Peter Carey Genesis Of Fame:

Peter Carey Keyvan Allahyari,2023-04-11 Peter Carey *The Making of a Global Novelist* recounts Peter Carey's literary career from his emergence in the Australian literary scene as a contributor to local literary magazines to when he published his fiction exclusively with large conglomerate publishers As Australia's most decorated author for a period nearing half a century Carey's career gives unparalleled insights into the global contemporary publishing and the making of global literary prestige from the periphery and significant cultural currency for Australian literature and culture worldwide Carey's fiction is not only a product of the global dynamic in literary publishing of the last quarter of the twentieth century but also it holds something of its productive tension for Australian writing and writers Allahyari retraces the fraught synthesis of an individual literary proclivity with a growing commercial cultural appetite the coincidence of Carey's career with the conglomeration of global publishing pushed further towards anti elitist popular aesthetics

Peter Carey Graham Huggan,1996 This concise introductory study showcases Carey's storytelling talents Carey's success in Australia and elsewhere owes much to his ability to lure his readers into a world at once familiar and fantastic Carey's fictions are products of the dream factories of twentieth century corporate capitalism He debunks the utopian myths of western consumer culture revealing beneath New Age cant the brutal worship of wealth and power The world of which they speak is less exotic than grotesque but it is not for all that irredeemable Huggan argues that Carey's fictions present both a satire on destructive material values and a defence of the right to change to invent new pasts and futures

Contemporary Australian Literature Nicholas Birns,2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides

sanctuary But today the global perspective has arrived with a vengeance In *Contemporary Australian Literature A World Not Yet Dead* Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella

Catching Butterflies Maria Takolander, 2007 Magical realism was one of the most significant literary developments in the last century It has become synonymous with the seductive fictions of writers such as Gabriel Garcia Marquez Salman Rushdie Toni Morrison Ben Okri Jeanette Winterson and Peter Carey However the genre has also become known for its theoretical indeterminacy In fact exoticist speculation inspired by the links between magical realist literature and the world's cultural or political margins has thrown the category into critical disrepute This book rescues magical realism from misreadings and misdemeanours tracing the historical development of the literary genre and analysing an original spectrum of magical realist texts from Latin America Africa India Canada the US the UK and Australia It asks such questions as How did magical realism come to take over the world What is the nature of its allure Also how does the marginal status of its authors inform the genre Does magical realism have a political agenda This book uses postcolonial theory to investigate notions of cultural identity and post structural theory to examine the narrative strategies of magical realism presenting a comprehensive historical and theoretical overview of the genre and a politically urgent argument about its subversive potentialities *Fabulating Beauty*, 2005-01-01 Peter Carey is one of Australia's finest creative writers much admired by both literary critics and a worldwide reading public While academia has been quick to see his fictions as exemplars of postcolonial and postmodern writing strategies his general readership has been captivated by his deadpan sense of humour his quirky characters the outlandish settings and the grotesqueries of his intricate plots After three decades of prolific writing and multiple award winning Carey stands out in the world of Australian letters as designated heir to Patrick White *Fabulating Beauty* pays tribute to Carey's literary achievement It brings together the voices of many of the most renowned Carey critics in twenty essays sixteen commissioned especially for this volume an interview with the author as well as the most extensive bibliography of Carey criticism to date The studies represent a wide range of current perspectives on the writer's fictions Contributors focus on issues as diverse as the writer's biography his use of architectural metaphors his interrogation of narrative structures such as myths and cultural master plots intertextual strategies concepts of sacredness and references to the Christian tradition

and his strategies of rewriting history Amidst predictions of the imminent death of postist theory the essays all attest to the ongoing relevance of the critical parameters framed by postmodernism and postcolonialism

Exploring Suburbia Nathanael O'Reilly,2012 Exploring Suburbia is the first book length study of suburbia in Australian literature it addresses a long neglected and underexamined area within Australian literature and analyzes novels by some of Australia s most important writers from a new perspective in addition to examining novels previously neglected by critics This book provides new insights and perspectives on fourteen Australian novels several of which are canonical works that have been analyzed extensively by other scholars This study will lead to a reassessment of the novels and authors under discussion and prompt further research into suburbia in Australian literature It demonstrates that that the authors who have explored suburbia since 1961 have already moved Australian literature in a new direction away from the traditional focus on the bush and the city demonstrating that the literal and theoretical space between the city and the bush contains the most interesting and important engagements with contemporary Australian culture Exploring Suburbia is an important addition for collections in literature It will also be an excellent textbook for professors teaching courses on space and culture in literature It will also of course be an essential read for courses in Australian and international literature
