Pet Owners Guide To The Yorkshire Terrier:

Pet Owner's Guide to the Yorkshire Terrier Douglas McKay, Douglas Mackay, 1994 **A New Owner's Guide to Yorkshire Terriers** Janet Jackson, 1996 The books in this series contain the latest and best information about each breed covering everything from the history of the breed choice and selection through to grooming feeding training and showing

Yorkshire Terrier Robert Killick, 2003 This guide is illustrated with step by step photoguides to training It is divided into sections you and your dog breed characteristics and behaviour caring for your dog practical information on feeding training grooming exercising breeding showing and healthcare and first aid The Yorkshire Terrier Marion Lane, 1996-08-06

Contains information on feeding grooming housing and health and advises the pet owner on a total care plan for their dog

New Owner's Guide to Yorkshire Terriers Linda F, 2012-03-02 ABOUT THE BOOK Yorkshire Terriers are majestic little dogs proud and intelligent with flowing locks and human like hair With their spunky attitude that belies their size the Yorkie is a popular choice among dog lovers The Yorkshire Terrier which originally hails from the English city of Yorkshire was a working class dog primarily used as rat catchers in nineteenth century clothing mills Later on the dog left the realm of the working classes to become a companion pet for high society families in Europe The breed was first recognized by the American Kennel Club in 1885 EXCERPT FROM THE BOOK To socialize your Yorkshire Terrier effectively you should start by introducing him to as many different people as possible Encourage gentle play and petting Make careful choices a single well behaved child will offer your dog a more positive experience than a group of noisy ones will Next on the agenda are the sights sounds and smells of life outside Try and incorporate a variety of environments into your daily walk Take him to the park down a busy street and pay particular care to visit places that you would normally frequent it is imperative that he becomes used to a wide variety of locations As the weeks pass you can build upon his social skills by introducing more and more stimuli Yorkshire Terriers can find it difficult to get along with other animals so you should tackle this potential issue as soon as his inoculations have been administered Puppy training classes are a great idea but you should also attempt to introduce your dog to cats and rabbits from an early age to avoid problems later Your Yorkshire Terrier and Children All things considered the Yorkshire Terrier is a friendly breed of dog although special care should be taken if you have children Your dog will have been introduced to children of all ages as part of your socialization efforts but it is a different thing to have a child meet a dog once to having children and dogs share your home on a full time basis Yorkshire Terriers are one of the smallest breeds of dog in the world and can be extremely vulnerable to rough play They are prone to snap if physically hurt so the majority of quality breeders will not allow a Yorkshire Terrier to be placed with a family that has children under seven years old Buy a copy to keep reading **The Complete Idiot's Guide to Yorkshire Terriers** Liz Palika, 2002-12 The Complete Idiot's Guide to Yorkshire Terriers will cover everything a new or perspective Yorkie owner would need to know including deciding whether or not a Yorkie is right for you and vice versa Teaches readers the history of the breed its place

among its other terrier cousins and how to find a reputable breeder Includes how to acclimate your new Yorkie to your home understanding Yorkie behavior housetraining and other household rules and managing your pet s nutrition and health
