My Gran Does Judo:

My Gran Does Judo Geoff Patton, 2005-11 Kids Co is a series of 16 readers for children aged 6-8 which helps to bridge the gap between reading scheme books and chapter books. Each book is designed to give little children the confidence of reading grown-up books. Judokill Bill Watson, 2022-10-28 Sensei Akeni is whistling when he strolls into a local bank to make a deposit unaware that just seconds later he will be lying unconscious the victim of a violent robbery. After he is questioned by the police and released from the hospital the sensei of the town's popular judo club returns home only to be murdered as soon as he hangs up his coat. After officers Bill and Smithy are assigned to the investigation they soon discover there are few clues to go on and that the town is being infiltrated by powerful criminal elements. Corruption has reached deep into the town and it appears that no one including the police and judo club is immune from the tendrils of a wayward lord, a London gang and a Chinese triad. While danger lurks in the back alleys and a notorious coffee bar the two cops aided by a feisty retired schoolmarm and a laidback MI5 agent must face down the powerful aristocratic and criminal forces. But will they be able to save the town and the county before it is too late? In this exciting prequel to the Chaos Factor two young policemen in a sleepy market town launch a murder investigation that propels them down a dark path they never expected. **Family**

Romance John Lanchester, 2008-01-29 The author of *The Debt to Pleasure* digs into his family's extraordinary past in a memoir as enthralling as his finest fiction. It was only when his mother died that John Lanchester realized how little he really knew about his parents. With the cache of letters and papers she left behind he set out to reconstruct just who his parents had been. In doing so he did much more than trace the remarkable story of a reluctant international banker, a secretive former nun and the life they shared; he also gained extraordinary insight into his own nature and a deeper understanding of the universal push/pull of family love and family loss. Part detective work, part evocation of character, this is above all compelling storytelling. *Prince of the Shadow: Engineer on the Road* Abdullah Barghouti, *Prince of the Shadow: Engineer on the Road* by Abdullah Barghouti is a novel written within the confines of Israeli detention cells. The narrative begins as it responds to a question from the author's daughter Tala who witnessed her father's arrest in 2003. In a letter she asks her father: 'Who are you? And why are you?' She inquires about the father who left her in the car at the moment of his arrest and has since been incarcerated in Israeli prisons for 21 years. The story recounts his enduring spirit against his jailers and the decade spent in solitary confinement, detailing his life story and resistance against the occupation. Abdullah Barghouti holds the record for the longest sentence in the history of Israeli jurisprudence, having been sentenced to 67 life terms plus 5,200 years, a sentence naturally intriguing to anyone wishing to understand the man subjected to such unprecedented punishment. *Prince of the Shadow*, now translated into English for the first time, offers a chance to get closer to this man through a book resembling an autobiography or perhaps a form of it. This biography allows us to journey through a lengthy saga with an exceptional hero in every sense of struggle and humanity. A hero that if he belonged to any nation that honors its heroes.

would have his true life heroism turned into the greatest of films for here the heroism is real not fictitious **Surrealistic Trials** Hilary Jamron,2014-06-01 We all have reasons for doing the things we do We all have our own realities It is my blessing to have more than one Hilary Jamron When Hilary died part of her soul refused to come back That part of her higher self chose to remain where peace and simplicity reign From that time forward life would reveal itself in front of her and she would simply step into her future Decisions would be made without fear or hesitation by an unconscious multidimensional consensus and she would survive She would travel through death and paralysis without self pity or delay The truth is that each of us is as limitless as space and time having no boundaries beginnings or endings Limits are illusions delusions like pebbles that we casually kick out of our way as we move forward Illness pain heartbreak and life circumstances are all pebbles There s no point in looking back when we ve already kicked our earthly problems off to the side of the road The kicking is a gentle toss of the foot done in perfect synchronicity to the drumbeat of lessons learned After that the only direction is forward **Lady Ref** Shannon Eastin,2023-09-13 The eye opening and inspiring memoir of Shannon Eastin the first female official for the NFL Shannon Eastin was used to breaking new ground As a teenager she was a six time national judo champion before women were allowed to compete in her sport in the Olympics Years later she became the first female Division I football referee But when she set her sights on officiating in the NFL nothing could fully prepare her for the obstacles that would be thrown in her way In Lady Ref Making Calls in a Man s World Eastin candidly shares the struggles she faced throughout her journey to the pros Dealing with sexual harassment apparent sabotage and blatant misogyny there were times Eastin wondered if it was worth it if perhaps it would be better to quit But a return to her faith would ultimately help her hold onto her dreams and when the full time NFL officials were locked out Eastin found her opening into the pros Eastin s cap and whistle now rest in the NFL Hall of Fame a testament to the hard work dedication and sacrifice that went into her groundbreaking rise up the officiating ranks Her eye opening story reflects the relentless battles women have fought and continue to fight working in fields often perceived as a man s domain while also celebrating those who have supported these trailblazers in their journeys Journey of a Thousand Miles Ruey J. Yu,2017-11-14 Born into poverty in Japanese occupied Taiwan Ruey Yu overcame near starvation during the Second World War Destiny however had other plans for him he was to become an award winning biochemist then the co founder of what would soon become the multi million dollar skin care company NeoStrata After living through the Second World War and the post war military dictatorship of General Chiang Kai Shek Dr Yu won a coveted post graduate scholarship to study chemistry at the University of Ottawa He subsequently took up a research position at the renowned Skin and Cancer Hospital Temple University in Philadelphia where he collaborated with pre eminent dermatologist Dr Eugene Van Scott to develop treatments for serious skin diseases In 1972 Dr Yu and Dr Van Scott discovered that fruit acids known as AHAs could effectively treat the disfiguring skin disease ichthyosis changing the lives of thousands of people who suffered from this debilitating illness Their further research into the biochemical

properties of AHAs led to the discovery of the anti wrinkle and anti aging effects of these natural substances a discovery that was licensed by skin care companies around the world sparking the multibillion dollar cosmeceutical industry

The Other Half of Life Dr Pooran Latchman, 2015-12-22 Life of a boy who grew up in a situation that provided barely enough of the basic necessities of life With a strongly determined father caring mother and dependable siblings he was able to carve out a life that was fashioned from the dreams he carried in his childhood In his latter life he found himself in a situation that allowed him to go back to his youthful dreams At 62 while still strong and healthy and with the realization that he was no longer tied to any form of obligation towards the world or to anyone else he retired With a determination recaptured from his youth he now wants to probe into the further reaches of his being to see just how far he can go This latter part of life that he could not have foreseen is what he refers to as The Other Half of Life It is to be different from the first half where it had been simply going through the functions of the everydayness of life He now finds himself in a situation that has no constraints and no limitations This awareness of absolute freedom to design his life in whatever way he chooses now engulfs his being and propels him to become that for which he was made to be It had all been laid out in the dreams of his childhood
