Achieve the College Dream Maria Carla Chicuen,2016-05-19 Students with few resources rarely apply to top colleges

Even when they have the academic and extracurricular merits to be admitted to institutions like Harvard Yale and Princeton these students usually opt for less selective universities Many ignore that top colleges are actively seeking outstanding candidates regardless of their economic background What s more a great number of colleges offers generous financial aid to make sure every student can afford to attend This book is the definitive resource to help high achieving low income students access the best possible college The author draws from her extensive experience in education to provide advice on important aspects of the path to college such as pursuing a strong high school curriculum preparing for standardized exams complementing learning at school developing leadership and finding expert help and role models all through affordable strategies In the book the author also guides students through the college application and selection processes as well as the steps to obtain enough financial aid From the very first page the author sheds light on her own journey to college through deeply personal vignettes demonstrating by example that students with few resources can reach and succeed at the top universities in the United States      **Dibs** Virginia M. In 1947 Virginia Axline introduced professional psychotherapists to a new way of working with children called Nondirective Play Therapy In 1964 she introduced the rest of the world to Dibs Dibs is silent Dibs is a mystery to his parents and teachers Dibs cannot be reached no matter how hard they try He hides under tables and lashes out at other children Some think he s incapable of learning and interacting in a regular classroom Some think he s emotionally disturbed Everyone is desperate to fix him except for Miss A Miss A as Dibs calls her believes that Dibs already knows the answers and can show her what he needs if she is patient enough accepting enough and observant enough Dibs parents think she s wasting her time trying to watch him play He doesn t play and he doesn t talk Dibs mother finally agrees to let Miss A try her methods but she s not holding her breath Miss A then introduces Dibs and us to her special play room where children can be just exactly who they truly are The room is not magical but the relationship between therapist and child is In the safety and freedom of this special relationship we begin to see what Axline meant when she first encouraged therapists to offer children the opportunity to play out these feelings and realize the power within themselves A must read classic for play therapists Charles E Schaefer PhD RPT S Professor Emeritus of Psychology Fairleigh Dickinson University Co Founder and Director Emeritus The Association for Play Therapy Dibs In Search of Self is a timeless account of Axline as play therapist advocate and partner in Dibs therapeutic journey I marvel at Axline s ability to encompass multiple roles while demonstrating integration in all of her interactions whether in the playroom conducting classroom observations or working with Dibs parents This is essential reading for play therapists child development and counseling practitioners Natalya Ann Lindo PhD LPC CCPT S CPRT S
