My Memoirs Of World War II:

A Patriot's Memoirs of World War II Luciano Louis Charles Graziano, 2018-12-23 It was January 1943 when twenty year old Louis Graziano received a letter from Uncle Sam ordering him to report to Fort Niagara New York for a physical. Although he knew the United States was at war he had no idea what was ahead of him. After making a promise to dutifully defend his country Louis never realized how much his military experience would change the course of his life. In a memoir that reveals the good, bad and ugly of war and beyond Louis leads others through his life experiences via personal stories and historical photographs that provide a candid glimpse into what it was like to be a young soldier before, during and after World War II. While revealing his experiences and thoughts Louis demonstrates how he exhibited courage amid heartbreaking loss, trusted God to protect him and found love with a beautiful fellow soldier. Among his documented experiences were landing with the third wave on D Day on Omaha Beach, fighting the Battle of the Bulge and witnessing the signing of the Instrument of Surrender at the Little Red Schoolhouse. Included are personal letters and commendations as well as interesting historical facts. **A Patriot's Memoirs of World War II** shares a veteran's personal story and photographs that document his experiences during the biggest and deadliest war in history.

My Memoirs of World War II Lee Wade Foster, 2015 *My Memoirs* Taras Hunczak, 2016 The first part of the book reflects the context of life within the totalitarian systems of Communism and Nazism. The author witnessed the mass deportations under Communism and mass executions of Jews known as the Holocaust and other tragic events during WWII which left their mark on our consciousness. The memoir is a revealing story of the life of deportees who spent two years in a camp working with the prisoners of war and then after their liberation by the American Army spent four years in Displaced Persons Camps. These life experiences constituted not only a period of various limitations but also a time of psychological and intellectual development. The book conveys many details of those experiences and provides an insight into the complexities and a joyful success in the free society in the U S A. [My World War Two Memoirs](#)

Nestor D. Von Bank, Jim Von Bank, 2001* **My Memoirs of World War II** Donald Ray Birmingham, 1984 *The Women's Royal Naval Service: a World War Two Memoir* Brenda Birney, 2016 Aged only 24 in 1941 Brenda Heimann a London secretary joins up as a Wren. Little does she imagine that she will work in the tunnels under the white cliffs of Dover. Eight months preparation for D Day in Inverness culminates in Brenda being driven all along the south coast of England from Portsmouth to Dover delivering the final sealed instructions to commanders taking part in the Invasion of Normandy. Stationed in Caserta near Naples Brenda was shown round Venice by one of the real Monuments Men. At the end of the War Brenda takes her first flight from Naples to Malta for her last posting. The WRNS was the time of her life.

The Crusade Years, 1933-1955 George H. Nash, 2013-12-01 Covering an eventful period in Herbert Hoover's career and more specifically his life as a political pugilist from 1933 to 1955 this previously unknown memoir was composed and revised by the 31st president during the 1940s and 1950s and then surprisingly set aside. This work recounts Hoover's family life after

March 4 1933 his myriad philanthropic interests and most of all his unrelenting crusade against collectivism in American life Aside from its often feisty account of Hoover s political activities during the Roosevelt and Truman eras and its window on Hoover s private life and campaigns for good causes *The Crusade Years* invites readers to reflect on the factors that made his extraordinarily fruitful postpresidential years possible The pages of this memoir recount the story of Hoover s later life his abiding political philosophy and his vision of the nation that gave him the opportunity for service This is in short a remarkable saga told in the former president s own words and in his own way that will appeal as much to professional historians and political scientists as it will lay readers interested in history *An Album of Memories* Tom

Brokaw,2001-05-01 A seventeen year old who enlisted in the army in 1941 writes to describe the Bataan Death March Other members of the greatest generation describe their war in such historic episodes as Guadalcanal the D Day invasion the Battle of the Bulge and Midway as well as their life on the home front In this beautiful American family album of stories reflections memorabilia and photographs history comes alive and is preserved in people s own words and through photographs and time lines that commemorate important dates and events Starting with the Depression and Pearl Harbor on through the war in Europe and the Pacific this unusual book preserves a people s rich historical heritage and the legacy of the heroism of a nation

Memoirs of an Obscure Professor Paul F. Boller, 2013-05-31 During the heyday of McCarthyism the Chicago Tribune offended by something he had written contemptuously dismissed Paul Boller as an obscure professor he was then teaching at Southern Methodist University in Dallas Texas Some forty five years later reflecting on the incident Boller wrote an essay on what it was like to be an obscure professor at one of America s less publicized campuses in a conservative community during the late 1950s and early 1960s That essay became the foundation for this collection of autobiographical selections reflecting the interests and pursuits of a man who gained national recognition both inside the academic community and beyond but still values his obscurity Whether it is a study of the much maligned Calvin Coolidge or an account of his Navy service as a translator of Japanese during World War II Boller brings to his writing a fresh approach and a lively and wry wit

MEMORIES OF WORLD WAR II VETS A. J. BROWN, 2011-10-11 Many of the vets I

interviewed asked me why I was interested in World War II I never forgot when Pearl Harbor was attacked I was five years old and standing at the end of the kitchen counter next to the black art deco style radio The announcer was very loud and excited but I didn't know what he was talking about My mother was at the other end of the counter standing in front of the kitchen sink washing a dish All of a sudden she turned off the water and came over to stand in front of the radio I had never seen a look on her face like that before She called my dad to come here Both of them stood in front of the radio with these shocked and unbelieving faces I never forgot that experience We next went to Sunday school and church and I remember all of the adults were talking to each other in low tones with stunned looks on their faces

I Remember Stalingrad Dr. Hans Welzel, 2016-10-04 I Remember Stalingrad By Dr Hans Welzel edited by Elizabeth Schmid MD Dr Hans Welzel was born on September 10 1907 in a small town north of Vienna Austria His parents were both schoolteachers While attending the University of Vienna to study pharmacy he held a position as a research scientist in chemistry When the German Nazis occupied Austria Dr Welzel refused to join the Nazi party and lost his job at the university as a result He then worked on and off in commercial pharmacies until he was drafted involuntarily into the German Army in 1941 Despite his PhD he did not become an officer but remained a common soldier due to his political unreliability He was sent to Stalingrad where he worked in the Medical Unit and experienced the encirclement of Stalingrad by the Red Army and its surrender to the Soviets in January 1943 resulting in the deaths of thousands of mostly Austrian soldiers He then spent six years in Russian prison camps as a prisoner of war As a common soldier his chance of surviving was minimal but he was emotionally unbreakable and managed to survive the horror and returned to Vienna at the end of 1948 Stalin treated the German officers much better than the common soldiers who therefore had a much better chance at survival This book is a rarity since most works about Stalingrad have been written by German officers and not by common soldiers

Del Gallego,2020-08-06 During the early months of World War II Winston Churchill maneuvered to get the U S involved in the war to save his country from German invasion Roosevelt scheming to lure Hitler into a casus belli ensnared Japan instead resulting in the attack on Pearl Harbor and the Pacific War that followed When the doomed U S garrison in the Philippines soon capitulated to the Japanese the atrocities inflicted on the Filipino and American units that surrendered were portents for the inhabitants of Manila The history chronicles the 1945 recapture of Manila largely from the perspective of the civilian population which suffered horrific brutality from the Japanese followed by destruction and heavy loss of life during the American assault Individual stories are included of citizens caught in the crossfire between the tenacious Japanese defenders and American troops determined to seize the capital city while minimizing their own casualties regardless of the cost in civilian lives More than 175 photographs document the events described *The Memoir of Joseph Pierce Braud, Md: His Life Journey on the Gravel Road and Beyond* Joseph Pierce Braud,2022-05-12 This memoir highlights a compelling story of tragedy and triumph during the Jim Crow and separate but equal era in the Deep South The book traces the evolution of Joseph Pierce Braud from his humble birthplace in A Bend in
