My Rodom Iz Oktiabria:

Return to the NEP Oscar J. Bandelin, 2002-12-30 No scholar denies Mikhail S Gorbachev's role in developing a new approach to Soviet socialism but most writers emphasize the radical departure from traditional Soviet ideology that perestroika seemed to represent This work presents perestroika as part of the continuum of European intellectual history It examines the sources of Gorbachev's thinking and action in 19th century thought the development of Russian Marxism through the intellectual crisis at the turn of the 20th century the pragmatic and philosophical challenges to the Marxist Leninist paradigm Stalinism and its critics and reform Communism in post World War II Eastern Europe Against this background the book argues that the decline and fall of Soviet Communism was much more deeply connected with ideological issues than most scholars have realized Bandelin presents fresh analyses of the impacts of major works and ideas such as Lenin's Materialism and Empirio Criticism the neglected Marxian concept of the Asiatic mode of production and the underlying relationship of East European reform Communism to perestroika He analyzes the major intellectual trends of perestroika in terms of these and other currents This study offers a perspective that challenges most of current scholarship on the issues it raises suggests new avenues for research and contributes to a broader overall understanding of the problems of Soviet socialism and Gorbachev's effort to solve them A Handbook for Archival Research in the USSR Patricia Kennedy Grimsted,1989 White Dr S 890721 Russian Nationalism and the Politics of Soviet Literature S. Cosgrove, 2004-01-29 Russian nationalism increasingly important as the Russian Federation finds its place in the world is not a new phenomenon Who were the Russian nationalists before the creation of today s Russia What were their views What was their political influence This book seeks answers to these questions by looking in detail at the last decade of the USSR through the eyes of a group of Russian nationalist intellectuals gathered around the literary journal Nash sovremennik The author suggests that in the Twenty first century a specifically Russian type of nationalism ethnic and statist could provide the ideological underpinning for a new authoritarianism **The American Archivist** ,1989 Includes sections Reviews of books and Abstracts of archive publications Western and Eastern Europe The Holy Place Konstantin Akinsha, Grigorii Kozlov, Sylvia Hochfield, 2008-10-01 This title surveys two centuries of Russian history through a succession of ambitious architectural projects designed for a single construction site in central Moscow It explores each project for this ideologically charged site and documents the grand projects that were built as well as those that were only dreamed Rockets and Revolution Michael G. Smith, 2014-12-01 Rockets and Revolution offers a multifaceted study of the race toward space in the first half of the twentieth century examining how the Russian European and American pioneers competed against one another in the early years to acquire the fundamentals of rocket science engineer simple rockets and ultimately prepare the path for human spaceflight Between 1903 and 1953 Russia matured in radical and dramatic ways as the tensions and expectations of the Russian revolution drew it both westward and spaceward European and American industrial capacities

became the models to imitate and to surpass The burden was always on Soviet Russia to catch up enough to achieve a number of remarkable firsts in these years from the first national rocket society to the first comprehensive surveys of spaceflight Russia rose to the challenges of its Western rivals time and again transcending the arenas of science and technology and adapting rocket science to popular culture science fiction political ideology and military programs While that race seemed well on its way to achieving the goal of space travel and exploring life on other planets during the second half of the twentieth century these scientific advances turned back on humankind with the development of the intercontinental MLA International Bibliography of Books and ballistic missile and the coming of the Cold War Purchase the audio edition Articles on the Modern Languages and Literatures, 1987 Vols for 1969 include ACTFL annual bibliography of books and Overtaken by the Night Richard Robbins, 2018-01-27 Vladimir Fedorovich articles on pedagogy in foreign languages 1969 Dzhunkovsky was a witness to Russia s unfolding tragedy from Tsar Alexander II s Great Reforms through world war revolution the rise of a new regime and finally his country's descent into terror under Stalin But Dzhunkovsky was not just a passive observer he was an active participant in his troubled and turbulent times often struggling against the tide In the centennial of the Russian revolution his story takes on special significance Highly readable Overtaken by the Night captivates on many levels It is a gripping biography of a man of many faces a behind the curtain look at the inner workings of Russian politics at its highest levels and also an engrossing account of ordinary Russians engulfed by swiftly moving political and social currents Dzhunkovsky served as a confidant in the tsar s imperial court and as governor in Moscow province during and after the 1905 revolution In 1913 he became the empire's security chief determined to reform the practices of the dreaded tsarist political police the Okhrana Dismissed from office for daring to investigate and warn Tsar Nicholas about Rasputin his path led him into combat on the battlefields of the First World War A natural leader of men he held his units together even as revolution spilled into the trenches Arrested as a counterrevolutionary in 1918 and imprisoned until 1921 Dzhunkovsky avoided execution thanks to an outpouring of public support and his reputation for treating revolutionaries with fairness and dignity Although later he consulted for the Stalinist secret police he was tried and executed in 1938 as an enemy of the people Based on Dzhunkovsky s detailed memoirs and extensive archival research Overtaken by the Night paints a fascinating picture of an important figure Dzhunkovsky s incredible life reveals much about a long and crucial period in Russian history It is a story of Russia in revolution reminiscent of the fictional Doctor Zhivago but perhaps even more extraordinary for being true **Disruption** Michael De Groot, 2024-03-15 In Disruption Michael De Groot argues that the global economic upheaval of the 1970s was decisive in ending the Cold War Both the West and the Soviet bloc struggled with the slowdown of economic growth chaos in the international monetary system inflation shocks in the commodities markets and the emergence of offshore financial markets The superpowers had previously disseminated resources to their allies to enhance their own national security but the disappearance of postwar conditions during the 1970s forced Washington and

Moscow to choose between promoting their own economic interests and supporting their partners in Europe and Asia De Groot shows that new unexpected macroeconomic imbalances in global capitalism sustained the West during the following decade Rather than a creditor nation and net exporter as it had been during the postwar period the United States became a net importer of capital and goods during the 1980s that helped fund public spending stimulated economic activity and lubricated the private sector The United States could now live beyond its means and continue waging the Cold War and its allies benefited from access to the booming US market and the strengthened US military umbrella As Disruption demonstrates a new symbiotic economic architecture powered the West but the Eastern European regimes increasingly became a burden to the Soviet Union They were drowning in debt and the Kremlin no longer had the resources to rescue Autopsy on an Empire Jack F. Matlock, 1995 Matlock who served in the USSR for most of his career including as ambassador during the Reagan and Bush administrations gives this insider s look at the years leading up to the collapse of the Soviet Union in December 1991 Vladimir Putin's Version of War and Peace J. L. Black, 2025-03-24 Like its predecessor Eternal Putin Confronting Navalny the Pandemic Sanctions and War with Ukraine Lexington 2023 Vladimir Putin s Version of War and Peace The Battle for the Russian Home Front 2022 24 is a chronological and descriptive account of almost all facets of Russian life during a very short period of time i e from the onset of Russia's war on Ukraine in February 2022 to its presidential election in March 2024 Its strength lies in its wealth of detail on Russia's home front To set the stage the first chapters cover the course of war primarily focused on the consequences of the war for Russians at home The ripple effects follow in chapters on Russia s politics its economy human and civil rights and the Kremlin s international relationships Among the subjects featured in sub sections are the foreign agent frenzy pressure against the LGBT community schools as incubators of young patriots healthcare the environment the media Russia s new diaspora in exile the Russian Orthodox Church s role war crimes and international sport Putin as vozhd leader is the subject of one chapter Russia s forced and chosen pivot to the East for political and economic allies are also examined Above all this book highlights the Russian government's attempts to create a loyal citizenry Nowhere else is the battle for the home front covered so thoroughly

The Top Books of the Year My Rodom Iz Oktiabria The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. My Rodom Iz Oktiabria: Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. My Rodom Iz Oktiabria: Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a guiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
