My Memoir:

A Pedagogist's Memoir Grant Rodwell, 2025-10-07 Opportunities to write our memoirs are many and varied To meet emerging demands the memoir genre continually is evolving and it is possible for the memoirist to shape the memoirs with varying themes time and settings to be brought to bear on school education at a senior level and for a range of teacher development programs Thus the developing importance of an accompanying exegesis For better or for worse childhoods shape adult relationships and attachment styles profoundly shaping who we are as teachers teaching styles and generally the things we consider important and not so important The shape of our childhood and adolescence has a profound impact on how relationships are formed in adulthood It can affect our ability to trust be vulnerable and create productive bonds both at school and college and professionally and also our general levels of motivation Through the aforementioned theme and subthemes my memoirs here reveal how childhood struggle has shaped my approach to teaching and my academic career from an unskilled labourer from the country working class in the timber industry deprived of a high school education and recruited into the workforce at 15 years of age to a senior academic in one of Australia's G8 universities holding five PhDs With strong historical backgrounding a special appeal of this book is its drive to place childhood and adolescent events contained in the memoirs in a wider historical context looking to transnational movements such as discussions on anachronisms and eugenics In so doing the exegesis a fresh and exciting innovation is in harmony with the memoirs The memoir is so refashioned as a pedagogical tool

Untold Power Rebecca Boggs Roberts, 2023-03-07 A nuanced portrait of the first acting woman president written with fresh and cinematic verve by a leading historian on women's suffrage and power While this nation has yet to elect its first woman president and

though history has downplayed her role just over a century ago a woman became the nation's first acting president In fact she was born in 1872 and her name was Edith Bolling Galt Wilson She climbed her way out of Appalachian poverty and into the highest echelons of American power and in 1919 effectively acted as the first woman president of the U S before women could even vote nationwide when her husband Woodrow Wilson was incapacitated Beautiful brilliant charismatic catty and calculating she was a complicated figure whose personal quest for influence reshaped the position of First Lady into one of political prominence forever And still nobody truly understands who she was For the first time we have a biography that takes an unflinching look at the woman whose ascent mirrors that of many powerful American women before and since one full of the compromises and complicities women have undertaken throughout time in order to find security for themselves and make their mark on history She was a shape shifter who was obsessed with crafting her own reputation at once deeply invested in exercising her own power while also opposing women's suffrage With narrative verve and fresh eyes *Untold Power* is a richly overdue examination of one of American history's most influential complicated women as well as the surprising and often absurd realities of American politics

My Life Tom Delebo, 2019-12-04 *MY LIFE A Story of Resilience and Love* is a memoir that celebrates the beauty of how much self expression resides in each of us It is an uncommon saga of unique depth that tracks eight transformative decades beginning with circumstances that dare the imagination and that became a personal marker for Tom Delebo From childhood Tom put his dreams into action with fearless individualism expressing himself in one endeavor after another a blueprint for how to live an engaged life He would learn too that fueling his relentless drive was a profound quest for personal connection and love It has been quite the ride

Ravishing DisUnities Agha Shahid Ali, 2000-11-03 A star studded anthology infuses English poetry with the rigor and wit of a foreign form In recent years the ghazal pronounced ghuzzle a traditional Arabic form of poetry has become popular among contemporary English language poets But like the haiku before it the ghazal has been widely misunderstood and thus most English ghazals have been far from the mark in both letter and spirit This anthology brings together ghazals by a rich gathering of 107 poets including Diane Ackerman John Hollander W S Merwin William Matthews Paul Muldoon Ellen Bryant Voigt and many others As this dazzling collection shows the intricate and self reflexive ghazal brings the writer a unique set of challenges and opportunities Agha Shahid Ali's lively introduction gives a brief history of the ghazal and instructions on how to compose one in English An elegant afterword by Sarah Suleri Goodyear elucidates the larger issues of cultural translation and authenticity inherent in writing in a borrowed form
