My Name Is Ivan:

The Best American Short Plays 2000-2001 Glenn Young, Mark Glubke, 2002-09 A collection of one act plays from American playwrights which cover such themes as love fantasy politics grief marriage crime and deceit *Dangerous to Love* Rexanne Becnel, 2015-11-24 A nobleman of illegitimate birth is determined to give society its comeuppance but a spirited woman may change his mind about love and marriage With revenge in his soul Ivan Thornton the rakehell known as the Gypsy bastard cuts a swath across London leaving broken hearts in his wake But the newly entitled Earl of Westcott and the most eligible bachelor in the city hasn't even begun to punish society for turning its back on him when he was a child making him suffer for the sins of his father A spinster possessing neither title nor fortune Lucy Drysdale knows that her sharp repartee and intellectual curiosity frighten off potential husbands In London to chaperone the sheltered young cousin of the Earl of Westcott through her first social season she plans to attend lectures given by the world class expert in psychology with whom she's been secretly corresponding Instead she finds herself clashing with an arrogant uncivilized nobleman who is handsomer than sin and awakens passionate feelings in her Vowing to keep her wits about her Lucy dares the unthinkable taming a man whom society deems too dangerous to love *The Return of the Galilean* John Clark Smith, 2023-01-12 In a fragmented divisive and secular world a follower of John the Baptist miraculously appears to continue the mission he had pursued in the ancient world As his journey unfolds he visits many of the world's leaders to warn them of a coming transformation Though they ignore him the popularity of his message grows At the same time a young woman starts her own mission through inspirational speeches railing against the leaders of our society and their lack of spiritual life The two join together to bring on the coming transformation but numerous enemies attack them and try to prevent their work

UTOPIA'S SUICIDE John Paul, 2013 Having one foot in North America and one in Europe the author inevitably compares these two continents their surroundings their people and their modus vivendi The interpretation of happenings on these continents as they relate to one life's adventure is the scope of this work which is before everything else a collage of personal biography illuminated by flashes of the remarkable historical moments preceding the emigration There are moreover interpretations of impressions colored with romantic enchanting mysticism and alternatively subjective impressions of immigrants who came to America to find a better life and expected to some extent to find a promised land on a platter In either case impressions are based on predispositions of what immigrants from the old country envisioned America to be like However gratia is not a prerequisite it does not exist in the meaning of *emi* nor *immi gratia* Is this memoir an unprejudiced evaluation and objective notation of experiences as they were or a biased overflow of emotions ridicule and sarcasm or delight and adornment What is the difference between autobiography memoir and diary versus a fictitious rather historical novel in the first place A degree of deviation from factual reality A conglomerate relatively dry when transferred onto paper this cacophony without regard to categorization may enlighten the mind of one American or one potential

immigrant by informing or reforming the picture of the mirage of a once magical New World or the romanticism of the Old One

The Likeness Gretchen Bakke,2020-05-19

The Likeness is a close ethnographic study of subjectivity in the former Yugoslav republic of Slovenia In this highly imaginative work the author argues that much of what matters in Slovenia plays out on surfaces of people and things systems and locations rendering the complexity of expression external and legible but rarely unique or original Here likenesses are everywhere in bloom and powerfully deployed Moving blithely from Slovenia s most famous thinkers to its most confounding artists from grammatical categories of number to the particularities of history The Likeness explores alternative modes of self expression as postsocialist Slovenia gains visibility on the world stage
