Lost Letters Lori Roberts, 2012-05 Ellie Morgan's life isn't going exactly as she planned She finds herself divorced and working as a teacher in the Midwest when word arrives that a distant relative has died and left her everything Ellie travels to Tennessee to attend to the estate which includes a large plantation house that has been in the family since the early 1800s Ellie feels drawn to the attic where she finds a stack of letters hidden in a hatbox The letters appear to be from a Civil War soldier by the name of Rafe Collins Rafe fought on the Confederate side however the letters are addressed to Ms Hattie

Townes whose family stood behind the Union Ellie can't help but read the one-sided exchange wondering at the love shared between Rafe and Hattie despite the division of war. The more immersed Ellie gets, the more she suspects she isn't alone in the grand plantation house. A haunted spirit wanders the halls and Ellie soon realizes it's the ghost of Rafe Collins. Distressed by his lost love, he lingers in the house looking for answers. Whatever became of Hattie? Why didn't she answer his letters? Ellie decides to try to solve Rafe's mystery and in the process develops feelings for a local man. Perhaps Ellie's broken heart can be mended and perhaps Rafe can finally find peace in the arms of his beloved.

The Correspondence Walt Whitman, 2007-06 Originally published between 1961 and 1984, the critically acclaimed *Collected Writings of Walt Whitman* captures every facet of one of America's most important poets. In discussing letter writing, Whitman made his own views clear. Simplicity and naturalness were his guidelines. I like my letters to be personal, very personal, and then stop. The six volumes in *The Correspondence* comprise nearly 3,000 letters written over a half-century, revealing Whitman the person as no other documents can.

Letters Unread Lucas Powell, AI, 2025-03-03 *Letters Unread* explores the intriguing realm of historical correspondence that never reached its destination, examining how these lost, censored, or delayed missives profoundly shaped history. The book argues that the absence of these letters, often penned with the intent to spark revolution or declare love, represents pivotal moments where history teetered. Consider, for instance, how a delayed dispatch could alter battle plans or a suppressed letter could impact social movements. The book emphasizes that the failure of these communications illuminates the contingency of history, where seemingly minor disruptions could lead to significant changes. The book adopts a multidisciplinary approach, blending historical analysis, literary criticism, and communication studies to understand the impact of these unread communications. It delves into the postal systems of the past, the role of censorship, and social conventions surrounding historical correspondence to provide context. *Letters Unread* progresses through distinct historical periods and thematic areas, first introducing the concept of the unread letter and then exploring letters lost to circumstance, intentional suppression, and those discovered long after they were written, each section revealing the unforeseen consequences of disrupted communication. By examining historical events through the unique lens of failed communication, *Letters Unread* offers a fresh perspective. Rather than focusing solely on the content of famous letters, it analyzes the ramifications of their absence or delayed arrival. The book highlights the fragility of communication and the unforeseen consequences of its disruption, prompting a reconsideration of established narratives and providing valuable insights into the history of communication.

Families, Lovers, and their Letters Sonia Cancian, 2010-05-01 *Families, Lovers, and their Letters* takes us into the passionate hearts and minds of ordinary people caught in the heartbreak of transatlantic migration. It examines the experiences of Italian migrants to Canada and their loved ones left behind in Italy following the Second World War, when the largest migration of Italians to Canada took place. In a micro-analysis of 400 private letters, including three collections that incorporate letters from both sides of the Atlantic, Sonia Cancian provides new evidence on the bidirectional flow of

communication during migration She analyzes how kinship networks functioned as a means of support and control through the flow of news objects and persons how gender roles in productive and reproductive spheres were reinforced as a means of coping with separation and how the emotional impact of both temporary and permanent separation was expressed during the migration process Cancian also examines the love letter as a specific form of epistolary exchange a first in Italian immigrant historiography revealing the powerful effect that romantic love had on the migration experience **Accounts and Papers**

of the House of Commons Great Britain. Parliament. House of Commons,1840 *Ireland, France, and the Atlantic in a Time of War* Thomas M. Truxes,2017-04-21 In March 1757 early in the Seven Years War a British privateer intercepted an Irish ship the Two Sisters of Dublin as it returned home from Bordeaux with a cargo of wine and French luxury goods Amongst the cargo seized were 125 letters from members of the Irish expatriate community which were to lay undisturbed in the British archives for the next 250 years Re discovered in 2011 by Dr Truxes this cache of mostly unopened letters provides a colorful intimate and revealing glimpse into the lives of ordinary people caught up in momentous events Taking this correspondence published by the British Academy in 2013 as a shared starting point the ten essays in this volume are not so much about the Bordeaux Dublin letters themselves but rather reflect upon themes perspectives and questions embedded within the mail of ordinary men women and children cut off from home by war The volume s introduction situates these essays within a broad Atlantic context allowing the succeeding chapters to explore a range of topics at the cutting edge of early modern British and Irish historical scholarship including women in the early modern world the consequences of war across all classes in society the eighteenth century penal laws and their impact and Irish expatriate communities on the European continent Leavening these broad themes with the personal snapshots of life provided by the Bordeaux Dublin letters this edited collection enlarges complicates and challenges our understanding of the mid eighteenth century Atlantic world

Sociology Through the Projector Bulent Diken,Carsten Bagge Laustsen,2008-10 Sociology through the Projector takes issue with the question of how contemporary film can help answering the general abstract but still urgent question what is the social today This book explains the performative relation to contemporary social theory in which cinema functions as a tool for social diagnosis There is much to be learned about social theory through an encounter with films as films are part and parcel of the society they portray Increasingly more lay knowledge about social problems and facts stems from cinema as it offers to large audiences a popular and pedagogical introduction to social knowledge Social theory cannot avoid a critical engagement with cinema as cinema interprets invents displaces and distorts the object of sociological inquiry This book will provide a deeper understanding of contemporary social theory as the chosen films will work as a pedagogical route into contemporary social theory The films represent a mix of European and American blockbusters and more aesthetically orientated films The authors question several dominant topics and concerns within social theory and film studies Firstly by cross examining a series of concepts such as identity representation memory and surveillance filming social behaviour which

are of concern to both film theory and social theory Secondly by trying to develop imaginative approaches to standard social concerns such as exclusion gender roles and inequalities power infantilisation and commodification of the social and psychological bonds This book will be a great resource for students and researchers of Sociology Contemporary Social Theory Film Studies and Cultural Studies **Practical Bank Operation** First National City Bank of New York, Loyd Helvetius Langston, 1921 Cultural Exchange in Early Modern Europe Robert Muchembled, Francisco Bethencourt, William Monter, 2006 A ground breaking reassessment of the status of information in early modern Europe first published in 2007

Foundations of Coding Theory W.E. Hartnett, 2012-12-06 During the sixteenth century Cardano wrote a fascinating work called *The Book on Games of Chance* In it he gives an extremely candid recounting and personal appraisal of some aspects of his most remarkable life One feature of the book is striking for the modern scientist or mathematician accustomed to current publishing practices It is brought out during Cardano's discussion of his investigations of certain special questions of applied probability namely the question of how to win at gambling His technique is simplicity itself in fine reportorial style he reveals his proposed strategy for a particular gambling game giving marvelous motivating arguments which induce the reader to feel warm heartfelt support for the projected strategy Then with all the drama that only a ringside seat observation can bring Cardano announces that he tried the strategy at the casino and ended up borrowing his taxi fare Undaunted by failure he analyzes his now fire tested strategy in detail mounts new and persuasive arguments and ablaze with fresh optimism and replenished resources charges off to the fray determined to now succeed where he had so often failed before Along the way Cardano developed a number of valuable insights about games of chance and produced useful research results which presumably would be of interest in our present day society However he could never publish the results today in journals with all the flair the mistakes the failures and minor successes which he exhibits in his book **Mark Twain's Letters, Volume 2** Mark Twain, Edgar Marquess Branch, Michael B. Frank, Kenneth M. Sanderson, Harriet E. Smith, 1988 Here is young Sam Clemens in the world getting famous making love in 155 magnificently edited letters that trace his remarkable self transformation from a footloose irreverent West Coast journalist to a popular lecturer and author of *The Jumping Frog* soon to be a national and international celebrity And on the move he was from San Francisco to New York to St Louis and then to Paris Naples Rome Athens Constantinople Yalta and the Holy Land back to New York and on to Washington back to San Francisco and Virginia City and on to lecturing in Ohio Michigan Pennsylvania and New York Resplendent with wit love of life ambition and literary craft this new volume in the wonderful Bancroft Library edition of Mark Twain's Letters will delight and inform both scholars and general readers This volume has been supported by the National Endowment for the Humanities the Mark Twain Foundation Jane Newhall and The Friends of The Bancroft Library **Attitudes and Attitude Change** Gerd Bohner, Michaela Wänke, 2002 Providing the student with a comprehensive and accessible introduction to the basic issues in the psychological study of attitudes this book includes topics such as attitude formation and change functions of
