Lost Moment Movie:

Hoodlum Movies Peter Stanfield, 2018-07-13 From The Wild Angels in 1966 until its conclusion in 1972 the cycle of outlaw motorcycle films contained forty odd formulaic examples All but one were made by independent companies that specialized in producing exploitation movies for drive ins neighborhood theaters and rundown inner city theaters Despised by critics but welcomed by exhibitors denied first run films these cheaply and quickly produced movies were made to appeal to audiences of mobile youths The films are repetitive formulaic and eminently forgettable but there is a story to tell about all of the above and it is one worth hearing Hoodlum Movies is not only about the films its focus is on why and how these films were made who they were made for and how the cycle developed through the second half of the 1960s and came to a shuddering halt in 1972

The wire thin line that separates movies rated PG and R has been crossed over so many times in both directions that industry observers are questioning whether the rating system carries any validity at all As a movie reviewer for more than thirty years and as a watchful caretaker parent author Chris Hicks learned pretty quickly that Hollywood movers and shakers like to push the envelope as they put it and it doesn't seem to matter whether it's a children's film or an adult movie It's not just R rated movies that are troubling PG 13s and even PGs can also be problematic And sometimes worse than problematic Simply put relying on the Motion Picture Association of America to make choices for you or your children is a mistake Breaking down the history of the film rating system and exploring today's ratings confusion and quagmire Hicks provides valuable information to help parents know how to interpret and what to expect from today's movies **Reinventing Cinema** Chuck Tryon, 2009-06-29
