Koeltl, 1999 to Classical Legal Rhetoric Michael H. Frost, 2017-03-02 Lawyers law students and their teachers all too frequently overlook the most comprehensive adaptable and practical analysis of legal discourse ever devised the classical art of rhetoric Classical analysis of legal reasoning methods and strategy is the foundation and source for most modern theories on the topic Beginning with Aristotle's Rhetoric and culminating with Cicero's De Oratore and Quintilian's Institutio Oratoria Greek and Roman rhetoricians created a clear experience based theoretical framework for analyzing legal discourse This book is the first to systematically examine the connections between classical rhetoric and modern legal discourse It traces the history of legal rhetoric from the classical period to the present day and shows how modern theorists have unknowingly benefited from the classical works It also applies classical rhetorical principles to modern appellate briefs and judicial opinions to demonstrate how a greater familiarity with the classical sources can deepen our understanding of legal reasoning The **Jury Summation as Speech Genre** Bettyruth Walter, 1988-01-01 The American courtroom trial is a speech situation Everything occurs through the spoken word The summation as speech event embedded within the trial which is the chronological and psychological culmination of it is one of the few opportunities for the lawyer to communicate directly with jurors But the speech genre summation involves preliminaries as well as the event itself and it can affect the aftermath of the trial for the decisions of the jurors may be influenced by this discourse This ethnographic study considers the summation from three perspectives that of the producer from the point of view of the ethnographer who observed and analyzed sixty six actual summations and from that of the receivers of the speech event who must act upon it Information was obtained from post deliberation questionnaires completed by 223 jurors plus 35 alternate jurors
