**In the Shadow of the Virgin** Gretchen D. Starr-LeBeau, 2008-09-07 On June 11 1485 in the pilgrimage town of Guadalupe the Holy Office of the Inquisition executed Alonso de Paredes a converted Jew who posed an economic and political threat to the town's powerful friars as a heretic Wedding engrossing narratives of Paredes and other figures with astute historical analysis this finely wrought study reconsiders the relationship between religious identity and political authority in late Medieval and early modern Spain Gretchen Starr LeBeau concentrates on the Inquisition's handling of conversos converted Jews and their descendants in Guadalupe taking religious identity to be a complex phenomenon that was constantly reimagined and reconstructed in light of changing personal circumstances and larger events She demonstrates that the Inquisition reified the ambiguous religious identities of conversos by defining them as devout or more often heretical And she argues that political figures used this definitional power of the Inquisition to control local populations and to increase their own authority In the Shadow of the Virgin is unique in pointing out that the power of the Inquisition came from the collective participation of witnesses accusers and even sometimes its victims For the first time it draws the connection between the malleability of religious identity and the increase in early modern political

authority It shows that from the earliest days of the modern Spanish Inquisition the Inquisition reflected the political struggles and collective religious and cultural anxieties of those who were drawn into participating in it **A History of Continental Criminal Procedure, with Special Reference to France** Adhémar Esmein,1913 **Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 24 (2008)** Inter-American Commission on Human Rights,2022-08-22 The print edition is available as a set of two volumes 9789004249134
