true genuine freedom and peace an experience and a state in itself a state where true and false do not configure a state where opposites cannot force their entry an unshakable point in the emptiness in the empty space In the empty inner and outer space united and undivided where silence and awareness merge in an By embracing silence in an atmosphere of absolute presence where the limitations of language fade away and the all pervading power of silence fills the space surrounding the human body communication will occur without effort This eternal ever present silence is the universal language for all beings that enter this universe Observing each other in silence is to transcend the world of conclusions where outwardly two different entities with their own perceptions of the world limited by nationality culture and religion merge into one entity that communicates through the timeless language of silence The most profound discovery we can make on this stage of life is that there is no I that our existence is merely a mental projection playing out in the mind through the stormy sea of learned concepts and ideas *Connected Spirits* Andrew J.
