Childhood in the Works of Silvina Ocampo and Alejandra Pizarnik Fiona Joy Mackintosh, 2003 In the final analysis Ocampo's works achieve equilibrium between childhood and age whereas Pizarnik's much discussed poetic crisis of exile from language itself parallels her deep sense of anxiety at being exiled from the world of childhood

BOOK JACKET *New Ways to Kill Your Mother* Colm Toibin, 2012 In his essay on Tennessee Williams the author reveals an artist profoundly tormented by his sister's mental illness Through the relationship between W B Yeats and his father he examines a world of family relations and in Roddy Doyle's writing on his parents illuminates an Ireland reinvented From John Cheever's journals he makes fresh this darkly comic misanthrope and his intimates Educating an intellectual woman Cheever remarked is like letting a rattlesnake into the house In pieces that range from the importance of aunts and the death of parents in the English nineteenth century novel to the relationship between fathers and sons in the writing of James Baldwin and Barack Obama the author illuminates the intimate connections between writers and their families but also articulates the great joy of reading their work

Kierkegaard's Influence on Literature, Criticism, and Art Jon Bartley Stewart, 2013 Vol 2 is dedicated to the use of Kierkegaard by later Danish writers Almost from

the beginning Kierkegaard's works were standard reading for these authors Danish novelists and critics from the Modern Breakthrough movement in the 1870s were among the first to make extensive use of his writings These included the theoretical leader of the movement the critic Georg Brandes who wrote an entire book on Kierkegaard and the novelists Jens Peter Jacobsen and Henrik Pontoppidan [Borges and the Literary Marketplace](#) Nora C. Benedict, 2021-01-01 A fascinating history of Jorge Luis Borges's efforts to revolutionize and revitalize literature in Latin America Nora Benedict's illuminating book is an essential contribution to the understanding of Borges' relationship to the written word The portrait of Borges as writer and reader is now made complete with Benedict's exploration of Borges as editor Alberto Manguel director Center for Research into the History of Reading Jorge Luis Borges 1899-1986 stands out as one of the most widely regarded and inventive authors in world literature Yet the details of his employment history throughout the early part of the twentieth century which foreground his efforts to develop a worldly reading public have received scant critical attention From librarian and cataloguer to editor and publisher this writer emerges as entrenched in the physical minutiae and social implications of the international book world Drawing on years of archival research coupled with bibliographical analysis Nora C. Benedict explains how Borges's more general involvement in the publishing industry influenced not only his formation as a writer but also global book markets and reading practices in world literature In this way she tells the story of Borges's profound efforts to revolutionize and revitalize literature in Latin America through his various jobs in the publishing industry **New**

Readings of Silvina Ocampo Patricia Nisbet Klingenberg, Fernanda Zullo-Ruiz, 2016 Unlike other books these essays by leading scholars address Ocampo's entire body of work short stories poetry essays and translations [Anthologizing Poe](#) Emron Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U.S. author This influence however cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted portrayed and packaged by an extensive group of mediators ranging from anthologizers editors translators and fellow writers to literary critics filmmakers musicians and illustrators In this volume the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right one that highlights the powerful and often overlooked influence of those who have edited anthologized translated and adapted the author's writing over the past 170 years *Literatura Hispanoamericana* David W. Foster, 2014-05-22 This Spanish language anthology contains selections by 45 Latin American authors It is intended as a text for upper division Latin American literature survey courses The anthology presumes a high level of linguistic command of Spanish and it contains footnotes to allusions and cultural references as well as words and phrases not found in standard bilingual dictionaries used in the US Emphasis is on major 20th century writers while important works from colonial and 19th

century literature as also included The diverse selections of Literature Hispanoamericana will enable students to have a more sustained exposure to major voices of Latin American literature than possible in anthologies built around fragments By focusing on fewer authors but more significant selections from their writings students will have a greater grasp of major canonical figures as well as emergent voices
