

My Mothers Island

In Marnie Mueller's *My Mother's Island*, Sarah Ellis must tend to her dying mother, Ruby. This moving story of suburban angst and conflict between a mother and her only child explores the tensions between duty and commitment—how to honor one's parents even when one feels damaged by them. With sorrow, rage, empathy, and touches of humor, the story reaches its inevitable conclusion in a death scene where Sarah is shocked to find a simple truth that has always evaded her. This novel is played out against the lush backdrop of the Caribbean and the enduring involvement of the people of the working-class Puerto Rican community where Sarah's parents settled twenty years earlier. Sarah, who has always taken care of her mother's needs, has stooped herself to single-handedly provide support to her dying mother, but gradually allows others to help her—Lydia, Ronnie, the girlfriend of a local heroin user and the foster mother of a child whose own mother has AIDS; Estela, a neighbor across the street, whose support is overflowing with gratitude; Irene, whose four-year-old daughter has become the granddaughter Sarah has never provided her mother; Pearl, a former sports writer who is Ruby's bridge partner; and Dr. Dick, a New Yorker who thirty years earlier married a Puerto Rican and has taken on Latino attitudes toward the process of dying. With their support, Sarah comes to terms with her mother and with her own past. *My Mother's Island* is a daughter's death watch: loving, angry, remorseful, and profoundly revealing of our lives as adult children. Marnie Mueller's honest and unconventional novel helped me fashion the meaning of my own mother's recent death and should similarly serve other readers in negotiating the strong currents and unpredictable eddies of this milestone of primary loss. —Wally Lamb, author of *She Come Undone*
