Zuidema The Eucharistic Debate in Tudor England Amanda Wrenn Allen,2018-08-15 In 1550 51 English Archbishop of Canterbury Thomas Cranmer engaged in a debate with Bishop Stephen Gardiner Archbishop Cranmer was asserting a new Reformed view for England's Eucharist theology but he faced opposition from England's leading traditional theologian Gardiner Gardiner remained faithful to the traditional doctrine of transubstantiation while Cranmer was formulating a Spiritual Presence theology This book analyzes the debate asking how both Cranmer and Gardiner arrived at opposing theologies despite being involved similarly in English religion and politics To answer the question the book examines each author's use of scripture continental Reformers and early Church Fathers The book also argues that the personal and political context surrounding the two men shaped the nature of the theological debate While trying to push Edward VI's England toward greater Reformation Cranmer faced continued opposition from Gardiner who was imprisoned throughout Edward's reign Gardiner sought release from prison and a return to authority while Cranmer sought validation for his new theology and its associated legislation To counter Gardiner's challenge Cranmer had to create a clear Eucharistic theology This political and personal climate therefore forced Cranmer to create England's Spiritual Presence theology by 1552 that was adopted in the 1558 Elizabethan Settlement and Anglican Church It was this debate that set Anglicanism for England

Simut, 2024-12-17 This book is for anyone who has an interest in the theology of the Reformation irrespective of one's prior training in the field Undergraduate students and laypersons will find it particularly helpful because it does not require any previous acquaintance with Reformation doctrines All those who want to become minimally acquainted with Reformation thought would therefore find it useful to read or perhaps only browse because the chapters can be approached individually which means that they can read in any order Those who want to delve a little deeper into Reformation issues have a selection of over four hundred sources in the bibliography that can be consulted for further reference

Defending the Faith Angela Ranson, André A. Gazal, Sarah Bastow, 2019-03-29 This volume brings together a diverse group of Reformation scholars to examine the life work and enduring significance of John Jewel bishop of Salisbury from 1560 to 1571 A theologian and scholar who worked with early reformers in England such as Peter Martyr Vermigli Martin Bucer and Thomas Cranmer Jewel had a long lasting influence over religious culture and identity The essays included in this book shed light on often neglected aspects of Jewel's work as well as his standing in Elizabethan culture not only as a priest but as a leader whose work as a polemicist and apologist played an important role in establishing the authority and legitimacy of the Elizabethan Church of England The contributors also place Jewel in the wider context of gender studies material culture and social history With its inclusion of a short biography of Jewel's early life and a complete list of his works published between 1560 and 1640 *Defending the Faith* is a fresh and robust look at an important Reformation figure who was recognized as a champion of the English Church both by his enemies and by his fellow reformers In addition to the editors contributors to this volume are Andrew Atherstone Ian Atherton Paul Dominiak Alice Ferron Paul A Hartog Torrance Kirby W Bradford Littlejohn Aislinn Muller Joshua Rodda and Lucy Wooding

Natural Law and the Two Kingdoms David VanDrunen, 2010 Conventional scholarship holds that the theology and social ethics of the Reformed tradition stand at odds with concepts of natural law and the two kingdoms But David VanDrunen here challenges that status quo through his careful thoroughgoing exploration of the development of Reformed social thought from the Reformation to the present from publisher description

John Jewel and the English National Church Gary W. Jenkins, 2016-05-06 John Jewel 1522-1571 has long been regarded as one of the key figures in the shaping of the Anglican Church A Marian exile he returned to England upon the accession of Elizabeth I and was appointed bishop of Salisbury in 1560 and wrote his famous *Apologia Ecclesiae Anglicanae* two years later The most recent monographs on Jewel now over forty years old focus largely on his theology casting him as deft scholar adept humanist precursor to Hooker arbiter of Anglican identity and seminal mind in the formation of Anglicanism Yet in light of modern research it is clear that much of this does not stand up to closer examination In this work Gary Jenkins argues that far from serving as the constructor of a positive Anglican identity Jewel's real

contribution pertains to the genesis of its divided and schizophrenic nature Drawing on a variety of sources and scholarship he paints a picture not of a theologian and humanist but an orator and rhetorician who persistently breached the rules of logic and the canons of Renaissance humanism in an effort to claim polemical victory over his traditionalist opponents such as Thomas Harding By taking such an iconoclastic approach to Jewel this work not only offers a radical reinterpretation of the man but of the Church he did so much to shape It provides a vivid insight into the intent and ends of Jewel with respect to what he saw the Church of England under the Elizabethan settlement to be as well as into the unintended consequences of his work In so doing it demonstrates how he used his Patristic sources often uncritically and faultily as foils against his theological interlocutors and without the least intention of creating a coherent theological system

The Formation of Clerical And Confessional Identities in Early Modern Europe Wim Janse, Barbara Pitkin, 2006 This rich volume by an interdisciplinary group of American and European scholars offers an innovative portrait of the complex formation of clerical and confessional identities within the context of the radically changed religious and political situations in sixteenth and seventeenth century Europe

Worship by Faith Alone Zac Hicks, 2023-02-28 What does gospel centered worship look like for today's church Scholar worship leader and songwriter Zac Hicks contends that this idea can be found in Thomas Cranmer's theology of worship which was shaped by the Protestant principle of justification by faith alone and reflected in his 1552 edition of the Book of Common Prayer

Unity in Diversity Randall J. Pederson, 2014-08-14 Unity in Diversity presents a fresh appraisal of the vibrant and diverse culture of Stuart Puritanism provides a historiographical and historical survey of current issues within Puritanism critiques notions of Puritanisms which tend to fragment the phenomenon and introduces *unitas within diversitas* within three divergent Puritans John Downname Francis Rous and Tobias Crisp This study draws on insights from these three figures to propose that seventeenth century English Puritanism should be thought of both in terms of *Familien hnlichkeit* in which there are strong theological and social resemblances across Puritans of divergent persuasions and in terms of the greater narrative of the Puritan Reformation which united Puritans in their quest to reform their church and society

A Companion to Paul in the Reformation R. Ward Holder, 2009-04-24 The reception and interpretation of the writings of St Paul in the early modern period forms the subject of this volume from late medieval Paulinism and the beginnings of humanist biblical scholarship and interpretation through the ways that theologians of various confessions considered Paul Beyond the ways that theological voices construed Paul several articles examine how Pauline texts impacted other areas of early modern life such as political thought the regulation of family life and the care of the poor Throughout the volume makes clear the importance of Paul for all of the confessions and denies the confessionalism of previous historiography The chapters written by experts in the field offer a critical overview of current research and introduce the major themes in Pauline interpretation in the Reformation and how they are being interpreted at the start of the 21st century

Henk van den Belt, Klaas-Willem de Jong, Willem van Vlastuin, Christopher B. Brown, Günter Frank, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2022-06-13 At the Synod of Dordrecht 1618 19 the deep questions of justification and faith election and rejection time and eternity grace and free will the individual and the body of Christ Israel and the church the acquisition of salvation through Christ and its application by His Spirit baptism and regeneration and especially the precise relationship between these were at stake These deep questions are addressed in this study Lines are drawn to the historical theological and political context of the time of the synod Patristics and the Middle Ages are not absent nor are the metaphysical questions related to these theological issues Also the church polity of Dordt is discussed especially the roots influences and structures of its church order This volume ends with a hermeneutical reflection on the way we confess the electing God today *God and the Teaching of Theology* Steven Edward Harris, 2019-05-31 Theologians today are facing a crisis of identity Are they members of the academy or the church Is it still possible to be members of both In *God and the Teaching of Theology* Steven Harris argues a way through the impasse by encompassing both church and academy within the umbrella of the divine economy To accomplish this Harris uses St Paul's description of this economy in the opening chapters of his first letter to the Corinthians Through Paul's discussion of wisdom the Spirit and the apostles role in sharing that divine wisdom theologians of the patristic medieval and Reformation eras found a description of their own work as educators they discovered that they too had roles within the same divine economy This book thus offers a rich description of the teaching of theology as part of God's own divine pedagogy stretching from God the teacher himself through the nature of students and teachers of theology to the goal of this pedagogy human salvation in the knowledge of God In addressing the current identity crisis of theology faculties Harris looks backward in order to chart a way forward His book will appeal to academic theologians and to theological and church educators pastors and Christians interested in the relationship between academic study and their faith *Miserere Mei* Clare Costley King'oo, 2012-05-31 In *Miserere Mei* Clare Costley King'oo examines the critical importance of the Penitential Psalms in England between the end of the fourteenth and the beginning of the seventeenth century During this period the Penitential Psalms inspired an enormous amount of creative and intellectual work in addition to being copied and illustrated in Books of Hours and other prayer books they were expounded in commentaries imitated in vernacular translations and paraphrases rendered into lyric poetry and even modified for singing *Miserere Mei* explores these numerous transformations in materiality and genre Combining the resources of close literary analysis with those of the history of the book it reveals not only that the Penitential Psalms lay at the heart of Reformation age debates over the nature of repentance but also and more significantly that they constituted a site of theological political artistic and poetic engagement across the many polarities that are often said to separate late medieval from early modern culture *Miserere Mei* features twenty five illustrations and provides new analyses of works based on the Penitential Psalms by several key writers of the time including

Richard Maidstone Thomas Brampton John Fisher Martin Luther Sir Thomas Wyatt George Gascoigne Sir John Harington and Richard Verstegan It will be of value to anyone interested in the interpretation adaptation and appropriation of biblical literature the development of religious plurality in the West the emergence of modernity and the periodization of Western culture Students and scholars in the fields of literature religion history art history and the history of material texts will find Miserere Mei particularly instructive and compelling Following Zwingli Luca Baschera, Bruce Gordon, 2016-04-15

Following Zwingli explores history scholarship and memory in Reformation Zurich The humanist culture of this city was shaped by a remarkable sodality of scholars many of whom had been associated with Erasmus In creating a new Christian order Zwingli and his colleagues sought biblical historical literary and political models to shape and defend their radical reforms After Zwingli's sudden death the next generation was committed to the institutional and intellectual establishment of the Reformation through ongoing dialogue with the past The essays of this volume examine the immediacy of antiquity early Christianity and the Middle Ages for the Zurich reformers Their reading and appropriation of history was no mere rhetorical exercise or polemical defence The Bible theology church institutions pedagogy and humanist scholarship were the lifeblood of the Reformation But their appropriation depended on the interplay of past ideals with the pressing demands of a sixteenth century reform movement troubled by internal dissention and constantly under attack This book focuses on Zwingli's successors and on their interpretations of the recent and distant past the choices they made and why How those pasts spoke to the present and how they were heard tell us a great deal not only about the distinctive nature of Zurich and Zwinglianism but also about locality history and religious change in the European Reformation *The Inerrant Word* John MacArthur, 2016-03-16

The Bible stands at the heart of the Christian faith but now more than ever many question its historical reliability and relevance for life today In what may become the definitive contemporary evangelical resource on this foundational topic John MacArthur and a host of pastors biblical scholars historians and theologians defend the doctrine of biblical inerrancy from their various disciplines With contributions from evangelical leaders such as Kevin DeYoung R Albert Mohler Jr R C Sproul John Frame and Mark Dever this comprehensive volume makes the case that God's Word is without error and therefore completely reliable The contributors explore key Scripture passages precedents for inerrancy in church history theological responses to common challenges and pastoral applications of the doctrine to everyday life **The Peril and Promise of Christian Liberty** Littlejohn, W. Bradford, 2017

What happens when Christians must obey God rather than human authorities In this book W Bradford Littlejohn addresses that question as he unpacks the magisterial political theological work of Richard Hooker a leading figure in the sixteenth century English Reformation through the lens of Christian liberty Book jacket
