these two words together but they perfectly capture the story of Australia's film industry revealed in this compelling book. Since the early 20th century Australia's local screen industry has fought a fierce battle against the overwhelming dominance of Hollywood striving to keep homegrown feature films on Australian cinema screens. This is a story of resilience and cultural pride where the struggles of the nation's filmmakers have been metaphorically aligned with the heroic narrative of the Anzac soldier. Much like the first Anzacs at Gallipoli, heroes even in the face of devastating defeat, Australia's cinema has a celebrated history of seeing itself as valiant even when the odds were stacked against it. Peter Mageros delves into the deep historical connections between myth and cinema exploring how filmmakers such as Longford, Chauvel, Weir and Beresford have drawn inspiration from the iconic images of the Diggers on screen. The book reveals how the theme of the heroic film industry persists in contemporary times with Australian filmmakers portrayed as going into the trenches alongside the legendary soldiers. This is a story of true heroism not always one of triumphant conquest but of unwavering determination to protect and preserve a uniquely Australian cinematic voice.

Beyond the Silver Screen Mary Tomsic, 2017-10-16. *Beyond the Silver Screen* tells the history of women's engagement with filmmaking and film culture in twentieth century Australia. In doing so it explores an array of often hidden ways women in Australia have creatively worked with film. *Beyond the Silver Screen* examines film in a broad sense considering feature filmmaking alongside government documentaries and political films. It also focusses on women's work regulating films and supporting film culture through organising film societies and workshops to encourage female filmmakers. As such it tells a new narrative of Australian film history. *Beyond the Silver Screen* reveals the variety of roles film has in Australian society. It presents film as a medium of creative and political expression which women have engaged with in diverse ways throughout the twentieth century. Gender roles and gendered ideologies operating within society at large have influenced women's opportunities to work with film and how their filmwork is recognised. *Beyond the Silver Screen* shows women's sustained involvement with film is best understood as political and cultural action.

The Cinema of Australia and New Zealand Geoff Mayer, Keith Beattie, 2007. From *The Story of the Kelly Gang* in 1906 to the *Lord of the Rings* trilogy, Australia and New Zealand have made a unique impact on international cinema. This book celebrates the commercially successful narrative feature films produced by these cultures as well as key documentaries, shorts and independent films. It also invokes issues involving national identity, race, history and the ability of two small film cultures to survive the economic and cultural threat of Hollywood. Chapters on well-known films and directors such as *The Year of Living Dangerously* (Peter Weir, 1982), *The Piano* (Jane Campion, 1993), *Fellowship of the Ring* (Peter Jackson, 2001) and *Rabbit Proof Fence* (Philip Noyce, 2002) are included, with less popular but equally important films and filmmakers such as *Jedda* (Charles Chauvel, 1955), *They're a Weird Mob* (Michael Powell, 1966), *Vigil* (Vincent Ward, 1984) and *The Goddess of 1967* (Clara Law, 2000).

Law, Lawyers and Justice Kim D Weinert, Karen Crawley, Kieran Tranter, 2020-04-01. This book engages with the place of law and legality within Australia's distinctive contribution to global televisual culture. Australian

popular culture has created a lasting legacy for good or bad of representations of law lawyers and justice down under Within films and television of striking landscapes peopled with heroes antiheroes survivors and jokers there is a fixation on law conflicts between legal orders brutal violence and survival Deeply compromised by the ongoing violence against the lives and laws of First Nation Australians Australian film and television has sharply illuminated what it means to live with a rule of law that rules with a legacy and a reality of deep injustice This book is the first to bring together scholars to reflect on and critically engage with the representations and global implications of law lawyers and justice captured through the lenses of Australian film television and social media Exploring how distinctively Australian lenses capture uniquely Australian images and narratives the book nevertheless engages these in order to provide broader insights into the contemporary translations and transmutations of law and justice
