and how I was born with a gift from God It wasn't until later I was awakened that I realized I had these gifts I didn't know anyone like me I knew that I had always had someone talking in my right ear since the age of six I would call it my intuition I knew I was different because I was told things that were going to happen before they happened and had dreams of things before they happened It was later on that I found out that I was an earth angel And in fact that it was my guardian angel who talked to me and guided me And as you read in the book the events that had happened were always validated In the book I talked about a miracle resurrection of my dog which was also a gift from God an out of body experience and how my spirit travelled to a different place I see angels and talk with angels My guardian angel who you will be reading about who we refer to as Mama Angel has guided me throughout my life along with the other angels and that will be coming out in my next book called Concrete Angel where there will be more stories of miracles and healings where I can tell you how to connect with your guardian angel and other angels and signs to look for when your guardian angel is near In this book I also talked about a high priest who came after me and knew who I was and what it took to defeat him I had many challenges in the early part of my life As I got older my gift got stronger My awakening didn't happen until I was forty eight You will read about many more miracles that occurred in this book
