From the Inside Out Royden Loewen,1999-10-12 Historian Royden Loewen has brought together selections from diaries kept by 21 Mennonites in Canada between 1863 and 1929 some translated from German for the first time By skillfully comparing and contrasting a wide cross section of lives Loewen shows how these diaries often turn the hidden contours of household and community inside out The writers featured were ordinary rural people young women and grandmothers rural preachers and landless householders They include a teenaged boy who immigrated from Russia to Manitoba in 1875 as well as a successful merchant a traveling evangelist and a devout conservative church elder An elderly grandfather recounted the daily circuit of his children s homes while 19 year old Marie Schoeder wrote of her literary aspirations her secret hope that some day she would write things that have a real worth things that are worth printing and things that other folks would love to read and pay for *From the Inside Out* also contrasts diaries from two distinct Mennonite communities in Canada The Swiss American Mennonites in Waterloo County Ontario faced rapid urbanization while the Dutch Russian Mennonites in southern Manitoba maintained their more rural environment The diaries mirror their writers preoccupations with work and weather but they also reveal a community s social structure and round of

activities such as weddings funerals and worship services In the process of diary keeping the writers sought to make sense of a dynamic and often unpredictable world Reading what they chose to record is to learn much about their culture Their writings provide glimpses of their lives their collective mindset and their history as a people **Peter Damian** Saint Peter Damian,2005 *Elucidation of Necromancy Lucidarium Artis Nigromantice Attributed to Peter of Abano* Joseph Peterson,Peter Of Abano,2021-12-21 Since it first appeared over 500 years ago the Elucidation of Necromancy Lucidarium artis Nigromantice and the closely related Heptameron have become essential guides for individuals seeking to call on angels and other supernatural beings for help Countless amulets and pendants have been made with its designs and elements have repeatedly been adapted and incorporated into other manuals of ritual magic In spite of this neither a critical edition nor a translation has been previously published In particular three manuscripts of Lucidarium have come to light recently which provide a clearer and fuller ritual than the printed Heptameron For example they add critical instructions for making the seven angel sigils which have become so widely known Together they bring to life this important current of esoteric tradition showing how it has been repeatedly adapted and used by different individuals for centuries **The Indian Wars** Anton Treuer,2016 From Lakota warrior Crazy Horse to legendary Geronimo of the Apache Wars this sweeping history of the American West tells the story of those who defended Native American lands and the Native American way of life from the 1850s through the end of the nineteenth century This majestic narrative reveals little known tales of Native American history setting each event in the larger historical context of the transformation of the West In elegant National Geographic style hundreds of illustrations maps photographs and artwork lay bare the bloody conflicts between Native Americans and European encroachment Five stirring chapters reveal the five major types of conflicts involving Native Americans the wars of resistance the wars between empires the wars between the tribes the wars of conquest and the wars of survival Within each chapter vivid accounts of each battle tell the gripping stories of the major players the point of combustion and the tragic results Readers will also get to know each tribe as distinct people ranging from the so called civilized tribes to the more aggressive warrior cultures Rarely seen photographs and illustrations paint a vivid portrait of the time featuring such notable figures as Kit Carson and Sitting Bull Filled with original National Geographic maps informative timelines and a complete index this extraordinary book captures one of the most significant moments in American history *John Peter Zenger* Karen Bush Gibson,2020-02-11 John Peter Zenger was a German immigrant who came to the United States at the age of 13 He soon became a printer s apprentice and learned everything he could about printing He published the first independent political newspaper in the American colonies The New York Weekly Journal The British colonial government became angry about articles in the newspaper that criticized the government They demanded to know who wrote the articles Although Zenger wasn t the writer he refused to tell and was arrested for printing seditious libel After eight months in jail a sensational trial was held that found Zenger not guilty John Peter Zenger and his trial influenced freedoms of speech and press that were
