Volume 4, 1900-1950 George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Childhood and Child Labour in the British Industrial Revolution Jane Humphries,2010-06-24 This is a unique account of working class childhood during the British industrial revolution first published in 2010 Using more than 600 autobiographies written by working men of the eighteenth and nineteenth centuries Jane Humphries illuminates working class childhood in contexts untouched by conventional sources and facilitates estimates of age at starting work social mobility the extent of apprenticeship and the duration of schooling The classic era of industrialisation 1790 1850 apparently saw an upsurge in child labour While the memoirs implicate mechanisation and the division of labour in this increase they also show that fatherlessness and large subsets common in these turbulent high mortality and high fertility times often cast children as partners and supports for mothers struggling to hold families together The book offers unprecedented insights into child labour family life careers and schooling Its images of suffering stoicism and occasional childish pleasures put the humanity back into economic history and the trauma back into the industrial revolution *Textualities* Hugh J.

Silverman,2013-10-28 *Textualities* is both an account of recent developments in Continental philosophy and a demonstration of philosophy as a distinctive theoretical practice of its own It can be read as a presentation and evaluation of major figures from Heidegger and Merleau Ponty to Foucault and Derrida with detailed accounts of Nietzsche Sartre Levi Strauss Barthes Blanchot and Kristeva Beyond the Gate Doug Jordan,Sidney Shapira,2024-08-21 When the world amazes and words fail the rest of us true poets step up to capture such moments forever and then hold them up for the consideration edification and enjoyment of others like precious gems best viewed from multiple angles The poems and photography in this collection do just that with the poignant and thought provoking work of Doug Jordan and Sidney Shapira inviting readers to stop awhile

and ponder what truly might lie Beyond the Gate Supported once again by the artful photography of Sidney Shapira this collection is a follow up to The Gate and Other Poems on a Life s Journey FriesenPress 2021 a poetry collection that truly captured the hearts and minds of its readers Examining similar themes as its predecessor with provocative inspiring and occasionally amusing poetry Sidney has added his own poetic voice to the collection this time elevating and expanding its appeal and ensuring that this next journey to the gate and beyond is well worth taking Slips of the Mind Jennifer Soong,2025-04-07 An audacious account of what happens when forgetting becomes a way of writing and writing becomes a way of forgetting In Slips of the Mind poet and critic Jennifer Soong turns away from forgetting s long standing associations with suppression privation and error to argue that the absence or failure of memory has often functioned as a generative creative principle Exploring forgetting not as the mere rejection of a literary past or a form of negative poetics Soong puts to the test its very aesthetic meaning What new structures forms of desires styles and long and short feelings do lapses in time allow What is oblivion s relationship to composition And how does the twentieth century poet come to figure as the quintessential embodiment of such questions Soong uncovers forgetting s influence on Gertrude Stein Lyn Hejinian Tan Lin Harryette Mullen Lissa Wolsak and New York School poets John Ashbery James Schuyler Bernadette Mayer and Ted Berrigan among others She reveals that forgetting s shapeshifting produces differences in poetic genre interest and degrees of intentionality and that such malleability is part of forgetting s nature Most provocatively Soong shows how losing track of things leaving them behind or finding them already gone resists overdetermination and causality in the name of surprise as poets leverage forgetting in order to replace identity with style Slips of the Mind is the kind of literary criticism that will reward all readers of modern and contemporary poetry **The Cambridge Introduction to American Poetry since 1945** Andrew Epstein,2022-12-15 Contemporary American poetry can often seem intimidating and daunting in its variety and complexity This engaging and accessible book provides the first comprehensive introduction to the rich body of American poetry that has flourished since 1945 and offers a useful map to its current landscape By exploring the major poets movements and landmark poems at the heart of this era this book presents a compelling new version of the history of American poetry that takes into account its variety and breadth its recent evolution in the new millennium its ever increasing diversity and its ongoing engagement with politics and culture Combining illuminating close readings of a wide range of representative poems with detailed discussion of historical political and aesthetic contexts this book examines how poets have tirelessly invented new forms and styles to respond to the complex realities of American life and culture **Some Of My Feelings** Arif Hussain,2024-06-09 Dive into the rich tapestry of human emotion with SOME OF MY FEELINGS a captivating collection of poetry Through evocative language and vivid imagery these heartfelt verses explore the depths of love passion desire and heartbreak Each poem invites readers on a journey of self discovery offering solace inspiration and a deeper understanding of the universal human experience Whether celebrating the joy of connection or navigating the
