this set presents a thought provoking take on the subject and as such is an essential reference source     Psychological Perspectives on Sexual Problems Jane M. Ussher, Christine D. Baker, 1993 The regulation of sexuality and the careful distinction between normality and abnormality has a long and checkered history with psychologists at the forefront of this debate Yet any attempt to identify a simple and unitary psychology of sexual problems inevitably becomes the focus of a great deal of criticism particularly from the disciplines of psychoanalysis and feminism The aim of Psychological Perspectives on Sexual Problems is both to provoke and to promote a glasnost between those whose work directly involves research and intervention in the arena of sexuality and those who would deconstruct criticize and reframe any understanding of sexuality outside of the dominant discourse of psychology The contributors examine the psychological theories associated with sexuality and sexual problems and at the same time present examples of positive and empowering practice with groups of individuals whose sexuality is often ignored or marginalized These individuals include those with learning difficulties or physical disabilities sex offenders gay men with AIDS and women with eating disorders Psychological Perspectives on Sexual Problems is the first text to integrate critical theory and current clinical practice in an attempt to arrive at a revolutionary approach to the psychology of sexuality     **Catalog of Copyright Entries.
