Present At The Creation The Fortieth Anniversary Of The Marshall Plan:

Present at the Creation Armand Clesse, Archie C. Epps, 1990 The Marshall Plan Today John Agnew, J. Nicholas Entrikin, 2004-06-24 This volume has as its focus the role of the Marshall Plan as both a force in the transformation of European Economic practices and a stimulus to political integration in Europe This organizing theme is framed in terms of two other issues that are central to contemporary debates in international political economy and geopolitical studies the origins and development of the Cold War and the growing globalisation of the world economy In relating the Marshall Plan to these issues this book goes beyond the typical diplomatic history approach to place the Plan in the context of both the political economy of late twentieth century Europe and the impact of American models of business and government that came with the Plan **Present at the Creation** Armand Clesse, Archie C. Epps, 1990 *The Laws That Shaped America* Dennis W. Johnson, 2009-05-31 For better and sometimes for worse Congress is a reflection of the aspirations wants and priorities of the American people It reflects the kaleidoscope of special interests and unselfish service to others of favors sought and sacrifices made During each two year session of Congress thousands of pieces of legislation are proposed many hundreds are given serious consideration but far fewer are eventually enacted into law Most enactments have limited impact affect few and are quietly forgotten in the flow of legislative activity However a small number of laws have risen to the level of historical consequence These are the laws that have shaped America and they are the subject of this book Which pieces of legislation were the most significant for the development of the nation Which have had an immediate or lasting impact on our society Which laws so affected us that we could not imagine how our lives would be without them Dennis W Johnson vividly portrays the story of fifteen major laws enacted over the course of two centuries of American democracy For each law he examines the forces and circumstances that led to its enactment the power struggles between rival interests the competition between lawmakers and the administration the compromises and principled stands and the impact of the legislation and its place in American history **Thomas Schelling and the Nuclear Age** Robert Ayson, 2020-09-23 An illuminating insight into the work of Thomas Schelling one of the most influential strategic thinkers of the nuclear age By the time of the Cuban Missile Crisis and the United States early forays into Vietnam he had become one of the most distinctive voices in Western strategy This book shows how Schelling's thinking is much more than a reaction to the tensions of the Cold War In a demonstration that ideas can be just as significant as superpower politics Robert Ayson traces the way this Harvard University professor built a unique intellectual framework using a mix of social scientific reasoning from economics to social theory and psychology As such this volume offers a rare glimpse into the intellectual history which underpins classical thinking on nuclear strategy and arms control thinking which still has an enormous influence in the early twenty first century **North Atlantic Treaty Organization** Phil Williams, 2024-11-01 This volume consists of major books written in the English language on NATO as well as an extensive listing of journal articles that deal with various aspects of the Alliance All the major debates

that have taken place over the last forty years are discussed *Present at the Creation* Armand Clesse, Archie C. Epps, 1990

The Marshall Plan in Austria Gunter Bischof, Anton Pelinka, Dieter Stiefel, 2018-12-20 Perhaps no country benefitted more from the Marshall Plan for assistance in reconstruction of Europe after World War II than Austria On a per capita basis each American taxpayer invested 80 per person in the Plan each Austrian received 133 from the European recovery program more than any other of the sixteen participating countries Without the Marshall Plan the Austrian economic miracle of the 1950s would have been unthinkable Despite this contemporary Austria seems to have forgotten this essential American contribution to its postwar reconstruction This volume in the Contemporary Austrian Studies series examines how the plan affected Austria and how it is perceived today The political context of the Marshall Plan in Austria is addressed in essays by Jill Lewis and Matthew Berg Dieter Stiefer describes the vast Soviet economic exploitation of their Austrian occupation zone Andrea Komlosy shows how the Marshall Plan helped complete the division of Europe Siegfried Beer suggests the secret involvement of the CIA in the Marshall Plan while Hans J3rgen Schr der analyzes the effectiveness of Marshall Plan propaganda programs in Germany and Austria The macroeconomic impact of Marshall Plan funds on Austrian economic policy is outlined by Hans Seidel Kurt Tweraser Georg Rigele and G3nter Bischof suggest the microeconomic importance of funds for the steel electricity and tourist sectors of the Austrian economy Wilhelm Kohler s sweeping analysis compares the American transfer of funds to postwar Europe with current debates about the cost of European Union enlargement The legacy of the Marshall Plan is addressed by former Austrian Finance Minister Ferdinand Lacina Kurt Loffler and Hans Fubenegger summarize the activities of the Economic Recovery Program Fund Coming on the heels of the fiftieth anniversary of the Marshall Plan this compelling overview of the Plan and its impact will be important for historians those interested in international politics and Austrian scholars G3nter Bischof is professor of history and associate director of Center Austria at the University of New Orleans Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Dieter Stiefel is professor of social and economic history at the University of Vienna and executive secretary of the Schumpeter Society in Vienna This volume offers a collection of articles mostly by contemporary Austrian born historians touching on various phases of the Marshall Plan administered through the European Recovery Program ERP and its successors counterfunds assistance to the present A splendid introduction followed by the key thirteen articles on the plan is augmented by several nontopical essays and book reviews along with a survey of Austrian politics in 1998 A number of articles emanated from a 1998 conference at the University of New Orleans Both novice and specialist will appreciate this book The Historian *Term Paper Resource Guide to Twentieth-Century United States History* Ron Blazek, Teri Maggio, Robert Muccigrosso, 1999-05-30 Students will write more effective term papers with this guide to 500 term paper ideas as well as a listing of appropriate print and nonprint sources on twentieth century U S history This guide presents entries on 100 of the most important events and developments in twentieth century U S history organized in chronological

order Each entry consists of a short description of the event followed by five specific suggestions for term papers about the event and a wide ranging annotated bibliography of 15 35 books articles videos and a web site appropriate for student research In every case the emphasis is on recent and up to date material as well as landmark works and primary sources Every entry contains a video and concludes with a recommended web site producing a multimedia approach designed to appeal to the current information gathering habits and preferences of young people From the Spanish American War to the creation of NAFTA the 100 events and developments cover political social economic and cultural issues The work has been designed to meet the needs of the U S history curriculum Term paper topic ideas offer students thought provoking suggestions that are challenging and develop critical thinking skills The annotated bibliography is organized into reference sources general sources specialized sources biographical sources periodical articles recommended videos and World Wide Web sites All items are readily available in school public and academic library collections This unique guide is valuable not only to students but to teachers and librarians who guide students in research and is an excellent purchasing guide for librarians who serve student needs

The American Revelation Neil Baldwin, 2025-09-23 Neil Baldwin one of the most exciting intellectual historians has written extensively about the great thinkers and innovators who have shaped our unique American identity In *THE AMERICAN REVELATION* he turns his energies to the unfolding story of how the American spirit developed over 400 years This inspiring examination of the ideals that have grown to inform our national identity and of the figures who set the course for our evolving self image covers City on a Hill John Winthrop 1630 Common Sense Thomas Paine 1776 E pluribus unum Pierre Eugene Du Simitiere 1776 Self Reliance Ralph Waldo Emerson 1841 Manifest Destiny John L O Sullivan 1845 Progress and Poverty Henry George 1879 The Sphere of Action Jane Addams 1902 The Melting Pot Israel Zangwill 1908 The Negro in Our History Carter Woodson 1922 The Marshall Plan George C Marshall 1947 Neil Baldwin writes of figures both familiar and forgotten in this work of popular history that seeks to illuminate and enliven the current debate about American s role in the world Meticulously researched and entertainingly written *THE AMERICAN REVELATION* will make all U S readers regardless of their politics be proud of our country s intellectual heritage and high minded values and will reassert those ideals to the rest of the world

Rebuilding Europe David W. Ellwood, 2014-02-04 With the end of the Cold War and the prospect of a federal Europe ever closer this book is a timely reassessment of the processes by which western Europe was reborn out of the devastation and despair of 1945 Concentrating on the first postwar decade and making rich use of the latest research findings David Ellwood gives a detailed account of the practicalities of reconstruction how it was done what it cost who paid for it and what those involved hoped for expected and actually received

Remaking France Brian Angus McKenzie, 2005 Offers a historical case study by examining the Marshall Plan as the form of public diplomacy of the United States in France after World War Two

Martindale-Hubbell,2003-12 **American Foreign Policy Current Documents** ,1988 *Common Progress* James A. Yunker,2000-02-28 Yunker sets forth the case for initiation of a massive foreign development assistance effort termed the World Economic Equalization Program WEEP The scale of the program would dwarf that of all historical foreign aid programs yet the proposed contributions by the donor nations would not be unmanageable The richest nations would contribute amounts ranging from three to seven percent of their Gross National Products Computer simulations of a model of the proposed program over a 50 year period show the possibility of a tremendous rise in the living standards of the poor nations while at the same time the living standards of the rich nations continue to rise at rates closely comparable to those of the recent past Sensitivity analysis demonstrates that the optimistic conclusions forthcoming from the baseline policy simulation remain robust against wide variations in the numerical parameter values However since it is obvious that real world results might not resemble results derived from computer simulation of a theoretical model the recommendation put forward is that a World Economic Equalization Program be initiated on a tentative and provisional basis with the explicit intention of terminating it if after a reasonable period of time real world results are insufficiently promising A provocative analysis and proposal aimed primarily at economists and policy makers involved with economic development international economics and global economic policy Science, the State, and International Society Martha Finnemore,1991 *Foreign Affairs* , *In Search of a Usable Past* Barry Machado,2007 In recent years the Marshall Plan has been invoked on numerous occasions as a solution for problems domestic and foreign This study aims to establish the relevance for contemporary postwar reconstruction projects of an experimental foreign policy conceived and executed back in the late 1940s and early 1950s The monograph clarifies why and how the Marshall Plan was adopted what its essential features were and why it succeeded in western Europe concluding that it had important and mutually reinforcing aspects political psychological and economics Page vii
