Longer Hours Or More Jobs:

Monthly Labor Review, 1986 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews Special Labor Force Reports, 1960 *News*, 1977 **Work, Family, Health, and Well-Being** Suzanne M. Bianchi, Lynne M. Casper, Rosalind Berkow King, 2006-04-21 This volume grows out of the 1st conference sponsored by the NICHD This is an interdisciplinary project and there are potential markets in I O psychology sociology family studies demographics economics anthropology and social work **How's Life? Measuring Well-being** OECD, 2011-10-12 This book paints a comprehensive picture of well being in OECD countries and other major economies by looking at people's material living conditions and quality of life across the population Gender and Higher Education Barbara J. Bank, 2011-03 Encyclopedic review about gender and its impact on American higher education across historical and cultural contexts The contributors describe the ways in which gender is embedded in the educational practices curriculum institutional structures and governance of colleges and universities Topics included are institutional diversity academic majors and programs extracurricular organizations such as sororities fraternities and women's centers affirmative action and other higher educational policies and theories that have been used to analyze and explain the ways in which gender in academe is constructed *Reconfigurations of Class and Gender* Janeen Baxter, Mark Western, 2001 This far reaching volume reasserts the significance of class and gender for understanding socioeconomic conditions The contributors urge a nuanced approach that focuses on the specific institutional contexts of class gender relations in various advanced industrial nations Work Sharing during the Great Recession Jon Carleton Messenger, Naj Ghosheh, 2013-01-01 Work sharing is a labour market instrument devised to distribute a reduced volume of work to the same or similar number of workers over a diminished period of working time in order to avoid redundancies This fascinating and timely study presents the concept and history of work sharing and explores the complexities and trade offs involved in its use as both a strategy for preserving jobs and a policy for increasing employment The expert contributors examine the resurgence in the use of work sharing as a job preservation strategy via country case studies of work sharing programmes implemented across the globe during the Great Recession of 2008-2009 These studies clearly illustrate that work sharing has been successful as a crisis response measure in a number of countries Lessons learned and their implications are presented alongside prescriptions on how to design permanent work sharing policies that would provide appropriate incentives to generate positive effects for employment and promote a sustainable and job rich economic recovery This enlightening book will prove invaluable to academics researchers students and policymakers in the fields of labour economics public sector economics and social policy *A Life in Balance?* Catherine Krull, Justyna Sempruch, 2011-02-28 Magazine articles talk shows and commercials advise us that our happiness and well being rest on striking a balance between work and family It goes unsaid however that the advice is based on an outmoded and unrealistic ideal This volume reopens the work life balance debate Contributors argue that to

truly resolve work family issues we must recognize work and family life as overlapping aspects of a single existence rather than separate and competing spheres A Life in Balance transcends prevailing myths by revealing how paid work employment and unpaid work caregiving and housework continue to be set against each other particularly in support of neo liberal agendas A truly equitable national childcare policy must be informed by alternative approaches to integrating family and paid work such as stay at home fathers family policy in Quebec and work and care in Aboriginal communities
