Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1989 **Living with a Reluctant Hegemon** Caroline Fehl, 2012 Examines the striking variation of European responses to US unilateralism through studying European strategic choices in five recent transatlantic conflicts over multilateral agreements *Illusion Of Victory* Ian

Bickerton,2011-04-01 The Illusion of Victory demonstrates that most of the rewards of victory in modern warfare are either exaggerated or false When the ostensible benefits of victory are examined a generation after a war it becomes inescapably evident that the defeated belligerent rarely conforms to the demands and expectations of the victor Consequently long term political and military stability is denied to both the victorious power and to the defeated one As a result neither victory nor defeat deter further outbreaks of war This sobering reality is increasingly the case in the twentieth and twenty first centuries Ian Bickerton persuasively argues that as the rhetoric of victory becomes more hollow all countries must adopt creative new approaches to resolving disputes **The European Magazine, and London Review** ,1813 **Global Rules** James E. Cronin,2014-09-11 The Second World War created and the Cold War sustained a special relationship between America and Britain and the terms on which that decades long conflict ended would become the foundation of a new world order In this penetrating analysis a new history of recent global politics author James Cronin explores the dramatic reconfiguring of western foreign policy that was necessitated by the interlinked crises of the 1970s and the resulting global shift toward open markets a movement that was eagerly embraced and encouraged by the U S U K partnership Cronin s bold revisionist argument questions long perceived views of post World War II America and its position in the world especially after Vietnam The author details the challenges the economic transition of the 1970s and 1980s engendered as the United States and Great Britain together actively pursued their shared ideal of an international assemblage of market based democratic states Cronin also addresses the crises that would sorely test the system in subsequent decades from human rights violations and genocide in the Balkans and Africa to 9 11 and militant Islamism in the Middle East to the Great Recession of 2008 [A History of European Diplomacy, 1914-1925](#) Robert Balmain Mowat,1927 Printed in Great Britain *The European Union's Strategic Partnerships* Laura C. Ferreira-Pereira,Michael Smith,2021-03-04 This book provides a critical and updated analysis of the nature of the EU s strategic partnership diplomacy and of the partnerships themselves in times of power shift and contestation It links with key aspects of the EU s Global Strategy it brings together a strong list of experts who work within a clear framework for analysis and it deals not only with the substance of the policy but also with the ways in which the policy as a whole has emerged is conducted and might develop in the future In offering an inclusive set of case studies and diverse perspectives this book aims to advance both conceptualization and analysis of the implementation of the established EU partnerships The book highlights the notion of strategic partnership as a foreign policy instrument to support EU external action in a context of multilevel change and crisis its policy dimension as a gradually separated but not separable policy within the Union s external action the institutional component given the emergence of SPs as a sort of self preserving institutional platform allowing for denser and deeper cooperation in various policy areas and the implications for the EU s self conception as an international actor with a global identity and role **The Geopolitics of Space Exploration** Marcello Spagnulo,2021-04-02 This is the tale of the modern Space Age detailing all the risks rewards and rivalries that have fueled

space exploration over the decades Jump into a world of ambitious entrepreneurs and determined spacefaring nations of secret spy satellites and espionage of all the cooperative and competing interests vying for dominance in ways little known to the public Written by an Italian aeronautical engineer with over thirty years of experience in government and private industry this English translation explains how and why the game has fundamentally evolved and where it is headed next Exploring such topics as GPS and cyberspace the economics of private and public industry and the political motivations of emerging spacefaring powerhouses like China this book is an engaging foray into the ongoing battle for our terrestrial home through extraterrestrial means
