## **My Mothers House And Sido:**

**My Mother's House and Sido** Colette, 2002-06-20 In *My Mother's House and Sido* Colette plays fictional variations on the themes of childhood family and above all her mother Vividly alive fond of cities music theater and books Sido devoted herself to her village Saint Saveur to her garden with its inhabitants and its animals and especially to her children particularly her youngest whom she called Minet Ch ri Unlike *Gigi* and *Ch ri* which focus largely on sexual love and its repercussions *My Mother's House and Sido* center on the compelling figure of a powerful nurturing woman in late nineteenth century rural France conveying the impact she had on her community and on her daughter who grew up to be a great writer

*My Mother's House; and Sido* Sidonie-Gabrielle Colette, 2005-07-01 In *My Mother's House* to her garden with its inhabitants especially to her children particularly her youngest Colette whom she called Minet Cheri These two stories center on the compelling figure of a powerful nurturing woman in late 19th century rural France vividly conveying the impact she had on her community her daughter who grew up to be a great writer There is not a word which does not count Translated from the French *My Mother's House* Colette, 1968 *The Mother / Daughter Plot* Marianne Hirsch, 1989-10-22 Mothers and daughters the female figures neglected by classic psychoanalysis and submerged in traditional narrative are at the center of this book The novels of nineteenth and twentieth century women writers from the Western European and North American traditions reveal that the story of motherhood remains the unspeakable plot of Western culture Focusing on the feminine and more controversially on the maternal this book alters our perception of both the familial structures basic to traditional narrative the Oedipus story and the narrative structures basic to traditional representations of the family Freud's family romance Confronting psychoanalytic theories of subject formation with narrative theories Marianne Hirsch traces the emergence and transformation of female family romance patterns from Jane Austen to Marguerite Duras **My Mother's House and Sido ("La Maison de Claudine. Sido"). [Translated by Una Vincenzo Troubridge and Enid McLeod.**

**Introduction by Roger Senhouse.].** Colette, 1953 **Colette and the Incest Taboo** Dr. Carol Mastrangelo Bove, 2025-01-14 This book makes an argument critical to literary theory and sexuality in 2022 It argues that Colette's fiction portrays a woman struggling to live in the throes of the incest taboo understood in its psychological implications for power relations both private and public then and now Informed by Julia Kristeva's work it approaches Colette's writing and its translation along with two films via close psychoanalytic readings It demonstrates that this version of Kristeva's psychoanalytic theory in an accessible form and with emphasis on the psychology of women and social transformation helps to read Colette for the twenty first century as well as to show how Kristeva's theory works This volume examines especially Colette's most admired novels especially from the second half of her life including the much misunderstood *La Maison de Claudine* 1922 where the incest taboo surfaces in the relationship of the narrator with the mother The taboo had appeared two years earlier in *Ch ri* 1920 in the rapport between the maternal L a a woman of a certain age and the young man Ch ri

finally in *Gigi* the incest taboo characterises the relations between the young teenager of the eponymous title and her much older uncle figure Gaston

*Thinking through the Mothers* Janet Beizer, 2011-03-15 If questions of subjectivity and identification are at stake in all biographical writing they are particularly trenchant for contemporary women biographers of women Often their efforts to exhume buried lives in hope of finding spiritual foremothers awaken maternal phantoms that must be embraced or confronted Do women writing in fact have any greater access to their own mothers lives than to the lives of other women whose stories have been swept away like dust in the debris of the past In *Thinking through the Mothers* Janet Beizer surveys modern women's biographies and contemplates alternatives to an approach based in lineage and the form of thought that emphasizes the line the path hierarchy unity resemblance reflection and the aesthetic mimesis that depends on these ideas Through close readings of memoirs and fictions about mothers Beizer explores how biographers of the women who came before rehearse and rewrite relationships to their own mothers biographically as they seek to appropriate the past in a hybrid genre she calls bio autography *Thinking through the Mothers* features the work of George Sand and Colette and spans such varied figures as Gustave Flaubert Julian Barnes Louise Colet Eunice Lipton Vladimir Nabokov Huguette Bouchardeau and Christa Wolf Beizer seeks an alternative to women's salvation biography or resurrection biography that might resist nostalgia be attentive to silence and reinvent the means to represent the lives of precursors without appropriating traditional models of genealogy

*Secrets of the Flesh* Judith Thurman, 2011-03-30 A scandalously talented stage performer a practiced seductress of both men and women and the flamboyant author of some of the greatest works of twentieth century literature Colette was our first true superstar Now in Judith Thurman's *Secrets of the Flesh* Colette at last has a biography worthy of her dazzling reputation Having spent her childhood in the shadow of an overpowering mother Colette escaped at age twenty into a turbulent marriage with the sexy unscrupulous Willy a literary charlatan who took credit for her bestselling Claudine novels Weary of Willy's sexual domination Colette pursued an extremely public lesbian love affair with a niece of Napoleon's At forty she gave birth to a daughter who bored her at forty seven she seduced her teenage stepson and in her seventies she flirted with the Nazi occupiers of Paris even though her beloved third husband a Jew had been arrested by the Gestapo And all the while this incomparable woman poured forth a torrent of masterpieces including *Gigi* *Sido* *Chéri* and *Break of Day* Judith Thurman author of the National Book Award winning biography of Isak Dinesen portrays Colette as a thoroughly modern woman frank in her desires fierce in her passions forever reinventing herself Rich with delicious gossip

Roberts,2024-07-12 The power of Colette's work comes from its modernist storytelling Colette was a pioneering ground breaking modernist writer but has not always had her originality and worth recognized in Britain Her work provocatively uses unstable narratives gaps silences fairytale mythical tropes and sensual evocations of childhood sex and landscapes In this book Michèle Roberts examines how Colette invents new forms to express her unsettling content on desire perversion ageing and different forms of love Delving into four key texts Roberts explores Colette's willingness to break open taboos about older woman and desire as well as hidden and forbidden aspects of human longings and pleasures Through these readings Roberts discovers that Colette's work is even more entrancing more disturbing and more original than she first thought      **Literary Gardens** Sandra Lawrence,2025-09-16 This book celebrates the most enchanting gardens from

Grosholz,2004-01-22 The legacy of Simone de Beauvoir has yet to be properly assessed and explored The 50th anniversary of the publication of The Second Sex inspired this volume which brings together philosophers and literary critics some of whom are well known for their books on Beauvoir Bauer Le Doeuff Moi others new to Beauvoir studies though long familiar with her work Grosholz Imbert James Stevenson Wilson One aim of this collection is to encourage greater

recognition of Beauvoir's philosophical writings through systematic reflection on their place in the canon and on her methods. *The Second Sex* played a central role in the profound shift in philosophy's self-understanding that took place in the latter half of the twentieth century and today offers new problems for reflection and novel means for appropriating older texts. Its reflective iconoclasm can be compared to that of Descartes' *Meditations*; its enormous, directly discernible impact on our social world invites comparison with Locke's *Two Treatises of Government*. The collection also examines the relationship between Beauvoir's literary writing and her philosophical thought. Deeply concerned with the critical and creative powers of reason as well as with the betterment of our suffering world, Simone de Beauvoir wrote in a variety of genres in addition to the philosophical essay: the novel, political journalism, and the memoir. The multiplicity of her voices was closely related to her philosophical project. Since Beauvoir's method, like that of W. E. B. du Bois, proceeded from her own immediate experience, her reflections had to find expression sometimes as narrative, sometimes as autobiography, sometimes as argument. *The Legacy of Simone de Beauvoir* demonstrates the many ways in which Beauvoir's writings, in particular *The Second Sex*, can serve as resources for thought for the life of the mind, which is as concerned with the past and future as it is with the present.
