Producing and Directing the Short Film and Video Peter W. Rea, David K. Irving, 2015-03-24 Producing and Directing the Short Film and Video Fifth Edition is the definitive book on the subject for the serious film student or beginning filmmaker. Its unique two-fold approach looks at filmmaking from the perspectives of both the producer and director and clearly explains how their separate roles must work together to create a successful short film or video. Through extensive examples from award-winning shorts and insightful interviews, you will learn about common challenges the filmmakers encountered during each step of the filmmaking process, from preproduction to production, postproduction, and distribution, and the techniques they used to overcome them. In celebrating this book's twentieth anniversary, this edition has been updated to include two all-new in-depth case studies of esteemed short films: *Memory Lane* and the Academy Award-winning *God of Love*. A revised chapter progression that reinforces the significance of the actor-director relationship. Interviews with the filmmakers integrated alongside the text, as well as new images and behind-the-scenes coverage of production processes. Revamped sections on current financing strategies, postproduction workflows, and the wide variety of distribution platforms now available to filmmakers. A Where Are They Now appendix featuring updates on the original filmmakers covered in the first edition. An expanded companion website www.focalpress.com/cw/rea containing useful forms and information on distributors, grants, and financing sources, film and video festivals, film schools, internet sources for short works, and professional associations.

Tales of a Driftwood Gangadharan Menon, 2016-03-12 *Tales of a Driftwood* is not a travelogue. It does not tell you how to get there, where to stay, and when to go. The journeys in this book cover more than 20 states in India and the neighbouring countries of Bhutan, Malaysia, and Africa. It has stories of man-animal coexistence and man-animal conflict in nature, as also stories of history and stories of anthropology. The language of the book is simple and lucid, as it is written by a generalist and not a specialist. And the sole purpose of the book is to encourage people to travel and explore the wonders of the world. The author, Gangadharan Menon, is a writer-cum-photographer, and his writings have been widely published in India's leading newspapers like The
