Useful Complaints Jing Chen, 2016-09-09 This book develops an informational theory to account for the coexistence of China's exceptionally resilient authoritarianism and its high decentralization The nuanced information contained in citizens complaints which are filed through the petition system helps to sustain China's decentralized authoritarianism in three important ways First petitions help to alleviate the information asymmetry problem that arises when the central government has less information than lower level governments do When studying citizens petitions higher level governments can obtain valuable and accurate information about local officials performance in policy implementation public goods provision and corruption Higher level governments need this information in order to effectively utilize the cadre management system to reward good performance and punish malpractice The result of this interaction is the PRC's relatively high quality of governance and effective control of local officials There is also a second way in which citizens petitions help the government to overcome the dictator's dilemma that arises when an authoritarian regime is uncertain about how much support it really

enjoys among its citizens Citizens specific grievances are revealed in these petitions and are mostly addressed in their beginning stages When citizens complaints are rooted in central policy they set the agenda for policy change in order to maintain social order There is yet a third benefit conferred upon the PRC by the petition system Thanks to the petition system the central government can present itself as the ally of citizens when it addresses the matters raised by their petitions As a result the petition system grants the central government an opportunity to hold local officials accountable scapegoat local authorities divide citizens and local officials and justly claim all the credit when its policies succeed This helps to build citizens trust in their central government and reinforces its legitimacy in their eyes In Huntington s terms the Chinese Communist Party institutionalizes mass support by addressing citizens grievances expressed through the channel of communication provided by the petition system In this sense the complaints of citizens can be very useful tools for regime maintenance The author substantiates these points with case studies and statistical analysis The Rotarian ,1922-08 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine Songs of Grace and Glory ... Gottschalk,2010-12-11 Nine Lives to Eternity is a true chronicle of cheating death time and again This inspirational and faith driven human triumph details the aftermath of my many harrowing experiences and mishaps any of which should have resulted in certain death Each time I was somehow incessantly saved by guardian angels The numerous near death experiences accounted for twenty six fractured bones and rendered me unconscious on five separate occasions yet somehow I lived to tell my compelling story of survival and triumph over death By the release date of this book the good Lord has allowed me to somehow somehow survive up until and beyond the celebration of my fifty fifth birthday Trust me when I reiterate that my life hasnt been a painless journey while defeating death on a habitual basis Beginning as a mere infant at the age of nine months old and then continuing through fifty five years Ive cheated death again and again During my lifes journey Ive survived an unfathomable twenty seven encounters with death Ive escaped death through seven different machinery and equipment mishaps Ive avoided horse or mule death challenges no fewer than five times Although one of my lifes greatest pleasures has always been motorcycling Ive paid a price by suffering through five singular accidents that should have terminated my life Few in life could survive even one automobile crash yet Ive lived to describe three separate vehicular collisions In addition Ive escaped death from toxic fumes twice and twice averted death threats while working within dangerous third world countries Ive even fallen from a rooftop nearly crashed in

an airplane and lived through a poisoning yet by the grace of God Ive failed to become a fatality statistic Ive often joked that for every day in which I dont read my own name within a newspaper obituary column that becomes a really good day for me To survive so many brushes with death is difficult to absorb My goal driven ambitions have unfortunately brought me to the threshold of death numerous times Ive driven myself to limits that few would attempt Early in life I set a goal for myself to try and fit three lifetimes of experiences into my short time on this planet As a youth I never believed that I would survive beyond an age of forty years Most certainly my high risk behaviors reduced my odds for a lengthy existence As my life unfolded the numerous encounters with death became staggering Between the ages of nine months up until nine years I faced death three times From the ages of ten years through my nineteenth birthday death crossed my pathway four more times During my tumultuous twenties from the ages of twenty years through twenty nine years I survived eight separate death encounters Between the ages of thirty years through thirty nine years my chances of death slowed down to two By the ages of forty years through forty nine years the Grim Reaper visited me on three separate occasions As I reached midlife I discovered that the pace of my death engagements was increasing From the ages of fifty years through fifty five years Id already amassed five singular close encounters with death Perhaps that assertion should come as no surprise Since reaching my fifties Id done little to slow down or reduce my zest for life and risk taking determination Few adults when faced with their own midlife crisis will attempt such outlandish feats as mountain climbing to the summit of Devils Tower in Wyoming or riding a motorcycle nonstop for ten thousand miles or consulting in the midst of a war within the country of Afghanistan Im thankful for each and every day that Im allowed the privilege of living I try to give thanks and praise to my Lord every day for granting me the tenacity to overcome even the worst of survival odds Through my strong faith and spirituality and by never accepting defeat Ive been able to constantly repel the onset of death **Once a Week** Eneas Sweetland Dallas,1867
