My Sixteenth Summer:

Sixteenth Summer Nola Carlson, 1985 *From Missouri* Thad Snow, 2012-10-01 After years of subjecting the editors of St Louis newspapers to eloquent letters on subjects as diverse as floods tariffs and mules Thad Snow published his memoir *From Missouri* in his mid seventies in 1954 He was barely retired from farming for more than half a century mostly in the Missouri Bootheel or Swampeast Missouri as he called it Now back in print with a new introduction by historian Bonnie Stepenoff these sketches of a life a region and an era will delight readers new to this distinctive American voice as well as readers already familiar with this masterpiece of the American Midwest Snow purchased a thousand acres of southeast Missouri swampland in 1910 cleared it drained it and eventually planted it in cotton Although he employed sharecroppers he grew to become a bitter critic of the labor system after a massive flood and the Great Depression worsened conditions for these already burdened workers Shocking his fellow landowners Snow invited the Southern Tenant Farmers Union to organize the workers on his land He was even once accused of fomenting a strike and publicly threatened with horsewhipping Snow s admiration for Owen Whitfield the African American leader of the Sharecroppers Roadside Demonstration convinced him that nonviolent resistance could defeat injustice Snow embraced pacifism wholeheartedly and denounced all war as evil even as America mobilized for World War II after the attack on Pearl Harbor In the late 1940s and early 1950s he became involved with creating Missouri s conservation movement Near the end of his life he found a retreat in the Missouri Ozarks where he wrote this recollection of his life This unique and honest series of personal essays expresses the thoughts of a farmer a hunter a husband a father and grandfather a man with a soft spot for mules and dogs and all kinds of people Snow s prose reveals much about a way of life in the region during the first half of the twentieth century as well as the social and political events that affected the entire nation Whether arguing that a good stock dog should be left alone to do its work explaining the process of making swampland suitable for agriculture or putting forth his case for world peace Snow s ideas have a special authenticity because they did not come from an ivory tower or a think tank they came From Missouri
