The Life We Lead ,2024-07-10 Angel Anthony Cordero is the proud son of Gustavo Antonio Cordero and Maria Angeles Cordero and older brother to Aaron Frederick Cordero He was born and raised in El Paso Texas When he is not writing he enjoys playing piano singing or playing a game of catch with his brother on the baseball diamond The most important things in his life are his faith in God and the love he has for his family without which he would be unable to accomplish anything His love for writing poetry stems from his overall love of reading His favorite authors are H G Wells Jules Verne Edgar Allan Poe Rick Riordan and Miguel de Cervantes His favorite book he has read to date is 20 000 Leagues Under The Sea His favorite genre of literature alternates between Historical Fiction and Science Fiction **The Book of Poems** Dorothy Hoskins,2009-02-05 The Book of Poems was written over time by my Sister Dorothy Hoskins which I put them on Computer and as a gift am having the beautiful poems published as a gift to my Sister *The River's Destiny* Barney McMillan,2009-12

God'S Grace: a Long Night'S Journey into Day Leta H. Montague,2011-06-29 God's Grace briefly discusses the issues and pain associated with divorce The main thrust of the book is to show how God's mercy and grace was manifested during the long journey of the divorce The author tries to show that even though divorce is not God's will he provides and cares for his children through that long journey and he does not let them walk alone *Interpretations of Romance* Joseph P. Policape,2006-05-03 This book is sensational full of enjoyment and sense of beauty Poems such as I'm Free All of a Sudden Baby You Set Me Free Your Sweet Voice I Promise and Give Me a Little Kiss on Christmas can be made into love songs and can be read at any occasion to awaken the highest emotion Readers of all ages will capture the sense of real love Everyone should read this book to find and experience real love After reading this wonderful book look out for Mr Policape's next book *A Spiritual Journey* *Elementary Students Practicing Mindfulness* Alice McIntyre,2019-03-18 Much of the literature about stress and its effects on children is focused on how these various groups can learn how to cope adapt and or manage stress Practicing mindfulness on the other hand is about becoming familiar with how one responds to stress and as important how one can differentiate between stressors that generate beneficial actions and ones that escalate distress and discomfort It was the latter approach that characterized the year long mindfulness project that a group of racial ethnic and culturally diverse fifth graders in a local Boston public school participated in during the AY2016 2017 The facilitator of the project met with participating students for an average of 75 minutes once per week In large and small group discussions and numerous creative techniques and processes e g photography symbolic art the participants explored documented and assessed how they experienced various forms of mindfulness and how those processes informed their thinking emotions and actions As important participating in the project provided the young people with opportunities to become mindfulness ambassadors who brought mindfulness into their families school and respective communities Engaging in mindfulness practices provided the young people with opportunities to develop life long skillful ways to become familiar with their minds increase their self

awareness more effectively respond to difficult thoughts and emotions and provide strategies to foster positive connections with others In addition sharing and exploring strategies for developing a mindful perspective contributed to creating an environment for learning that intersected with young people s capacity to be critical thinkers and thoughtful decision makers The greatest contribution of the book is that it is threaded with the voices of young girls and boys who speak about themselves their thoughts and emotions their experiences with fear anxiety success and failure with directness honesty and a confidence in their skills and abilities Their participation in the project demonstrates the possibilities classroom teachers have to integrate mindfulness practices into the school day As important teachers are invited to hone their own mindfulness practices to ensure that they are intentionally working with their own thoughts emotions and assumptions as they relate to the students they teach Treasure Hidden Pedrameh Manoochehri,2019-06-14 Before He entered my world and transformed it miraculously I went about my days giving no thought to my Maker I was a high school art teacher back then While I worked hard to impact my students and school for good I also enjoyed weekend happy hours and a pot habit On a couple of occasions just before I came to know the Lord I could easily have killed myself or someone else driving drunk This was a warning from God that my life was about to change drastically No one evangelized me I had warning dreams One seared the image of a brightly lit cross and crown into my mind s eye In another my friend warned me I would come to know the love of Christ I thought to myself But I m not religious Nevertheless by the Holy Spirit s leading and touch my heart was awakened to realize I love Jesus for some reason deeply Thus began my journey learning who He is in love and in justice Proverbs 4 23 states Keep your heart with all vigilance for from it flow the springs of life The question concluding this book and reflection on faith is this How do you choose to spend your heart in all the limits that shape life What does my love speak of life and how do I spend my love I know that God s love spoke eternal life over me a sinner and He spent all His love on man s salvation He purchased such grace in the ultimate sacrifice Now how will I purchase Him my treasure How do I spend all I have buying my field Still Running James Kerkula,2014-04 Still Running combines the author s love for running with his greater love for God into an incredible story intended as an encouragement for the reader to run his or her own race in life This true story is about an African orphan who experienced death at an early age when his mother suddenly died from a two day illness Without an adult guardian he put himself through school and eventually matriculates across the Atlantic where he becomes a crusader against poverty Incorporating sport metaphors to teach life s lessons the book is in part an autobiography and an inspirational manual Its main takeaway is the role of divine intervention versus personal resilience in human pliancy This book is a tribute to the millions of African children whose childhoods are mired in unimaginable poverty At least fifty percent of its proceeds go to support the Liberian Education Initiative African School of the Future LEI a proposed model K 12 education environment focused on college preparatory education sustainable development and servant leadership **The hymns and hymn melodies of the cantatas and motetts** Charles Sanford Terry,1917 Walking
