The Russian Revolutionary Emigres, 1825-1870 Martin A. Miller, 2019-12-01 Originally published in 1986 Martin A Miller author of the definitive biography of the exiled revolutionary Peter Kropotkin traces the history of the first generations of Russians who went to Western Europe to devote their lives to anti tsarist politics Refusing to assimilate abroad and unable to return home the migr's political orientations were influenced by intellectual and social currents in both Russia and Europe Miller undertakes a major reassessment of the migr's contribution to the Russian revolutionary movement Starting with Nikolai Turgenev who in 1825 was declared the first migr by a special act of the Russian government the exiles formed a unique social and political group Miller takes a biographical approach in tracing the progression from a disparate community of intellectuals unable to act together to promote their own program for change to a more cohesive second migr generation that provided the foundation for collective action and the development of a revolutionary ideology The creation of the Russian migr press Miller argues gave identity and momentum to the migr's and helped promote their program of revolution and a new social order The Russian Revolutionary Emigres 1825 1870 concludes with the death in 1870 of the leading migr figure Alexander Herzen and with an analysis of the impact upon the migr's of the emergence of the populist revolutionary movement within Russia The migr's overcame the loss of their homeland through their version of a future Russia one transformed into a new society where their ideals could be realized When two generations later Lenin returned to Russia after decades in Europe and made this vision a reality his actions built on the foundation laid by his nineteenth century predecessors

Varieties of Marxism Shlomo Avineri, 2012-12-06 The essays included in this volume are based on papers delivered at the International Symposium on Varieties of Marxism held at the Van Leer Jerusalem Foundation on June 16 19 1974 and dedicated to the memory of George Lichtheim When the idea of such a symposium was

first raised the organizers planned to have George Lichtheim as one of the main speakers at the event In our last and brief meeting in London I suggested this to him and Lichtheim gave his consent to attend the symposium though at that time no date was yet fixed His tragic death a few months later left a gap not only in the program of the symposium but in Marxist studies generally it was felt that perhaps one way of paying tribute to his contribution to the study of a subject so near to his mind would be to name the symposium in his memory and devote an introductory paper to an attempt at an intellectual portrait of George Lichtheim as an historian of ideas The volume as published includes all papers delivered at the symposium with the exception of the papers of J L Talmon Jerusalem on Marxism and Nationalism and Gajo Petrovic Zagreb on Yugoslav Marxism Appended is also a short obituary written by me on Lichtheim for the journal Political Science published by the American Political Science Association

Red Flag Wounded Ronald Suny, 2020-08-25 Tracking the degeneration of the Russian Revolution Red Flag Wounded brings together essays covering the controversies and debates over the fraught history of the Soviet Union from the revolution to its disintegration Those monumental years were marked not only by violence mass killing and the brutal overturning of a peasant society but also by the modernisation and industrialisation of the largest country in the world the victory over fascism and the slow recovery of society after the nightmare of Stalinism Ronald Grigor Suny is one of the most prominent experts on the revolution the fate of the non Russian peoples of the Soviet empire and the twists and turns of Western historiography of the Soviet experience As a biographer of Stalin and a long time commentator on Russian and Soviet affairs he brings novel insights to a history that has been misunderstood and deliberately distorted in the public sphere For a fresh look at a story that affects our world today this is the place to begin [Socialism in Russia](#)

J. Gooding, 2001-12-03 This book asks three fundamental questions about the socialist experiment in twentieth century Russia How did Marxist ideas come to be implemented in Russia a country entirely unsuited to them Why did the experiment lead to such suffering and upheaval and prove so fruitless And why did the attempt to return to a proper Marxism Leninism bring about the rapid collapse of the experiment In its answers this book pays special attention to the shadow cast by Lenin throughout the entire Soviet era

Jewish Workers and the Labour Movement Karin Hofmeester, 2017-05-15 During the late nineteenth century many Jewish workers and intellectuals considered their integration into the general labour movement as a good way to counter the double disadvantage they suffered in society as Jews and workers Whilst in Amsterdam this process encountered few obstacles it was more problematical in London and Paris Through a detailed examination of the collaborative efforts of Jewish labour in these three cities Jewish Workers and the Labour Movement reveals the multi layered and unique position of Jewish workers in the labour market It shows how various factors such as economic change political upheaval state intervention and anti-Semitism all affected the pace of integration and draws conclusions that highlight the similarities as well as the differences between the efforts of Jewish workers to improve their lot in France Britain and Holland

Boundaries of Utopia - Imagining Communism from Plato to Stalin Erik van

Ree,2015-05-22 The idea that socialism could be established in a single country was adopted as an official doctrine by the Soviet Union in 1925 Stalin and Bukharin being the main formulators of the policy Before this there had been much debate as to whether the only way to secure socialism would be as a result of socialist revolution on a much broader scale across all Europe or wider still This book traces the development of ideas about communist utopia from Plato onwards paying particular attention to debates about universalist ideology versus the possibility for socialism in one country The book argues that although the prevailing view is that socialism in one country was a sharp break from a long tradition that tended to view socialism as only possible if universal in fact the territorially confined socialist project had long roots including in the writings of Marx and Engels The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917 Maureen Perrie,D. C. B. Lieven,Ronald Grigor Suny,2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union **The Tsarist Secret Police Abroad** F. Zuckerman,2002-12-18 In 1883 the Russian police established the Foreign Agentura in Paris The bureau s brief to forewarn Tsardom of terrorist plans and if possible to defuse acts of terrorism against high personages by revolutionaries operating under European sanctuary As the revolutionary emigration expanded the Foreign Agentura reacted by spreading its tentacles across Europe and England With the help of their European colleagues the Tsar s agents tackled and drove back this terrorist force proving themselves invaluable in the evolution of political policing **Terrorism in Context** Martha Crenshaw,2010-11-01 **The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture** Jay Bergman,2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics Catalog of Copyright Entries.
