Love kept them together and they never gave up on each other. Even when unimaginable obstacles got in their way and the word can't never entered the picture. Friendly aliens assisted in nearly every way without giving up their advanced technology. They even destroyed one of their starships to see a safe return of the shuttle and its crew. This is an action-packed story with lots of drama and please don't do some of the stunts they did; this is fiction after all. All characters' names and places are fictional along with everything else. All music is copyrighted by one record company or another.

In the past decade Lizzie Solomon and the Victorian mansion where she disappeared have taken on almost mythic status. Conspiracy theorists feed the frenzy that Lizzie is still buried in the crumbling walls while her mother who sits in prison convicted of killing her loudly proclaims her innocence. Paired with a skeptical detective Vivvy falls deeper into the mystery of why Lizzie has never been found. When a vicious podcaster takes aim at Vivvy's own secrets and those of the vanished girl, Vivvy's life unravels like the mysterious galaxies she chases. Julia Heaberlin delivers a resilient and unforgettable heroine in Vivvy Bouchet, a woman who walks the line between evidence-based science and unexplained phenomenon. Sharply relevant, *Night Will Find You* explores the mysterious nature of belief in science, in a higher power, and the delicate dance with the things we can't know.

When the Parish Falls C. J. Patrick, 2011. What if something that you have always taken for granted turned out to be something so wrong that it shook you to your very foundation? Something your parents would never allow you to question while you grew up. That is the case in which attorney Donegan Coffey found himself after being raised in a devout Irish Catholic family. Coffey's mother died three days after he finished the bar exam. His mother's death put him in a tail spin for about eleven years. Coffey self-medicated on alcohol while building his legal practice until he finally started coming out of it after moving out of the neighborhood parish in which he was raised. His father remained in the family homestead and got older and required the assistance of Coffey and his seven brothers and sisters. They all banded together to care for their father as the neighborhood around him changed. All tried to keep him safe until one night the parish priest was found murdered in the alley outside of the rectory. As this only happened three blocks from his father's house, Coffey felt compelled to look into the circumstances of Father Mike's murder, who had been a close family friend for some thirty years. As Coffey investigates the murder, he uncovers a past that calls into question all the religious beliefs that his parents had drilled into his head while growing up. The final outcome makes Coffey question everything about his mother's beliefs, the church, and the parish in which he was raised.
