expression of expert opinions are discussed The notion of authenticity has always commanded the attention of art market participants and the general art minded public alike Coinciding with this forgery is often considered to be the world s most glamorous crime packed with detective stories that are usually astonishing and often bizarre The research includes findings by economists sociologists art historians lawyers academics and practitioners all of which yield insights into the mechanics and peculiarities of the art business and explain why it works so differently from other markets However this book will be of interest not only to academics but to everyone interested in questions of authenticity forgery and connoisseurship At the same time one of its main aims is to advocate best practices in the art market and to stress the importance of cooperation among all disciplines with a stake in it The results are intended to offer guidance to art market stakeholders legal practitioners and art historians alike while also promoting mutual understanding and cooperation **Antony and**

Cleopatra Sara M. Deats,2005 This collection of twenty original essays will expand the critical contexts in which Antony and Cleopatra can be enjoyed as both literature and theater Telling the Story of Translation Judith Woodsworth,2017-08-10 Scholars have long highlighted the links between translating and re writing increasingly blurring the line between translations and so called original works Less emphasis has been placed on the work of writers who translate and the ways in which they conceptualize or even fictionalize the task of translation This book fills that gap and thus will be of interest to scholars in linguistics translation studies and literary studies Scrutinizing translation through a new lens Judith Woodsworth reveals the sometimes problematic relations between author and translator along with the evolution of the translator s voice and visibility The book investigates the uses and abuses of translation at the hands of George Bernard Shaw Gertrude Stein and Paul Auster prominent writers who bring into play assorted fictions as they tell their stories of translations Each case is interesting in itself because of the new material analysed and the conclusions reached Translation is seen not only as an exercise and fruitful starting point it is also a way of paying tribute repaying a debt and cementing a friendship Taken together the case studies point the way to a teleology of translation and raise the question what is translation for Shaw Stein and Auster adopt an authorial posture that distinguishes them from other translators They stretch the boundaries of the translation proper their words spilling over into the liminal space of the text in some cases they hijack the act of translation to serve their own ends Through their tales of loss counterfeit and hard labour they cast an occasionally bleak glance at what it means to be a translator Yet they also pay homage to translation and provide fresh insights that continue to manifest themselves in current works of literature By engaging with translation as a literary act in its own right these eminent writers confer greater prestige on what has traditionally been viewed as a subservient art **The Cambridge Review** ,1905
