Wild Monterey Bay is a collection of over 40 first-person accounts in response to the question: What is your most memorable wildlife encounter in Monterey Bay? Read stories from people from all walks of life who have incredible stories about the rich wildlife and vast ecosystem that is Monterey Bay. This book is a celebration of the bay and the people who interact with it. About This Book: Storytelling is human nature. We started this project in 2016 with the hope that we could capture through personal stories the essence of what it's like for both people and wildlife in Monterey Bay. Scientists have been studying this place for decades, and people have written books about life on its shores. Unless you combine the two—the humans and the wildlife—it's hard to get the full perspective of how amazing this place really is. We interviewed forty people for this project from many different walks of life. Some were just short-term visitors, and others have lived on the shores of Monterey Bay for generations. Their stories involve at least twenty-five different species, from microscopic plankton to the largest animal to have ever lived on earth, the blue whale. We originally captured storytellers' biographical information by asking them interview questions so their responses best reflect what was relevant to them at that time. But forty people is a significant number to keep up with over the course of eight years. A number of the stories also reference a specific timeline relevant to when the storytellers were interviewed. To help provide context, the dates of all interviews are listed on the top left of the story photo that begins each story. Wild Monterey Bay is a celebration of wildlife and people. Now we have finally turned these illustrated stories into a book for people to enjoy for years to come, and

we hope you will enjoy it Foreword by Carl Safina Praise for Wild Monterey Bay Connecting with wildlife is such an important way to build empathy for the natural world This is a delightful collection of stories about inspiring encounters with ocean life everything from bioluminescent plankton to great whales I hope it encourages everyone to get outdoors and explore for themselves Julie Packard Executive Director Monterey Bay Aquarium This is a treasure trove Gorgeous compelling photos illustrate pages brimming with stories of close encounters with creatures from white sharks to plankton all told in different voices and from different perspectives From the teacher watching city kids fall in love with the ocean to the biologist wrangling seals for tagging to the photographer documenting an orca teaching her baby to hunt all of these tales some funny some sad some quirky give you an intimate picture of Wild Monterey Bay you ll find nowhere else Whether you already live in this magical place or are only an armchair visitor this book will deepen your appreciation of this unique critical habitat and inspire you to protect what is surely one of the richest marine ecosystems on Earth Sy Montgomery Author of Soul of the Octopus and Secrets of the Octopus An inspiring exploration of the relationship between one of the world s most extraordinary marine environments and the people whose lives are deeply touched by it and who work to protect it LIZ CUNNINGHAM Author of Ocean Country Human encounters with wildlife wake us up to the fact that we live in their world and these stories make that notion so real This is Monterey Bay at its most raw alive and deserving of its rightful protection Enjoy DAN HAIFLEY Retired Executive Director O Neill Sea Odyssey and Save Our Shores *The Call of the Rift: Veil* Jae Waller,2020-09-15 Return to Jae Waller s wondrous and war torn colonial world in this captivating second installment in the Call of the Rift series Fans will be reengaged by Waller s war torn worldbuilding and original characterization Adventurous heartbreaking and undoubtedly open ended Kirkus Reviews Now in paperback The Blackbird Battle has left all sides devastated The wind spirit Suriel has disappeared A hard winter is coming and famine stalks the land Kateiko Rin returns to her people ready at last to rejoin her community but the dangers of the unsettled times come raging to her doorstep Kako is left with no choice but to battle the forces that seek to open a rift between the worlds Leading an unlikely alliance that includes her new love Airedain and her old one Tiernan Kako must risk all to try and stop the coming disaster Author Jae Waller returns to her riveting alternate world of brooding rainforests in a colonial time and to her headstrong troubled heroine in this compelling second volume of the Call of the Rift quintet **More Ramped-Up Read Alouds** Maria Walther,2024-08-06 Unlock the transformative potential of read aloud to joyfully strengthen essential literacy skills In this eagerly anticipated follow up to Maria Walther s The Ramped Up Read Aloud discover 50 MORE read aloud experiences designed to bolster students literacy development ignite imagination and enhance motivation Backed by the latest research this indispensable guide equips educators with the knowledge and tools to make read alouds a cornerstone of their teaching practice More Ramped Up Read Alouds includes lessons focused on foundational reading concepts like phonological awareness and decoding along with a new chapter on integrating literacy with STEAM This must have resource for K 5
