Presidential Mibion:

The Stingy Minion H. M. Marson, 2013-08-09 Educated by her imprisoned hacker father and dumped on her grandparents doorstep by her distraught mother sixteen year old Elizabeth Carson brings big problems to smalltown Ellisville Missouri Rooted in a broken family and conflicted by her own awakening femininity she fails to recognize that help is all around a caring community a musical prodigy named Jereme and loving grandparents As if family problems were not enough Elizabeths curious nature finds more trouble She brings her fathers hacking program the Stingy Minion back to life and soon finds herself staring at a highly classified NSA blog site used by the president of the United States Trouble escalates to danger when a power hungry investment firm tries to steal the Stingy Minion and threatens her life and the lives of newfound friends In over her head Elizabeth continues to hack and discovers a plot to attack Irans nuclear development sites The world is on the verge of nuclear war With hired thugs on her tail only time will tell how long she and her friends will remain safe

Founding the American Presidency Richard J. Ellis, 1999 At a time when the institution of the presidency seems in a state of almost permanent crisis it is particularly important to understand what sort of an institution the framers of the Constitution thought they were creating *Founding the American Presidency* offers a first hand view of the minds of the founders by bringing together extensive selections from the constitutional convention in Philadelphia as well as representative selections from the subsequent debates over ratification Organized topically the book focuses on those issues of executive power that most deeply concerned and often sharply divided the founders including the electoral college and impeachment the presidential term and reeligibility the veto power and war powers the power of appointment and the power of pardon EllisO judicious selections mean that teachers and students no longer need to settle for the meager rations of a Federalist paper or two supplemented by a quick summary of the founders thoughts before being fast forwarded to the contemporary presidency Pointed discussion questions provoke students to consider new perspectives on the presidency Ideal for all courses on the presidency the book is also important for all citizens who want to understand not only the past but the future of the American presidency

The Political Economy of Bilateral Aid Peter Blunt, 2022-12-23 The social and economic consequences of the COVID 19 pandemic and of extreme climate events have brought into sharp relief the serious deficiencies of our political economies The dominant global ideology of neoliberalism and its architects and beneficiaries are responsible for this Bilateral development assistance is an integral part of the neoliberal grand design However while the deficiencies of neoliberalism have been starkly exposed by the pandemic its collapse is unlikely in the short term Much bilateral assistance will therefore continue to be self serving Within these confines and on the basis of a sharply critical analysis of the functioning of technical assistance at the point of the design and delivery of programmes and projects this book identifies crucial supply side nodes of power and influence where feasible and relatively straight forward functional reforms strategy structure selection training would make genuinely developmental results for recipients more likely and

enhance donor interests at the same time It argues that more authentic empathetic and altruistic technical assistance will be essential to bringing this about The arguments are supported by primary published evidence gathered by the author during 18 years of full time employment as a team leader or programme manager of technical assistance programmes The book will be of interest to students of development management development economics political economy and international relations as well as policy makers development practitioners and supply and demand side government officials **Hell on Earth**

Entrepreneurial President Patricia A. Pelfrey,2012-03-06 Richard C

Atkinson was named president of the University of California in August 1995 barely four weeks after the UC Regents voted to end affirmative action How he dealt with the admissions wars the political legal and academic consequences of that historic and controversial decision as well as the issue of governance is discussed in this book Another focus is the entrepreneurial university the expansion of the University s research enterprise into new forms of scientific research with industry during Atkinson s presidency The final crisis of his administration was the prolonged controversy over the University s management of the Los Alamos and Livermore nuclear weapons research laboratories that began with the arrest of Los Alamos scientist Wen Ho Lee on charges of espionage in 1999 Entrepreneurial President explains what was at stake during each of these episodes how Atkinson addressed the issues and why the outcomes matter to the University and to the people of California

Pelfrey s book provides an analysis of the challenges perils and limits of presidential leadership in the nation s leading public university while bringing a historical perspective to bear on the current serious threats to its future as a university The

Prime-Time Presidency Shawn J. Parry-Giles,2010-10-01 Contrasting strong women and multiculturalism with portrayals of a heroic white male leading the nation into battle The Prime Time Presidency explores the NBC drama The West Wing paying particular attention to its role in promoting cultural meaning about the presidency and U S nationalism Based in a careful detailed analysis of the first term of The West Wing s President Josiah Bartlet this criticism highlights the ways the text negotiates powerful tensions and complex ambiguities at the base of U S national identity particularly the role of gender race and militarism in the construction of U S nationalism Unlike scattered and disparate collections of essays Trevor Parry Giles and Shawn J Parry Giles offer a sustained ideologically driven criticism of The West Wing The Prime time Presidency

presents a detailed critique of the program rooted in presidential history an appreciation of television s power as a source of political meaning and television s contribution to the articulation of U S national identity **Debates of the Convention to**

The Devil's Minion Jennifer

Ethridge,2003-01-01 Stevenson is a detective who finds out that she is on this planet for a completely different reason than she expected She finds herself investigating mysterious murders that were so brutal they could not be easily explained In her search for the truth she finds out with the help of a priest that the felon she seeks was not a man but rather a hideous beast Her investigation takes her on a wild ride of death and destruction of biblical proportions Seeing the destruction of whole

cities and the brutal deaths of innocent people across the globe Her only job is to stop the destruction before mankind itself is destroyed Stevenson finds herself examining her own faith in God and the devil and finds herself wondering if it were possible for one person to save an entire planet Can she save humanity from the destruction that it has brought upon itself

Minion or Master Martin Smith,2013-10-08 *Minion or Master* is a fast paced thriller set in 1966 that interweaves different story lines and characters leaving the reader in suspense as each section ends until the final conclusion The story subtly develops the *Minion or Master* concept whilst exploring relationships between father and son pimp and prostitute gang leaders and gang members civil servant and business man as well as romantic involvement George Howden a young inexperienced businessman working in Bermuda is forced by circumstance to try to defeat a prostitution and drugs gang in New York His business involvement with the ship *Ocean Star* makes him an accessory in smuggling chrome ore out of Africa and smuggling armaments for terrorists into Africa George gets involved with a number of believable well drawn characters who are mixed up with murder sex blackmail government power politics drug smuggling drug dependency and romance The story describes how he and others build relationships to last a lifetime and how some get destroyed The action starts in Africa and moves seamlessly between Bermuda New York and the Atlantic Ocean *Minion or Master* is the first in a series of thrillers featuring George Howden and Adrian Cuthbert covering the late twentieth and early twenty first centuries **The Works of President Edwards ...** Jonathan Edwards,1844
