Featuring a lineup of distinguished academics this collection remedies the absence of scholarly attention to French cinematic legend Isabelle Huppert This volume deconstructs Huppert s star persona and public profile through critical and theoretical analysis of her various screen roles from her very early appearances alongside Romy Schneider in *C sar et Rosalie* Sautet 1972 and *G rard Depardieu* in *Les Valseuses* 1974 to a number of celebrated collaborations with high profile European auteurs such as Catherine Breillat Claire Denis Jean Luc Godard Michael Haneke and Joseph Losey and with more popular auteurs such as Claude Chabrol and Fran ois Ozon Known for a cerebral internalization of characterization a technical mastery of extreme emotions and a singular brand of icy intellectualism Huppert s performances continue to impress stun and surprise audiences By focusing on several theoretical questions that relate to image identity sexuality and place this volume situates Huppert s star persona in the more practical creative contexts of performance authorship genre and collaboration This volume contrasts complementary critical accounts of her stardom by working across the different periods and territories of her career
