Peru's APRA Parties Politics And The Elusive Quest For Democracy:

Peru's APRA Carol Graham, 2023 Graham examines the evolution of APRA from its origins in the 1930s through its tenure in government exploring the consensus that the party built and the reasons for its breakdown Political Parties and Democracy Larry Diamond, Richard Gunther, 2001-12-21 Political parties are one of the core institutions of democracy But in democracies around the world rich and poor Western and non Western there is growing evidence of low or declining public confidence in parties In membership organization and popular involvement and commitment political parties are not what they used to be But are they in decline or are they simply changing their forms and functions In contrast to authors of most previous works on political parties which tend to focus exclusively on long established Western democracies the contributors to this volume cover many regions of the world Theoretically they consider the essential functions that political parties perform in democracy and the different types of parties Historically they trace the emergence of parties in Western democracies and the transformation of party cleavage in recent decades Empirically they analyze the changing character of parties and party systems in postcommunist Europe Latin America and five individual countries that have witnessed significant change Italy Japan Taiwan India and Turkey As the authors show political parties are now only one of many vehicles for the representation of interests but they remain essential for recruiting leaders structuring electoral choice and organizing government To the extent that parties are weak and discredited the health of democracy will be seriously impaired Contributors Larry Diamond and Richard Gunther Hans Daalder Philippe Schmitter Seymour Martin Lipset Giovanni Sartori Bradley Richardson Herbert Kitschelt Michael Coppedge Ergun Ozbudun Yun han Chu Leonardo Morlino Ashutosh Varshney and E Sridharan Stefano Bartolini and Peter Mair **Democracy without Parties in Peru** Omar Sanchez-Sibony, 2022-06-06 This book provides an in depth look into key political dynamics that obtain in a democracy without parties offering a window into political undercurrents increasingly in evidence throughout the Latin American region where political parties are withering For the past three decades Peru has showcased a political universe populated by amateur politicians and the dominance of personalism as the main party voter linkage form The study peruses the post 2000 evolution of some of the key Peruvian electoral vehicles and classifies the partisan universe as a party non system There are several elements endogenous to personalist electoral vehicles that perpetuate partylessness contributing to the absence of party building The book also examines electoral dynamics in partyless settings centrally shaped by effective electoral supply personal brands contingency and iterated rounds of strategic voting calculi Given the scarcity of information electoral vehicles provide as well as the enormously complex political environment Peruvian citizens inhabit personal brands provide readymade informational shortcuts that simplify the political world The concept of negative legitimacy environments is furnished to capture political settings comprised of supermajorities of floating voters pervasive negative political identities and a generic citizen preference for newcomers and political outsiders Such environments increasingly present throughout

Latin America produce several deleterious effects including high political uncertainty incumbency disadvantage and political time compression Peru's democracy without parties fails to deliver essential democratic functions including governability responsiveness horizontal and vertical accountability or democratic representation among others

Deepening

Democracy Latin America Kurt Von Mettenheim, James Malloy, 1998-07-15 Ten leading scholars of the region present original research to argue that theories of democratic consolidation or institutionalization are too often Euro and ethno centric that simple appeals for greater participation are insufficient and that recent critics of populism patronage and presidentialism fail to capture new opportunities for democracies in the region

Forging Latin America

Russell Crandall, 2023-08-29 A sweeping yet intimate exploration of Latin America's political history Forging Latin America profiles fifty two of the region's most influential figures who for better or worse have shaped its character and destiny from the Spanish Conquest to the present day This polyphonic gathering of dictators reformers revolutionaries artists writers priests and activists not only foregrounds the major political developments since 1492 but also spotlights lesser known stories of hope change and resistance from the ground up Along the way the book shows how ideas can bring down a government or build one how power corrodes ideology until the perpetuation of power becomes an ideology in and of itself and how the intellectual heritage of Latin America has been used disputed and reinvented over five astonishing centuries

Case

Studies in Latin American Political Economy Julia Buxton, Nicola Phillips, 1999 Covering the period from the re establishment of the Irish militia during the Crimean War until the disbandment of the Ulster Defence Regiment in 1992 this book examines the Irish amateur military tradition within the British Army distinctive from a British amateur military tradition Irish men and women of both religions and political persuasions made a significant contribution to these forces and in so doing played an important role within the British Empire whilst also providing a crucial link between the army and Irish society Utilising new source material this book demonstrates the complex nature of Irish involvement with British institutions and its Empire It argues that within this unique tradition two divergent Protestant and Catholic traditions emerged and membership of these organisations was used as a means of social mobility for political patronage and crucially to demonstrate loyalty to Britain and its Empire

Paramilitary Groups and the State under Globalization

Jasmin Hristov, Jeb Sprague, Aaron Tauss, 2021-12-30 This book examines the phenomenon of paramilitarism across Latin America and the Caribbean Eastern Europe Africa and Asia offering a nuanced perspective while identifying key patterns in the way paramilitary violence is implicated in processes of capital accumulation state building and the reproduction of social power Paramilitary violence a key modality of coercion in the era of globalization has been pursued by states and dominant classes in the Global South to reproduce or extend their power over subaltern groups Paramilitary groups are responsible for atrocities including extrajudicial executions disappearances torture rape and forced displacement The book integrates empirically rich investigations into an emergent theory of political violence capturing the relationship between parastatal

armed actors capital and the state The analysis sheds light on globally relevant phenomena such as the end of the Cold War the shifting role of US hegemony and evolving nature of the nation state The book is suitable for academics graduate and upper year undergraduate students and policy makers in development human rights and violence prevention Given its interdisciplinary subject it appeals to scholars from a wide range of disciplines including political science sociology political anthropology development peace and conflict security and terrorism international relations and global studies *Politics in Venezuela* Michael Derham,2010 Hugo Chavez is heavily criticised by the international political class and the press and media He is dismissed academically as a populist and dismissed more generally as a rabble rouser However a lot of the criticism and reporting lacks context

Safety Nets, Politics, and the Poor Carol L. Graham,2010-12-01 Countries worldwide are attempting difficult transitions from state planned to market economies Most of these countries have fragile democratic regimes that are threatened by the high social and political costs of reform Governments and ultimately societies have to make hard choices about allocating scarce public resources as they undergo these transitions A central often controversial and most poignant question is how to protect vulnerable groups and the poor What compensation what safety net will be provided for them Carol Graham argues that safety nets can provide an environment in which economic reform is more politically sustainable and poverty can be permanently reduced However these two objectives frequently involve trade offs as vocal and organized opponents of reform for obvious political reasons often concern governments far more than the poor These organized and less vulnerable groups tend to place heavy demands on the scarce resources available to governments at times of economic crisis Governments that fail to address the social costs of reform meanwhile often face popular opposition that jeopardizes or even derails the entire market transition the results of the September 1993 elections in Poland are a case in point The author examines these trade offs in detail with a particular focus on how political and institutional contexts affect the kinds of safety nets that are implemented For example reaching the poor and vulnerable with safety nets tends to be more difficult in closed party systems such as in Senegal where entrenched interest groups have a monopoly on state benefits In contrast dramatic political change or rapid implementation of economic reform undermines the influence of such groups and therefore can provide unique political opportunities to redirect resources to the poor as in the case of Bolivia and Zambia Rather than focus their efforts on organized interest groups such as public sector

Comparing Apples and Mangoes S. N. Sangmpam,2012-02-01 Two competing approaches currently dominate the debate about the state and institutions in developing countries The first projects a picture of transnational vertical uniformity descending from the West to developing countries and views liberal democracy as the only game in town In this view the state and institutions resemble or ought to resemble those in the West The second by contrast explains political outcomes by local idiosyncrasies and regional variations in institutions In his original approach to third world politics S N Sangmpam challenges both views by uncovering important similarities in the political features of developing countries He shows that they share political

behaviors and features unaccounted for in either local idiosyncratic or liberal democratic theories These behaviors converge toward a common property overpoliticization that defies political compromise leading to an overpoliticized state Sangmpam provides a wealth of empirical historical and quantitative evidence from Latin America Asia Africa and the West and demonstrates the overpoliticized state constitutes the cornerstone of an integrated theory of politics in developing countries

Shining Path Lewis Taylor,2006-06-01 The Insurrection mounted by the Sendero Luminoso or Shining Path guerrilla movement sparked one of the most vicious civil wars in recent Latin American history in which an estimated 69 000 people lost their lives A high proportion of the victims comprised rural people from Peru s Andean mountains Shining Path Guerrilla War in Peru s Northern Highlands examines the origins and trajectory of the conflict in the Cajabamba Huamachuco region located in the country s northern sierra a hitherto ignored theatre of conflict in Peru s recent civil war Central to the book is the changing relations between guerrilla fighters and the rural population How and to what extent did the Shining Path succeed in building popular support What tensions arose between the rebels and the civilians The book also surveys the literature on Shining Path dealing with the Ayacucho and other departments comparing and contrasting developments elsewhere in the north Taylor traces the area s recent agrarian history assessing the impact of land reform and the emergence of radical peasant organizations in the decade preceding the initiation of armed activity Using interview data and reports drafted by the security forces Taylor reveals the the state responses to this violent and bloody insurrection Expertly written and extremely accessible Shining Path Guerrilla War in Peru s Northern Highlands provides a comprehensive analysis of a tragically ignored chapter in Peru s civil war The Little Red Book: Quotations from Chairman Mao Tse-tung

Mao Tse-tung,2024-03-17 Quotations from Chairman Mao Tse tung is a book of statements from speeches and writings by Mao Zedong Mao Tse tung the former Chairman of the Communist Party of China published from 1964 to about 1976 and widely distributed during the Cultural Revolution The most popular versions were printed in small sizes that could be easily carried and were bound in bright red covers becoming commonly known in the West as the Little Red Book Quotations from Chairman Mao Tse tung was originally compiled by an office of the PLA Daily People s Liberation Army Daily as an inspirational political and military document The initial publication covered 23 topics with 200 selected quotations by the Chairman of the Chinese Communist Party and was entitled 200 Quotations from Chairman Mao It was first given to delegates of a conference on 5 January 1964 who were asked to comment on it In response to the views of the deputies and compilers of the book the work was expanded to address 25 topics with 267 quotations and the title was changed simply to Quotations from Chairman Mao Tse Tung **Buying Audiences** Paula Muñoz Chirinos,2019 Develops a new theory of how politicians campaign and deploy electoral clientelism in weak party systems *Warriors and Scribes* James Dunkerley,2000 Anglo America has possessed neither a uniform imperialist vocation nor the consistent capacity to impose it Presidential Leadership in the Americas since Independence Guy Burton,Ted Goertzel,2016-10-05 What is presidential leadership and

why have some presidents been considered great or rather transformational while others are not What are the drivers which distinguish these presidents from the rest Presidential Leadership in the Americas since Independence answers these questions through a systematic study of leadership across the Americas over 200 years from independence to the present day Having surveyed who the most cited presidents are in the Americas Guy Burton and Ted Goertzel examine the experience of presidents from across the western hemisphere the US Argentina Brazil Chile Colombia Mexico Peru and Venezuela They study the relationship between these men and women s actions within the constraints they faced during four political periods independence national consolidation during the nineteenth century state building from the late nineteenth to mid twentieth centuries and neoliberalism since the 1970s 80s The most transformational presidents are found to be those who are not only able to innovate and build new political consensus at a time of crisis but also consolidate them so that the reforms becoming lasting and extending beyond an individual president s own political even biological lifetime **Political**

Violence and the Authoritarian State in Peru J. Burt, 2016-04-30 The Shining Path was one of the most brutal insurgencies ever seen in the Western Hemisphere Political Violence and the Authoritarian State in Peru explores the devastating effects of insurgent violence and the state s brutal counterinsurgency methods on Peruvian civil society The Poetic and Real Worlds of César Vallejo (1892-1938) R. K. Britton, 2015-09-28 The world renowned Peruvian poet C sar Vallejo 1892 1938 was also a journalist essayist novelist and would be dramatist The study of his life and work has encountered problems since the 1950s stemming from the fact that half of his writing was published posthumously under editorship of doubtful accuracy The matter is further complicated in that his non poetic work has been neglected in favour of his verse A Struggle between Art and Politics reviews the evidence literary and historical now reliably to hand and assesses the often conflicting body of opinion his work has generated Three essential questions are pertinent Where should Vallejo be placed in the canon of twentieth century modernism What effect did his mid life conversion to Communism have on his writing How should his prose fiction journalism and essays be assessed in relation to his poetry There are few writers whose literary output follows the twists and turns of their lives more closely than C sar Vallejo s This new comparative study maps his career onto the cultural social political and historical backdrop to his life in Peru France Spain and Russia and analyses his writings in the light of his life circumstances Vallejo s journey from Peru the cultural periphery to the centre of inter war Paris his experience of European capitalism during the Depression and the confrontation of Communism and Fascism ultimately played out in the Spanish Civil War forced him to wage a personal struggle to reconcile art with life and politics This challenge is fought out in different ways in his various writings but nowhere more movingly passionately and humanely than in his posthumous poetry **Reinventing the State** Carol Wise, 2009-12-14 The political economic history of Latin America in the post World War II era has largely been one of underachievement and opportunities lost This all changed with the wave of market reforms that were implemented in the 1990s However the precise role of these reforms as an agent of

change is still hotly debated This in depth analysis of the Peruvian case argues for an explanation that treats institutional innovation and state reconstruction as necessary conditions for the apparent success of the market in Latin America Exploring how state intervention has been both the cause of Latin America s economic downfall in the 1980s and the solution to its recovery Reinventing the State analyzes three main phases of state intervention the developmentalism that lasted until 1982 the state in retreat of the 1980s and the streamlined state of the 1990s Through a comprehensive examination of the Peruvian experience the book explains the country s impressive turnaround from the standpoint of institutional modernization and internal state reform Written for a broad academic audience the public policy community and the private sector this book is also meant as a quick primer for any journalist consultant or private sector analyst in need of an overview of the region s market reform effort and how it has played out in Peru Carol Wise is Associate Professor School of International Relations University of Southern California

Economies in Transition Wing Thye Woo, Stephen Parker, Jeffrey Sachs, 1997 In 1994 the Asia Foundation s Center for Asian Pacific Affairs began a two year project to compare the transitions of selected East European and Asian economies from centrally planned communist systems to market economies The goal was to shed light on the transition process through an understanding of the underlying economic and institutional dynamics This volume is the culmination of that project The volume is divided into three parts In the first part an overview the editors review the authors findings and highlight major themes The second part looks closely at the transition process in seven Asian and East European economies China Vietnam Mongolia Russia Poland Hungary and the Czech Republic The third part contains six comparative studies that explore key elements of the transition process The papers incorporate feedback obtained from meetings with cabinet members and high government officials conferences and seminars in Prague Ho Chi Minh City Hanoi Beijing Ulan Bator and Washington D C Contributors Leszek Balcerowicz Barbara Blaszczyk Peter Boone Yuan Zheng Cao Bruce Comer Marek Dabrowski Georges de Menil Daniel C Esty Gang Fan Boris Federov Roman Frydman Carol Graham Stephen Parker Andrzej Rapaczynski James Riedel Jeffrey D Sachs Baavaa Tarvaa Vinod Thomas Gavin Tritt Adiya Tsend Enkhbold Tsendjav Joel Turkewitz Narantsetseg Unenburen Yan Wang Wing Thye Woo
