Self Portrait With Turtles A Memoir:

Self-Portrait with Turtles David M. Carroll, 2005 A renowned artist author and naturalist David M Carroll is exceptionally skilled at capturing nature on the page In Self Portrait with Turtles he reflects on his own life recounting the crucial moments that shaped his passions and abilities Beginning with his first sighting of a wild turtle at age eight Carroll describes his lifelong fascination with swamps and the creatures that inhabit them He also traces his evolution as an artist from the words of encouragement he received in high school to his college days in Boston to his life with his wife and family Self Portrait with Turtles is a remarkable memoir a marvelous and exhilarating account of a life well lived

Tackling the Motivation Crisis Mike Anderson, 2021-08-16 Packed with practical strategies you can use to create a culture of self motivation in your school Teachers use traditional incentive and reward systems with the best of intentions We re trying to support students positive behavior and learning We re hoping to motivate and inspire students to work hard and do well in school If everyone behaves we ll have a pizza party The more books you read the more stickers you ll receive On the surface these systems seem to make sense They may even seem to work But in the long term they do not foster intrinsic motivation or a love or learning In fact they often have the opposite effect In Tackling the Motivation Crisis How to Activate Student Learning Without Behavior Charts Pizza Parties or Other Hard to Quit Incentive Systems award winning educator and best selling author Mike Anderson explains The damage done by extrinsic motivation systems and why they are so hard for us to give up What intrinsic motivation looks like and the six high impact motivators autonomy belonging competence purpose fun and curiosity that foster it How to teach the self management and self motivation skills that can make a difference for kids How to use intrinsic motivation in curricula and instructional strategies feedback and assessment and discipline and classroom management Ultimately our job as teachers is not to motivate our students It s to make sure that our classrooms and schools are places that inspire their intrinsic motivation and allow it to flourish Anderson shows how you can better do that right away no matter what grade level or subject area you teach

American Icarus Pythia Peay, 2015-04-01 This is the story of Joe Carroll fully paid up member of the Greatest Generation aviator farmer and handsome Irish charmer who radiated exuberance for life a literal and metaphorical flying boy With his head in the clouds this American Icarus embodied all that was aspirational and attractive about mid twentieth century America with its technical ingenuity bravado and its belief that the only way was up But Joe was also a destructive impulsive alcoholic like many of that generation he held experiences and feelings close to the chest Only on his deathbed did Joe acknowledge the pull of gravity reaching out to his estranged family reflecting over his life and contemplating the afterlife Depth journalist Pythia Peay is Joe s eldest child In this evocative thoroughly researched and sensitively drawn depiction of her father s life and times Peay maps the trajectories of this troubled ordinary Joe who as a youth had suffered a Dickensian twist of fate that would leave him a divided man Guided by her father s memories he recalled as he lay dying Peay charts the ancestral rivers that led a working class boy

from depression era Altoona Pennsylvania to the Air Transport Command and Brazil during World War II post War Buenos Aires where Joe married an Argentine beauty with ancestral connections to the foundation of the United States newly independent Israel where he flew for El Al the Missouri heartland in the 1950s where he ran a farm and raised four children while traveling the world for TWA the upheavals of the 1960s that would drive Peay and her father apart Mexico where her parents fled to escape their failing marriage and finally Texas where Joe got cancer and died In narrating Joe s life Peay not only delineates the depths of the Depression the highs of the good war and the psychological toll it exacted on the Greatest Generation as well as the undercurrents that led to her family s disintegration in the 1960s but she unpacks the myths and archetypes that shape the United States its perpetual restlessness and heroic individualism in a journey that leads intimately and movingly to a final reconciliation with a dying patriarch and the ghosts of the past

Returning North with the Spring Harris, John R,2016-03-15 At winter s end in 1947 driven by the devastating loss of a son killed in World War II naturalist Edwin Way Teale followed the dawning spring season northward in an amazing 17 000 mile odyssey from the Everglades to Maine He wrote about the adventure in *North with the Spring* Its sequel *Wandering Through Winter* won the Pulitzer Prize Retracing Teale s route writer John Harris reveals a vastly changed natural world In *Returning North with the Spring* he stops at the very places where Teale once stood trekking through the Okefenokee wetland the Great Smoky Mountains the Great Dismal Swamp the New Jersey Pine Barrens and Cape Cod He is stunned to see how climate change invasive species and other factors have affected the landscapes and wildlife Yet he also discovers that many of the sites Teale described have been newly rewilded or permanently protected by the government Homage to the past report on the present glimpse into the future this book honors what has been lost in the years since Teale s famous journey and finds hope in the small tenacities of nature

Walking Seasonal Roads Mary A. Hood,2012-05-18 Seasonal roads are defined as one lane dirt roads not maintained during the winter They function as connectors linking farmers to their fields neighbors to neighbors or two more well traveled roads to each other Some access hunting lands and recreational areas Some pass by cemeteries allowing people to visit and honor their dead They can be abandoned as people move and towns fade In every incarnation the seasonal road touches the land in a gentler way than do other roads Having traveled nearly every seasonal road in Steuben County New York Hood finds they provide the ideal vantage to contemplate the meaning of place offering intimate contact with plant and wildlife and the beauty of a rural landscape Each road reveals how our land is used how our land is protected and how environmental factors have impacted the land As a literary naturalist Hood reflects on endangered species and invasive species as well as on issues of conservation and sustainability From state forests to potato fields from development along Keuka Lake to vineyards from old family cemeteries to logging sites *Walking Seasonal Roads* is a celebration and an honoring of the rural and the regionalism of place illustrating the ways we connect to our home and to each other

Caring Hearts and Critical Minds Steven Wolk,2023-10-10 Imagine if going to school meant more than preparing kids for a test teaching a

canned curriculum and training students for their future as workers What if school were also about cultivating students to be caring community involved citizens and critical creative thinkers who love to read In *Caring Hearts Critical Minds* teacher author Steven Wolk shows teachers how to help students become better readers as well as better people I want my students to be thinkers and have rich conversations regarding critical issues in the text and be able to formulate opinions regarding these issues says Leslie Rector a sixth grade teacher who collaborated with Wolk on some of the units featured in this book Wolk demonstrates how to integrate inquiry learning exciting and contemporary literature and teaching for social responsibility across the curriculum He takes teachers step by step through the process of designing an inquiry based literature unit and then provides five full units used in real middle grade classrooms Featuring a remarkable range of recommended resources and hundreds of novels from across the literary genres *Caring Hearts Critical Minds* gives teachers a blueprint for creating dynamic units with rigorous lessons about topics kids care about sfrom media and the environment to personal happiness and global poverty Wolk shows teachers how to find stimulating real world complex texts called for in the Common Core State Standards and integrate them into literature units I know from experience that a great book changes the reader says Karen Tellez an eighth grade teacher featured in the book For me books have helped me escape fall in love recover from heartbreak and have broken open my mind from the age of twelve I hope my students gain better reading comprehension confidence as readers connections to the characters and events a curiosity for the world and tolerance for others *Caring Hearts Critical Minds* shows teachers how to turn these hopes and goals into reality
