The Cleveland Directory Co.'s Cleveland (Cuyahoga County, Ohio) City Directory ,1881 **Cleveland City Directory** ,1893 **Shem Pete's Alaska** James Kari,James A. Fall,2021-06-15 Shem Pete 1896 1989 a colorful and brilliant raconteur from Susitna Station Alaska left a rich legacy of knowledge about the Upper Cook Inlet Dena ina world Shem was one of the most versatile storytellers and historians in twentieth century Alaska and his lifetime travel map of approximately 13 500 square miles is one of the largest ever documented with this degree of detail anywhere in the world The first two editions of Shem Pete s Alaska contributed much to Dena ina cultural identity and public appreciation of the Dena ina place names network in Upper Cook Inlet This new edition adds nearly thirty new place names to its already extensive source material from Shem Pete and more than fifty other contributors along with many revisions and new annotations The authors provide synopses of Dena ina language and culture and summaries of Dena ina geographic knowledge and they also discuss their methodology for place name research Exhaustively refined over more than three decades Shem Pete s Alaska will remain the essential reference work on the landscape of the Dena ina people of Upper Cook Inlet As a book of ethnogeography Native language materials and linguistic scholarship the extent of its range and influence is unlikely to be surpassed *Peter & Petr* Howard Roffman,2004 Roffman s stylised stories of Bel Ami boys Peter and Petr capture rarely seen moments of natural intimacy Roffman gives his models the space to themselves and the romantic scenes a combination of tenderness and sensuality entice the observer to lose himself in his own dreams **The Cleveland City Directory ...** ,1911 **Biomedical Index to PHS-supported Research** ,1993 **The Dictionary of Art: A to Anckermann** Jane Turner,1996 Online ed provides access to the entire 45 000 plus articles of Grove s Dictionary of art 1996 34 vols with constant additions of new material and updates to the text plus extensive image links [Kidney Disease and Nephrology Index](#) ,1976-07 [The Typology of Reflexives](#) Emma Geniusiené,2011-11-21 Research on language universals and research on linguistic typology are not antagonistic but rather complementary approaches to the same fundamental problem the relationship between the amazing diversity of languages and the profound unity of language Only if the true extent of typological divergence is recognized can universal laws be formulated In recent years it has become more and more evident that a broad range of languages of radically different types must be carefully analyzed before general theories are possible Typological comparison of this kind is now at the centre of linguistic research The series empirical approaches to language typology presents a platform for contributions of all kinds to this rapidly developing field The distinctive feature of the series is its markedly empirical orientation All conclusions to be reached are the result of a deepened study of empirical data General problems are focused on from the perspective of individual languages language families language groups or language samples Special emphasis is given to the analysis of phenomena from little known languages which shed new light on long standing problems in general linguistics The series is open to contributions from different theoretical persuasions It

thus reflects the methodological pluralism that characterizes the present situation Care is taken that all volumes be accessible to every linguist and moreover to every reader specializing in some domain related to human language A deeper understanding of human language in general based on a detailed analysis of typological diversity among individual languages is fundamental for many sciences not only for linguists Therefore this series has proven to be indispensable in every research library be it public or private which has a specialization in language and the language sciences To discuss your book idea or submit a proposal please contact Birgit Sievert
