Lewis,2008-06-01 Ethical discourse about the institution of voting rarely includes the option of abstaining for principled reasons This collection of nine articles widens the discussion in that direction by giving readers a new question At what point and on what grounds might one choose not to vote as an act of conscience Contributors offer both ethical and faith based reasons for not voting For some it is a matter of candidates not measuring up to high standards for others it is a matter of reserving political identity and allegiance for the church rather than the nation state These writers representing a wide range of Christian traditions cite texts from diverse sources Mennonites Pentecostals and pre Civil Rights African Americans Some contributors reference the positions of Catholic bishops Karl Barth or John Howard Yoder New Testament texts also figure strongly in these cases for conscientious abstention from voting In addition to cultivating the ethical discussion around abstention from voting the contributors suggest alternative ways beneficially to engage society This volume creates a new freedom for readers within any faith tradition to enter into a dialogue that has not yet been welcomed in North America

The Christians' God Does Not Exist! Yes, He/She Does! Proncell F. Johnson Jr.,2018-02-22 The Christians God Does Not Exist Yes He She Does By Proncell F Johnson Jr Carl Sagan popular astronomer cosmologist astrophysicist and astrobiologist wrote We are Star Stuff which has taken its destiny into its own hands The scientific community basically agrees that everything is made of atoms Proncell F Johnson Jr says that they are all wrong Johnson shows that the material universe along with us mortals is one big illusion for all things are actually incorporeal spiritual the manifestation of the spiritual being we Christians have come to call God He says that the realization of and utilization of this fact will enable one to duplicate for himself the so called miracles of Christ Jesus in degrees thus proving the existence of this God and the non

existence of matter Johnson's proof is based upon a law of physics that make it all but impossible to refute as the below reviews confirm     *The Collected Sermons of David Bartlett* David L. Bartlett, 2020-01-21 This collection of fifty two sermons shows beloved New Testament scholar David Bartlett at his best Bartlett who died in 2017 spent his career teaching and mentoring preachers at The University of Chicago Divinity School Yale Divinity School Union Presbyterian Seminary and Columbia Theological Seminary as well as serving as a pastor in American Baptist churches Thus he has generations of friends and former students who knew him for his quick wit passion for justice and deep knowledge of the Bible Those traits show through in these sermons As Nora Tisdale says in the foreword All of the sermons in this volume give witness to David's passion for preaching that is solidly grounded in the biblical text Most of them actually begin as Karl Barth urged preachers to begin with the biblical text If they don't begin there they always get there fairly quickly And David's interpretations of texts often surprise the reader with their freshness and clarity In addition to individual sermons several multiweek sermon series including a series on Who Is Jesus and Great Words of the Faith are included
