Sookdeo, 2001-05-18 Dr SookDeos book shows the relevance of the past to the present by using the case study of Trinidad that highlights the crippling disadvantages that accrue to any people experiencing segregation no matter the era or system of government The study challenges notions of free labor caste and free immigration especially as it applied to the Caribbean region at the end of slavery and Emancipation 1838 in the British Empire One thread of commonality with more radical studies of the past is that colonialism perpetuated a caste society similar to the one experienced under slavery In Trinidad this was true not only in labor but in education and even when the authorities responded to mass festivals and other freedoms Such a study is prescient and relevant today where opportunities for healthy race and economic relations within nations such as Trinidad were lost This has been to the detriment of national growth and development in all aspects of Trinidads life The irony for the East Indians arriving in nineteenth century Trinidad was that if some of them had left the worst features of caste ism behind they were entering another rigidly caste structured society in the New World The

ostensibly free British citizens of India coveted as substitutes for slaves after Emancipation had the historical destiny to contribute to the free labor system in Trinidad but they paid a heavy cost In general studies of the island nation Indo Trinidadian indenture is separated from labor history this author sees a continuum of many labor regimes including slavery peonage indenture of many stripes and free labor The US has unearthed evidence in the 1990s that new forms of indented immigration continue in our time When East Indian history is written as part of Caribbean labor history we see a story of courage of pre industrial people learning how to organize and demand human rights to survive and make progress with the slowly increasingly opportunities of capitalism This work reveals much about transitions in society generally and about the transition from slavery to free labor more specifically That transition is for Trinidad a summary of the daily struggles of laboring adults and children who succeeded as immigrants against unimaginable odds A largely illiterate male population ill prepared for western multi racial societies anonymous behind studies that focus on numerous regulations platitudes gross statistics and averages come to life in this study This study humanizes caste and outcaste groups who knew nothing of Trinidad and it shows what indenture contracts meant in the East Indians day to day life on Trinidads plantations Many Indians who did not succumb during the three month voyage from British India to British Trinidad died of poor health and diet on the plantations or after expulsion from the estates when they could no longer work some were found dying on the roads Individual deaths on ships beatings and whipping of indented workers and leaders medical and food inadequacies on Walkinshaws Estate in 1846 abuse of indented laborers their wives and children are connected with real people and names Especially damning of British sponsored indenture was its relegating of Indians to pass carrying prisoners of an anachronistic apartheid state Indians became the largest sub group of prisoners allegedly for violating rules that were unfair or hard to understand The untruths told Indians about high wages at nearby farms and outright abductions of men and women and capricious extension of contracts are juxtaposed with other contemporaneous labor migrations In other words Portuguese Chineseand free African indented migration to Trinidad occurred at this very moment in time yet Indians were probably the most abused single group SookDeos study connects this to the spirit of the times where colonial elites and pla
