Pet Food Tropical Apparitions:

Pet Food & Tropical Apparitions Jessica Tarahata Hagedorn, 1981 *Tricksters and Cosmopolitans* Rei Magosaki, 2016-08-01 *Tricksters and Cosmopolitans* is the first sustained exploration into the history of cross cultural collaborations between Asian American writers and their non Asian American editors and publishers The volume focuses on the literary production of the cosmopolitan subject featuring the writers Sui Sin Far Jessica Hagedorn Karen Tei Yamashita Monique Truong and Min Jin Lee The newly imagined cosmopolitan subject that emerges from their works dramatically reconfigured Asian American female subjectivity in metropolitan space with a kind of fluidity and ease never before seen But as Rei Magosaki shows these narratives also invariably expose the problematic side of this figure which also serves to perpetuate exploitative structures of Western imperialism and its legacies in late capitalism Arguing that the actual establishment of such a critical standpoint on imperialism and globalization required the expansive and internationalist vision of editors who supported cultivated and promoted these works *Tricksters and Cosmopolitans* reveals the negotiations between these authors and their publishers and between the shared investment in both politics and aesthetics that influenced the narrative structure of key works in the Asian American literary canon

[The Chronology of American Literature](#) Daniel S. Burt,2004 If you are looking to brush up on your literary knowledge check a favorite author s work or see a year s bestsellers at a glance The Chronology of American Literature is the perfect resource

At once an authoritative reference and an ideal browser's guide this book outlines the indispensable information in America's rich literary past from major publications to lesser known gems while also identifying larger trends along the literary timeline. Who wrote the first published book in America? When did Edgar Allan Poe achieve notoriety as a mystery writer? What was Hemingway's breakout title? With more than 8,000 works by 5,000 authors, *The Chronology* makes it easy to find answers to these questions and more. Authors and their works are grouped within each year by category: fiction and nonfiction, poems, drama, literary criticism, and publishing events. Short, concise entries describe an author's major works for a particular year while placing them within the larger context of that writer's career. The result is a fascinating glimpse into the evolution of some of America's most prominent writers. Perhaps most important, *The Chronology* offers an invaluable line through our literary past, tying literature to the American experience: war and peace, boom and bust, and reaction to social change. You'll find everything here, from Benjamin Franklin's *Experiments and Observations on Electricity* to Davy Crockett's first memoir, from Thoreau's *Civil Disobedience* to Edith Wharton's *Ethan Frome*, from meditations by James Weldon Johnson and James Agee to poetry by Elizabeth Bishop. Also included here are seminal works by authors such as Rachel Carson, Toni Morrison, John Updike, and Arthur Schlesinger Jr. Lavishly illustrated and rounded out with handy bestseller lists throughout the twentieth century, lists of literary awards and prizes, and authors' birth and death dates, *The Chronology of American Literature* belongs on the shelf of every bibliophile and literary enthusiast. It is the essential link to our literary past and present.

Modern American Counter Writing A. Robert Lee, 2010-01-21. The dissident voice in US culture might almost be said to have been born with the territory. Its span runs from Roger Williams to Thoreau, Anne Bradstreet to Gertrude Stein, Ambrose Bierce to the New Journalism, The Beats to the recent Bad Subjects cyber crowd. This new study analyses three recent literary tranches in the tradition: a re-envisioning of the whole Beat web or circuit, a consortium of postwar outrider voices, Hunter Thompson to Frank Chin, Joan Didion to Kathy Acker, and a latest purview of what all too casually has been designated ethnic writing. The aim is to set up and explore these different counter seams of modern American writing, those which sit outside or at least awkwardly within agreed literary canons.
