Constitutive Criminology at Work Stuart Henry, Dragan Milovanovic, 1999-08-12 Provides the first applications of constitutive criminology a theoretical framework inspired by postmodernism to specific areas of criminological practice

Police Matters Radha Kumar, 2021-05-15 Police Matters moves beyond the city to examine the intertwined nature of police and caste in the Tamil countryside Radha Kumar argues that the colonial police deployed rigid notions of caste in their everyday tasks refashioning rural identities in a process that has cast long postcolonial shadows Kumar draws on previously unexplored police archives to enter the dusty streets and market squares where local constables walked following their gaze and observing their actions towards potential subversives Station records present a textured view of ordinary interactions between police and society showing that state coercion was not only exceptional and spectacular it was also subtle and continuous woven into everyday life The colonial police categorized Indian subjects based on caste to ensure the security of agriculture and trade and thus the smooth running of the economy Among policemen and among the objects of their coercive gaze caste became a particularly salient form of identity in the politics of public spaces Police Matters demonstrates that without doubt modern caste politics have both been shaped by and shaped state policing Thanks to generous funding from the Andrew W Mellon Foundation through The Sustainable History Monograph Pilot the ebook editions of this book are available as Open Access volumes from Cornell Open [cornellpress](#) [cornell.edu](#) [cornell.open](#) and other repositories

Policing Citizens P.A.J. Waddington, 2002-11 This comparative text serves both as an introduction to contemporary police studies and an intervention into current debates concerning police reform and practice

The Routledge History of Police Brutality in America Thomas Aiello, 2023-04-11 This handbook offers a comprehensive historical overview and analysis of police brutality in US history and the variety of ways it has manifested itself Police brutality has been a defining controversy of the modern age brought into focus most readily by the murder of George Floyd in Minneapolis and the mass protests that occurred as a result in 2020 However the problem of police brutality has been consistent throughout American history This volume traces its history back to Antebellum slavery through the Gilded Age the Progressive Era the two world wars and the twentieth century to the present day This handbook is designed to create a generally holistic picture of the phenomenon of police brutality in the United States in all of its major lived forms and

confronts a wide range of topics including Race Ethnicity Gender Police reactions to protest movements particularly as they relate to the counterculture and opposition to the Vietnam War Legal and legislative outgrowths against police brutality The representations of police brutality in popular culture forms like film and music The role of technology in publicizing such abuses and the protest movements mounted against it The Routledge History of Police Brutality in America will provide a vital reference work for students and scholars of American history African American history criminal justice sociology anthropology and Africana studies

Holding down the Fort Aaron Bielejewski, 2022-11-26 This Open Access book questions the relationship between institutionalized images and understandings of policing the monolithic ideas common to most if not all Western law enforcement agencies and contextual situative and local interactions where the human representatives of policing street level officers come into contact with residents The political and theoretical association of specific forms of Western policing with democratic society can be illustrated in the case of German integration narratives of reform and essentially forging new democratic police agencies in the new German states stand at odds with much of the experience and statements of officers who continued to serve following Re Unification Officers who present their works primarily in terms of their local responsibilities expectations and more specifically to their unique and individual relationship and connection to their communities downplay the relevance of high level policing policy Based on a two year ethnographic study of policing in a rural county in the German state of Brandenburg this book explores the local nature of policing both in terms of how police officers imagine their communities to be and with reference to broader societal expectations and assumptions of what police essentially are can effectively do and should effectively do

White Property, Black Trespass Andrew Krinks, 2024-08-20 White Property Black Trespass traces the eurochristian settler colonial racial capitalist history and present of police power re narrating the mass criminalization of Black and economically dispossessed peoples as a religious project that saves the pseudo sacred order of whiteness and property by exiling those who trespass against it to carceral hell

The Politics of Crime in Turkey Zeynep Gönen, 2016-11-03 This book focuses on urban crime and policing in Turkey since the steady economic decline of the 1990s Concentrating on the attempts to modernize the policing of Izmir Zeynep Gonen highlights how the police force expanded their territorial control over the urban space specifically targeting the poor and racialized segments of the city Through in depth interviews and ethnographic observations of these targeted populations as well as rare ethnographic data from the Turkish police surveys of the media and politicians rhetoric Gonen shows how Kurdish migrants have been criminalized as dangerous enemies of the order In studying the ideological and material processes of criminalization The Politics of Crime in Turkey makes the case for the neoliberal politics of crime that uses the notion of security to legitimize violence and authoritarianism The book will be of interest to criminologists as well as those investigating the modern Turkish state and its relationship to the Kurds in the wider region The multilayered methodology and conceptual approach sheds light on parallel developments in penal and security systems across the globe

Fixing Broken Windows George L. Kelling, Catherine M. Coles, 1997 Cites successful examples of community based policing

Race, Crime, and Policing in the Jim Crow South Brandon T. Jett, 2021-07-07 Winner of the Florida Book Award general nonfiction category Throughout the Jim Crow era southern police departments played a vital role in the maintenance of white supremacy Police targeted African Americans through an array of actions including violent interactions unjust arrests and the enforcement of segregation laws and customs Scholars have devoted much attention to law enforcement s use of aggression and brutality as a means of maintaining African American subordination While these interpretations are vital to the broader understanding of police and minority relations Black citizens have often come off as powerless in their encounters with law enforcement Brandon T Jett s *Race Crime and Policing in the Jim Crow South* by contrast reveals previously unrecognized efforts by African Americans to use manage and exploit policing In the process Jett exposes a much more complex relationship suggesting that while violence or the threat of violence shaped police and minority relations it did not define all interactions Black residents of southern cities repeatedly complained about violent policing strategies and law enforcement s seeming lack of interest in crimes committed against African Americans These criticisms notwithstanding Blacks also voiced a desire for the police to become more involved in their communities to reduce the seemingly intractable problem of crime much of which resulted from racial discrimination and other structural factors related to Jim Crow Although the actions of the police were problematic African Americans nonetheless believed that law enforcement could play a role in reducing crime in their communities During the first half of the twentieth century Black citizens repeatedly demanded better policing and engaged in behaviors designed to extract services from law enforcement officers in Black neighborhoods as part of a broader strategy to make their communities safer By examining the myriad ways in which African Americans influenced the police to serve the interests of the Black community Jett adds a new layer to our understanding of race relations in the urban South in the Jim Crow era and contributes to current debates around the relationship between the police and minorities in the United States

Policing Islam Harold Tollefson, 1999-11-30 The role of the police force was central in the politics and social life of Egypt during the British occupation between 1882 and 1914 Egyptians initially resisted British encroachment into the sphere of autonomy that had been reserved to them in police matters However preferring indirect rule to overt manifestations of power that would be signified by the use of the army the British used the issue of reform to tighten their hold on Egypt by means of the police This study applies modern criminological theory to examine the attendant political repression torture corruption and rising crime that soon followed Instead of the more professional and community oriented police force exemplified by the bobbies in England the British opted for a militarized Egyptian police force better suited to the repression of political dissent than of ordinary crime Tollefson seeks to account for rising crime in Egypt which Lord Cromer the British Consul General between 1883 and 1907 referred to as Egypt s worst problem during his tenure Under British control defects in the police such as low pay harsh discipline and maltreatment of suspects persisted and ordinary

crime increased This work confirms what students of colonial policing have come to appreciate the police performed key security and social maintenance roles in colonial and quasi colonial situations **We Is Got Him** Carrie Hagen,2011-08-18 This relentlessly suspenseful story of America s first known kidnapping in nineteenth century Philadelphia is elegantly told superbly accomplished The Philadelphia Enquirer In 1874 a little boy named Charley Ross was snatched from his family s front yard in Philadelphia A ransom note arrived three days later demanding twenty thousand dollars for the boy s return The city was about to host the America s Centennial celebration and the mass panic surrounding the Charley Ross case plunged the nation into hysteria The desperate search led the police to inspect every building in Philadelphia set up saloon surveillance in New York s notorious slums and begin a national manhunt With white knuckle suspense and historical detail Hagen vividly captures the dark side of an earlier America Her brilliant portrayal of its criminals detectives politicians spiritualists and ordinary families will stay with the reader long after the final page Hagen skillfully narrates a saga that transcends one kidnapping a saga tied up with the World s Fair that was about to open in Philadelphia Kirkus Reviews As Erik Larson mined the 1893 Chicago World s Fair for Devil in the White City Hagen chronicles a tragically more relevant 19th century story Michael Capuzzo author of The Murder Room **Policing the Second Amendment** Jennifer Carlson,2020-09-15 An urgent look at the relationship between guns the police and race The United States is steeped in guns gun violence and gun debates As arguments rage on one issue has largely been overlooked Americans who support gun control turn to the police as enforcers of their preferred policies but the police themselves disproportionately support gun rights over gun control Yet who do the police believe should get gun access When do they pursue aggressive enforcement of gun laws And what part does race play in all of this Policing the Second Amendment unravels the complex relationship between the police gun violence and race Rethinking the terms of the gun debate Jennifer Carlson shows how the politics of guns cannot be understood or changed without considering how the racial politics of crime affect police attitudes about guns Drawing on local and national newspapers interviews with close to eighty police chiefs and a rare look at gun licensing processes Carlson explores the ways police talk about guns and how firearms are regulated in different parts of the country Examining how organizations such as the National Rifle Association have influenced police perspectives she describes a troubling paradox of guns today while color blind laws grant civilians unprecedented rights to own carry and use guns people of color face an all too visible system of gun criminalization This racialized framework undergirding who is a good guy with a gun versus a bad guy with a gun informs and justifies how police understand and pursue public safety Policing the Second Amendment demonstrates that the terrain of gun politics must be reevaluated if there is to be any hope of mitigating further tragedies *Police Mission* Dilip K. Das,Das,,Arvind Verma,Verma,2004-09-08 What is the best management style for the police Police Mission discusses the values and norms inherent in the American police mission and examines how police respond to challenges that arise while attempting to uphold this mission It reveals that the way officers are being trained in

ethics and human relations are not effective as they could be and argues that policing has to move towards a greater emphasis on human values moral sensitivity and discerning judgment A large number of themes ranging from personnel management occupational culture and innovative experiments in US policing techniques are examined Several organizational theories as well as examples of international policing efforts from England to Japan are also analyzed An important contribution to police literature this book will be a valuable aid to students of criminology as well as practitioners and researchers of police science

A Critical Theory of Police Power Mark Neocleous, 2021-01-12 Putting police power into the centre of the picture of capitalism The ubiquitous nature and political attraction of the concept of order has to be understood in conjunction with the idea of police Since its first publication this book has been one of the most powerful and wide ranging critiques of the police power Neocleous argues for an expanded concept of police able to account for the range of institutions through which policing takes place These institutions are concerned not just with the maintenance and reproduction of order but with its very fabrication especially the fabrication of a social order founded on wage labour By situating the police power in relation to both capital and the state and at the heart of the politics of security the book opens up into an understanding of the ways in which the state administers civil society and fabricates order through law and the ideology of crime The discretionary violence of the police on the street is thereby connected to the wider administrative powers of the state and the thud of the truncheon to the dull compulsion of economic relations

Their End Is Our Beginning brian bean, 2025-07-29 A deeply reported analysis of the connections between policing and capitalism centering global lessons of revolt and resistance Where do cops come from and what do they do How did modern policing as we know it today come to be What about the capitalist state necessitates policing In this clear and comprehensive account of why and how the police the linchpin of capitalism function and exist organizer and author brian bean presents a clear case for the abolition of policing and capitalism Their End Is Our Beginning traces the roots and development of policing in global capitalism through colonial rule racist enslavement and class oppression along the way arguing how police power can be challenged and ultimately abolished bean draws from extensive interviews with activists from Mexico to Ireland to Egypt all of whom share compelling and knowledgeable perspectives on what it takes to even if temporarily take down the cops and build a thriving community organized society free from the police The lessons they offer bring nuance to the meaning of solidarity and clarity to what abolition and revolution look like in practice Featuring illustrations by Chicago based artist Charlie Aleck Their End Is Our Beginning is an incendiary book that offers a socialist analysis of policing and the capitalist state a vital discussion of the contours of abolition at large and the revolutionary logic needed for liberation

Vancouver Past: Essays in Social History Robert A. J. McDonald, Jean Barman, 1986-01-01 Focusing on Vancouver's social history the essays written for this special edition of BC Studies treat hitherto neglected areas of the city's past and bring new insights into how its residents lived and worked Receiving particular attention is the socio economic and residential structure of Vancouver

with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior Law
