

### My Greatest Accomplishment

I have accomplished many things in my life that I am proud of. Most of them I'd have to admit were academic, as that is where I have spent most of my life thus far, in school. I have won spelling bees, made the honor roll, achieved high grades on tough assignments, and completed complex projects. I have also done very well in sports. I am an avid fan and player of basketball and soccer, and have achieved a great sense of accomplishments from these sports. All of these accomplishments carry with them a sense of pride that can only come from hard work and dedication. But none of these things are as meaningful to me as my decision to follow in my father's footsteps.

My father started his own company from the bottom up with hard work and dedication. He has instilled in me these qualities and proven to me that they pay off if done honestly and at the right times. I look up to my father. He has always been the perfect role model. That is why I take so much joy in the fact that I have decided to follow his path and one day become the head of his company.

Many people walk through life not knowing where they are going or how they will get there. I am certain of my path. At my age, futures seem so far away and unattainable, but I realize that mine is right here in front of me, staring me in the face.

I have made the decision to attend college and major in business. This will fulfill both personal and career goals for both me and my family. While my father has never made me feel like I had to join him with his company, he has certainly done well in providing for us and being an ideal citizen and role model for his children. I can only hope to be as successful as he is. This is why I hold pride in my decision to follow in his footsteps.

While I am not yet the head of my father's company, and have not even yet completed the training necessary to do so, I know that my greatest achievement thus far is the decision to do so. There is so much to look back on in my life with pride and so much yet to look forward to. But I know that the moment I made the decision to work with my father and learn his trade is the most prideful moment in my life.

I am proud because I can see my future. I am proud because now everything I do has specific purpose and meaning. I am proud because I know what I am working toward and I know that I will not do anything in vain and will not waste my time or money pursuing an undeclared major in college.

My family has always been supportive of me in my academic and sports endeavors. Now they are the foundation on which the rest of my life will be built. They were proud of me when I made the decision to follow in my father's footsteps, and I was proud of myself. To this day, it is my greatest accomplishment.

*Focusing on Your Dreams* Steven H. Lewis, 2006-05-05

Focus begins with a good attitude. You have the ability to transform your life and soar like an eagle to new heights of success and fulfillment. Whether your attitude is positive or negative or somewhere in between, the tools that are given to you in this book will allow you to move forward no matter where you are in life or what position you are in presently. Always remember there is light at the end of the tunnel. This book will show you how to take control of your life and unleash your incredible potential. It's filled with inspiring stories and easy-to-understand success principles. Steven H. Lewis presents this book with sincerity, clarity, and impact in a way that will inspire you to develop your skills to their full potential and bring out the greatness that's within you. You'll begin to see new possibilities. You'll take action to develop your unique talents and you will achieve extraordinary results. Eighty-five percent of anything that you do begins with a good attitude; it doesn't matter what it is. Initially, this book was going to be centered on what it takes to become a professional athlete. After discussing this topic with my literary agent in a five-hour phone conversation, playing battle of the wits, he won and gave me a new and better idea for writing this book. First of all, I want to thank Mark Pavlovich for giving me the vision to be able to reach everyone in the world. It doesn't matter what your goals are; this book pertains to everyone. I feel sure that you will find what is written here extremely powerful and intriguing. This book will give you an insight into and the motivation for self-development through personal improvement. Through the guidelines that are presented here, you will obtain your personal goals. This book will give the information essential to reach your ultimate goals. This book is not pertaining to becoming a professional athlete; the tools that you are given throughout *18 FOCUSING ON YOUR DREAMS*, the contents of this book will apply in anything you do in life. This book is about self-improvement and it will give you simple, clear guidelines on how to obtain your goals. This book includes three different personalities and three directions in life; the final outcome will be the same. With determination, dedication, desire, and passion, we got to where we are now. We lived through traumas and devastations. I have integrated into this book the importance of knowing where you have been in your life. Life appeals to everyone and it matters how you handle it, how you start, and how you finish. It doesn't matter what your goals in life are. You

have a starting point and a finish line In order to complete each task it is imperative to stay focused on your goal Please don't misinterpret this book as just being about professional athletes we only are sharing our own personal experiences I hated my past however I couldn't allow my past to affect my future It enhances what I am doing today because I am now able to reflect on the many setbacks that I had to go through in my life My past only gave me the opportunity to move on to the next level Progress is not based on how people view you Rather it is based on how you see yourself as an example When you are in the last place and your expectations are not very high you can't lose focus But when you finish the season and you go to the finals and you do your best and have high expectations but lose anyway then at least you know in your heart you did your best This is what you call fulfilling success So again it doesn't matter where you end up what counts is that you gave it your all Sometimes you have to give up things in order to pursue where you want be You have to be creative when setting goals for yourself and see beyond your finger next to your nose however your finger is your vision your creativity goes beyond what is in front of you By being creative y
