My I:

My "I AM" Song Kelsie Josephs, 2017-07-26 When you ask yourself the question of who you want to be it is not about what you have been told but how you really feel within Learn to set your intention by trusting in yourself It is not just about what you say but rather the meaning or intention behind it Learn to YES your way through life by telling yourself and calling yourself exactly what you want to see and be then KNOW it to be true It is then that the rest of the world will have no choice but to see you in the same light By paying close attention to the words I AM it becomes much easier to understand that you are only truly defined by how you see yourself and in turn how you feel so make it an amazing experience and choose love Positive affirmations are excellent reminders of the light and love we have for ourselves lifting our spirits and truly connecting us In showing children the importance of loving themselves and choosing to see themselves in beautiful ways they will begin to understand their ability to create their own happiness through the way they see themselves and in turn the world It is when they have this undeniable love for themselves that they will be able to see the rest of the world with the same level of love By choosing to see ourselves the way we want to be seen we create a space for greatness as we express these positive affirmations with meaning knowing that we absolutely can and do create our reality each and every day

My It to You John McGreal, 2013-12-01 In new forms of writing this is one of three books which represent stages of a serious artistic search for a modern dialectic of mark word and image spanning twenty years With an aesthetic that dissolves conventional boundaries of visual Art and Literature the abstract alphabetical poem my it to you and the narrative proem In the Way of It are both written solely in monosyllables The selection of spaced prints of alphabetical poems such as Rubicon in The Poetry of It was inspired initially by a surrealist experiment in automatic writing in 1988 which triggered an extensive period in which dreams erupted onto the page in the written form of fragmented words Written in the form of double columns Mac s Story In The Way of It gives an account of how these works came to be made along with The Book of It his humorous satire on contemporary capitalism published in 2010 All three new works celebrate the Centenary of the revolution in visual language made by the avant gardes in what Marjorie Perloff calls The Futurist Moment in Modernist Art

Expectation Hangover Christine Hassler,2016-01-15 When our expectations are met and things go according to plan we feel a sense of accomplishment we feel safe in control and on track But when life does not live up to our expectations we end up with an Expectation Hangover This particular brand of disappointment is profoundly

uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step by step treatment plan This book reveals the formula for how to process Expectation Hangovers on the emotional mental physical and spiritual levels to immediately ease suffering Instead of wallowing in regret self recrimination or anger we can see these experiences as catalysts for profound transformation and doorways that open to possibility Often it is only when life throws us a curveball or several that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love By the time you finish this book you ll understand why your Expectation Hangover happened and have your own treatment plan a clear course of action to pursue your goals while preventing future disappointment **I Am Wisdom**
