My Life A Guided Tour The Autobiography Of Kenneth N Taylor

**Kenneth Nathaniel Taylor, Virginia J.
Muir**

My Life A Guided Tour The Autobiography Of Kenneth N Taylor:

My Life Kenneth Nathaniel Taylor, Virginia J. Muir, 1991 The legendary Kenneth Taylor not only translated The Living Bible but is responsible for such phenomenal Christian children's books as My First Bible in Pictures and the Little People series My Life A Guided Tour offers a visit with this intriguing personality The Bible in American Life Philip Goff, Arthur E. Farnsley II, Peter J. Thuesen, 2017-03-01 There is a paradox in American Christianity According to Gallup nearly eight in ten Americans regard the Bible as either the literal word of God or inspired by God At the same time surveys have revealed gaps in these same Americans biblical literacy These discrepancies reveal the complex relationship between American Christians and Holy Writ a subject that is widely acknowledged but rarely investigated The Bible in American Life is a sustained collaborative reflection on the ways Americans use the Bible in their personal lives It also considers how other influences including religious communities and the Internet shape individuals comprehension of scripture Employing both quantitative methods the General Social Survey and the National Congregations Study and qualitative research historical studies for context The Bible in American Life provides an unprecedented perspective on the Bible's role outside of worship in the lived religion of a broad cross section of Americans both now and in the past The Bible has been central to Christian practice and has functioned as a cultural touchstone From the broadest scale imaginable national survey data about all Americans down to the smallest details such as the portrayal of Noah and his ark in children's Bibles this book offers insight and illumination from scholars across the intellectual spectrum It will be useful and informative for scholars seeking to understand changes in American Christianity as well as clergy seeking more effective ways to preach and teach about scripture in a changing environment *Evangelicals Incorporated* Daniel Vaca, 2019-12-03 American evangelicalism is big business It is not Daniel Vaca argues just a type of conservative Protestantism that market forces have commodified Rather evangelicalism is an expressly commercial practice in which the faithful participate learn and develop religious identities by engaging corporations and commercial products Toward a Science of Translating? Stefan Felber, 2025-03-27 Eugene A Nida is one of the pioneers and founders of modern translation theory coining the terms dynamic equivalence and formal equivalence and energetically promoting the former though in his latter years preferring the term functional equivalence Originally formulated for the Bible Translation efforts amongst people groups without the Bible Nida's theories of translation have also been widely influential in Translation Studies making this presentation of Eugene A Nida's life 1914 2011 and assessment of his works especially timely and significant Stefan Felber is a German Old Testament scholar former seminary professor and author of the German only *Wesen und Wandel des Wortes Biblisch theologische Grundlagen für das Verständnis von Sprache und Kommunikation* The Nature and Dignity of the Word Biblical Theological Foundations for Understanding Language and Communication in *Zwischen Babel und Jerusalem Aspekte von Sprache und Übersetzung* among other works As such he is uniquely qualified to offer this fair minded and masterful yet critical evaluation of Nida's model of translation

doing so from a rich variety of disciplines including exegesis theology philology and philosophies of language Whether one agrees or disagrees with either Nida or Felber I highly recommend this rigorous and wide ranging exposition for advancing informed dialogue and promoting further understanding and advances in Translation Studies Professor Tom McCormick Tyndale University College Toronto Although the theory of Dynamic or Functional Equivalence was the most widely used method in global Bible translation after the Second World War there has been no comprehensive study of its foundations and how it was developed by Eugene Nida Filling this gap is one of the great merits of Felber s study Felber while showing great respect for Nida critically evaluates Dynamic Equivalence from various perspectives exegetical theological philosophical and linguistic This multi dimensional nuanced approach provides the reader with thought provoking and helpful insights that further the discussion in important ways Felber s study is a must read for all who deal with language and translation in theology and the church in Bible translation and mission Prof Dr Markus Zehnder Internationale Hochschule Bad Liebenzell Evangelische theologische Fakulteit Leuven Ansgarskolen Kristiansand Stefan Felber s Toward a Science of Translating is a landmark study in Biblical Translation Theory focussing on Eugene Nida 1914 2011 who for many years was a central figure in the American Bible Society and the United Bible Societies Nida has been described as probably the world s leading scholar on translation and his theory of Dynamic or Functional Equivalence provided a leading paradigm for Bible translators for decades In this thorough analysis of his work and its reception Felber highlights a number of weaknesses as well as some strengths affiliated with Nida s theory promoting translation theory based on reader oriented thought for thought patterns rather than traditional source oriented analysis of textual form and content Felber s evaluation raises a critical question Are facets of the biblical text pertaining to biblical language and hermeneutics theology and the transcendent downplayed in Nida s addressee oriented approach to translation I hope this book will be widely read by translators biblical scholars and others interested in translation of the Bible Dr Tomas Bokedal Associate Professor of New Testament and Early Christianity NLA University College Norway Docent of New Testament Exegesis Lund University Sweden

Discover the Book God Wrote Bill Bright, 2005 Stop and think about it God is the author of the best selling book in the world the Bible This alone should make you want to study its significance and relevance to your life Discover the Book God Wrote will familiarize readers with the teachings of Jesus the manifestations of the Holy Spirit and the divine character of God the Father It will raise a greater awareness of who God is and how people can know him intimately

Charisma and Christian Life, 1991-07

How Can I Understand the Bible? Bill Bright, 2016-03-01 The Bible is the greatest treasure you will ever own waiting for you to mine its depths and receive all the direction encouragement and wisdom it holds Most people need a little help though and Bill Bright founder of Campus Crusade for Christ Cru ably fills that role as he uncovers for you the Bible s rich resources for living in today s world In How Can I Understand the Bible Dr Bright reveals the reasons for believing the Bible provides insights for understanding its contents offers tips on applying its lessons to your life Included are summaries

for each book of the Bible a one year Bible reading plan and help on how to study the Bible for yourself Whether you re new to the faith or a more seasoned follower of Christ How Can I Understand the Bible will help you dig deeper into the book God wrote an adventure that may just change your life *American Bookseller* ,1990 **Reading Evangelicals** Daniel Silliman,2021-10-05 The story of five best selling novels beloved by evangelicals the book industry they built and the collective imagination they shaped Who are evangelicals And what is evangelicalism Those attempting to answer these questions usually speak in terms of political and theological stances But those stances emerge from an evangelical world with its own institutions institutions that shape imagination as much as they shape ideology In this unique exploration of evangelical subculture Daniel Silliman shows readers how Christian fiction and the empire of Christian publishing and bookselling it helped build is key to understanding the formation of evangelical identity With a close look at five best selling novels Love Comes Softly This Present Darkness Left Behind The Shunning and The Shack Silliman considers what it was in these books that held such appeal and what effect their widespread popularity had on the evangelical imagination Reading Evangelicals ultimately makes the case that the worlds created in these novels reflected and shaped the world evangelicals saw themselves living in one in which romantic love intertwines with divine love humans play an active role in the cosmic contest between angels and demons and the material world is infused with the literal workings of God and Satan Silliman tells the story of how the Christian publishing industry marketed these ideas as much as they marketed books and how during the era of the Christian bookstore this every bit as much as politics or theology became a locus of evangelical identity

American Book Publishing Record ,1995 *Apostles of Reason* Molly Worthen,2013-10-01 Evangelical Christianity is a paradox Evangelicals are radically individualist but devoted to community and family They believe in the transformative power of a personal relationship with God but are wary of religious enthusiasm They are deeply skeptical of secular reason but eager to find scientific proof that the Bible is true In this groundbreaking history of modern American evangelicalism Molly Worthen argues that these contradictions are the products of a crisis of authority that lies at the heart of the faith Evangelicals have never had a single authority to guide them through these dilemmas or settle the troublesome question of what the Bible actually means Worthen chronicles the ideological warfare institutional conflict and clashes between modern gurus and maverick disciples that lurk behind the more familiar narrative of the rise of the Christian Right The result is an ambitious intellectual history that weaves together stories from all corners of the evangelical world to explain the ideas and personalities the scholarly ambitions and anti intellectual impulses that have made evangelicalism a cultural and political force In *Apostles of Reason* Worthen recasts American evangelicalism as a movement defined not by shared doctrines or politics but by the problem of reconciling head knowledge and heart religion in an increasingly secular America She shows that understanding the rise of the Christian Right in purely political terms as most scholars have done misses the heart of the story The culture wars of the late twentieth century emerged not only from the struggle between religious conservatives and

secular liberals but also from the civil war within evangelicalism itself a battle over how to uphold the commands of both faith and reason and how ultimately to lead the nation back onto the path of righteousness Christian History Paul R. Waibel, 2000 Christian History is a concise summary of Christian history arranged chronologically and divided into ten chapters each covering a specific time period **The Cumulative Book Index** , 1909 A world list of books in the English language *Books in Print* , 1991 **Directions** , 1991 **The Publishers' Trade List Annual** , 1884 **Readers' Guide to Periodical Literature** , 1916 Author and subject index to a selected list of periodicals not included in the Readers guide and to composite books *Reader's Guide to American History* Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977
