Russell, 2013-07-26 From seeing ghostly apparitions to having out of body experiences contact with deceased loved ones and visions of the future Pamela Russell's life has never been ordinary. However, it was not until she began healing that she fully understood the meaning of the messages that were being sent to her throughout her life. Written with her son Barry, this book provides a glimpse into the unusual events that resulted in her finding her path as a spiritual healer. It also provides information on how to contact archangels and guardian angels, demonstrating how they can have a direct impact on your life.

**The Wounded Healer ( True story of a child sexual abuse survivor)** Dr. Priya Saklani, 2018-12-26 Slippers would break, rods would break, my skin would break and bleed, my clothes would stain, but my spirit remained untouched. Throughout her childhood, Priya Saklani had only one friend: FEAR, which was constant. She can't recollect the time when she felt needed. She completely lacked the knowledge or understanding of what human affection meant because the only reason why people touched her was to abuse her. Longing for affection, Priya felt nothing more than an object who was being passed on from one man to another. There was more to her than her body. In what might seem dark for some readers, initially, *The Wounded Healer* depicts the undying strength and courage of a spirit who rose from the ashes like a phoenix and became a warrior from a victim. The pain had a lot to teach her as she channeled that suffering as a stepping stone to a higher state of consciousness, treating her scars like trophies. Priya turned her wounds to wisdom, healing herself, and today she is using that wisdom to help others heal. *The Wounded Healer*, a memoir of Priya Saklani, details a compelling and ferocious insight into a mind and life of a victim of complex trauma, demonstrating just how childhood affects every aspect of your life. **Your**

Gladstone, 2014-09-02 What accounts for miraculous healings unexplainable by doctors? Is there a reality to spiritual healings? William Gladstone initially approached Dr. Zhi Gang Sha with some skepticism and disbelief. William, having studied medical anthropology at Harvard University, had met and worked with some of the greatest

**Healing: the Path to Freedom** Dr. Michael D. Winer, 2014-08-20 Praise for Healing The Path to Freedom What Michael has apparently discovered and teaches is that how we interact with life moment by moment particularly our feeling experience is visibly at the core of everything From the broken things to the extraordinary things it is nowhere else but the place that no one thinks to look literally in ourselves The remarkable almost unique aspect of Michaels work is that everything he does and teaches points you back to the truth of your own tangible experience If you want to entertain the possibility of real change this can be an excellent place to do it If you seek to preserve your status quo well this may not be the place The work is not easy though it is simple and clear Its also not necessarily a quick fix though some experience rapid results Expect change and be prepared to see that life is not only what you thought it was In todays increasingly small world sticking ones head in the sand is becoming a less and less viable option as hiding places become hard to find Michaels work is all about strongly engaging life and finding the only reliable refuge your true self Marc Glassgold
