Human Nature is the fuel of violent conflict The War Hotel looks at how we get aroused and how we get silenced into violent conflict We are pulled apart in the name of justice and loyalty Past trauma is triggered into a replay Out of love and longing to step beyond the ordinary world we sacrifice ourselves and others Dehumanizing the enemy disinformation torture stirring fear in order to crack down these terror tactics too are based in psychology The manipulation of psychological dynamics to create violent conflict is distressing But if our emotions and behaviour are the fuel then our awareness can impact world events There is something truly hopeful here Awareness makes a difference Examples draw particularly from the author's work in the Balkans Other examples include Nazi Germany Rwanda the Israeli Palestinian conflict Communism and its fall in Europe South Africa the treatment of Native Americans and African Americans in the USA Vietnam and the war on terror

2 Corinthians, Volume 40 Ralph P. Martin, 2017-10-10 Pastors and students will appreciate this new edition with its up to date bibliography and discussion of pertinent issues In this full revision and update of the book of Second Corinthians Dr Ralph P Martin addresses the scholarly questions about the text of the epistle and the significance of Paul's thought for Christian living and ministry In a penetrating analysis of Paul's responses to the various crises within the Corinthian congregation Dr Martin gives insight into the particular problems of Christianity as expressed in the hedonistic cosmopolitan setting of Corinth He shows how Paul's attempt to clearly distinguish the gospel from Hellenistic Judaism and Hellenistic Jewish Christian ideology results in a moving statement of the Christian message Rather than the theology of glory prevalent in Corinth Paul articulates his theology of the Cross as a theology of weakness of servanthood and ministry What was at stake at Corinth says Dr Martin was nothing less than the essence of the kerygma as expressed in the way of the cross for proclamation and daily living New sections on the Collection and Rhetoric have been added and the issues of Composition and Social Setting of the letter have been included along with topics such as the Spirit the Opponents Paul's Theology and the Resurrection in this epistle The Word Biblical Commentary series offers the best in critical scholarship firmly committed to the authority of Scripture as divine revelation It is perfect for scholars students of the Bible ministers and anyone who wants a theological understanding of Scripture

Childhood Stress, Trauma and Synapse Loss Maxwell R Bennett, 2024-07-13 This book is concerned with the extent to which childhood stress and trauma lead in relative maturity to major depression MDD and post traumatic stress disorder PTSD The loss of synapses in the cortex accompanying childhood maltreatment is identified as a principal mechanism for developing these disorders Considerable attention is given to identifying interventions that will restore lost synapses so ameliorating these mental illnesses The book describes the emergence of abnormal psychology in youth and adult life following childhood maltreatment Of considerable immediate concern is the extent to which such maltreatment significantly enhances the tendency to suicide and suicidality Next consideration is given as to how personality disorders such as obsessive compulsive disorder the very dangerous borderline personality disorder and the publicly offensive narcissistic personality disorder arise from childhood maltreatment The

classification or nosology of mental and personality disorders as well as the principal psychoanalytic approaches available for their treatment are sketched together with recent attempts to use novel constructs that bridge between symptoms based on patients behavior and self descriptions Recently new techniques have been developed for brain imaging and non invasive and localized brain stimulation These show that nodes of the distributed brain network whose malfunction is closely related to major depressive disorders are likely to differ in their importance from patient to patient Wonderfully so called closed loop stimulation techniques are now available for automatically adjusting the activity of individual nodes in individual patients relieving them of their major depression The results of our research and that of others using magnetic resonance imaging of mature patients that have been maltreated as children have been to identify the nodes that have lost gray matter We have shown that this is likely due to the loss of synapses in these nodes Finally the central question of how synapses may be restored in these nodes to ameliorate major depressive disorders post traumatic stress disorder and suicidality is considered emphasizing the recent revolutionary discovery that the psychedelic ketamine restores synapses and has a therapeutic effect on mental health

Marta of Muscovy Phil Stong, 2015-07-03 The life of Catherine I Empress of Russia was said by Voltaire to be nearly as extraordinary as that of Peter the Great himself Although there are no documents to confirm the date or place of her birth it is thought that Marta of Muscovy came from Lithuanian stock and was one of four children of a Catholic peasant Samuel Skavronski When her parents died of the plague while she was still a young child the family scattered and Marta was raised by a Lutheran pastor and educator Johann Ernst Gluck who was the first to translate the Bible into Latvian As a member of the Gluck family Marta was never taught to read or write but was raised to do what all peasant women of that era were born to do laundry cleaning caring for children tending and feeding animals and cooking In these as in all things Marta was not ordinary Energetic compassionate charming and wise Marta gradually rose from housekeeper of a rectory to housekeeper of a nation Catherine met Peter through one of his friends and soon became his mistress Underneath her gentle exterior was an astute woman with penetrating insights and she understood his character a man rent by a thousand threats loyalties hatreds fears friendships and genius not common in any situation or in any character and over time he became increasingly dependent upon her She traveled everywhere with him campaigning by his side and sharing all the hardships of the Tsar s life Challenged by the powerful forces that were changing the face of Europe together Catherine and Peter rode the cusp to greatness Catherine and Peter later married secretly and had twelve children two of whom survived into adulthood Their daughter Elizabeth became Empress Elizabeth I and regularly whipped Frederick the Great and all of the tall Cossacks in her own army When Peter died without naming an heir Catherine s candidacy for the throne was supported by the guards and by several powerful and important individuals As a result Catherine was almost immediately proclaimed Empress of Russia Marta of Muscovy is an impressive biography that pays tribute not just to Marta but to the people and spirit of Russia
