## **My Persian Pilgrimage:**

**My Persian Pilgrimage** William McElwee Miller, 1989  
Willia, 1995      **Persian Pilgrimages** Afshin Molavi, 2002 A portrait of Iran seeks to measure the true feelings of its citizens despite government and media profiles chronicling the author's year long journey during which he interviewed people from all walks of life      *Transportation & Technology in Iran, 1800-1940: : Chapar, Carts, Carriages, Automobiles, Bicycles, Motor Cycles, Lodgings, Sewing Machines, Typewriters & Pianos* Willem Floor, 2023-08-21 Only 100 years ago the main means of transportation in Iran was by quadruped Transportation All these processes are detailed in the book Like cars bicycles and motorcycles also were increasingly used as of the 1920s thus increasing choice in people's mobility More road traffic also implied that travelers needed places to spend the night and eat The change from caravanserais to guest houses and hotels is discussed in part 3 These changes in transportation methods did not come alone for other modern tools of change such as the sewing machine and the typewriter also made their appearance and had a major impact on people's availability and use of time Finally the piano made its entry onto the Iranian musical scene and although not perfectly in tune with the traditional Iranian musical system it is now as much part of music making in Iran as the tar and santur part 4 of the book All these changes and new technologies did not happen overnight or without problems and slow adoption initially was limited to the upper class However with falling prices and changing needs and policies these new technologies eventually reached a larger public and the idea that they once were exotic and out of reach is now inconceivable to Iranians The studies in this book provide a new vantage point and understanding of the transfer of modern technology for scholars of the social economic and cultural history of the Middle East      **Guests of the Sheik** Elizabeth Warnock Fernea, 2010-11-03 A delightful account of one woman's two year stay in a tiny rural village in Iraq where she assumed the dress and sheltered life of a harem woman A most enjoyable book about Muslim women simple dignified human colorful sad and humble as the life they lead Muhsin Mahdi Jewett Professor of Arabic Literature Harvard University A wonderful well written and vastly informative ethnographic study that offers a unique insight into a part of the Middle Eastern life seldom seen by the West      Hospitals in Iran and India, 1500-1950s Fabrizio Speziale, 2012-04-19 This work presents a significant panorama of studies on the history and role of hospitals in the Indo Iranian world during the early modern and the modern periods when both traditional Avicennian medicine as well as Western medicine were practiced      A Restless Search Kenneth J. Thomas, 2015-12-01 A literary detective story a historical survey and an important contribution to translation studies This book from Kenneth J Thomas is both a philological and linguistic analysis of Persian translations and a call for interfaith cooperation Thomas appraises biblical translation efforts from the fifth to the twenty first centuries of Persian history when successive translators and groups of translators sometimes of different faiths worked to reshape and refine versions of the Bible in the supple Persian language of their times Restless impelled and wide ranging this is a story of translations

commissioned by shahs undertaken by Christian and Jewish communities and produced by teams working outside the country Features Demonstration of the effects of the lack of a standard Persian vocabulary for key biblical terms on literary style and word choice Technical analyses and overviews of Persian biblical translations A careful examination of sixteen centuries worth of Bible translations

**Iran and Christianity** Mark Bradley, 2011-10-27 In this enlightening study Mark Bradley looks at the growing underground church in Iran Given the hostility of the regime it is often assumed that Christianity is withering in Iran but in fact more Iranian Muslims have become Christians in the last 25 years than since the seventh century when Islam first came to Iran Beginning with an in depth look at the historical identity of Iran religiously culturally and politically Bradley shows how this identity makes Iranians inclined towards Christianity He goes on to look at the impact of the 1979 revolution an event which has brought war economic chaos and totalitarianism to Iran and its implications for Iranian faith The study concludes with an analysis of church growth since 1979 and an examination of the emerging underground church This is a fascinating work guaranteed to improve any reader s knowledge of not only Iranian faith and church growth but of Iranian culture and history as a whole thanks to the thorough treatment given to the country s background

**Mission Manifest** Matthew K. Shannon, 2024-06-15 In Mission Manifest Matthew Shannon argues that American evangelicals were central to American Iranian relations during the decades leading up to the 1979 revolution These Presbyterian missionaries and other Americans with ideals worked with US government officials nongovernmental organizations and their Iranian counterparts as cultural and political brokers the living sinews of a binational relationship during the Second World War and early Cold War As US global hegemony peaked between the 1940s and the 1960s the religious authority of the Presbyterian Mission merged with the material power of the American state to infuse US foreign relations with the messianic ideals of Christian evangelicalism In Tehran the missions of American evangelicals became manifest in the realms of religion development programs international education and cultural associations Americans who lived in Iran also returned to the United States to inform the growth of the national security state higher education and evangelical culture The literal and figurative missions of American evangelicals in late Pahlavi Iran had consequences for the binational relationship the global evangelical movement and individual Americans and Iranians Mission Manifest offers a history of living breathing people who shared personal professional and political aims in Iran at the height of American global power

**Kingdom Without Borders** Miriam Adeney, 2009-11-18 The twenty first century has opened with a rapidly changing map of Christianity While its influence is waning in some of its traditional Western strongholds it is growing at a phenomenal pace in the global South Miriam Adeney has lived traveled and ministered widely In this book she pulls back the veil on real Christians around the world their faith their hardships their triumphs and yes their failures and shares the inspiring and challenging story of a kingdom that knows no borders

**Too Many to Jail** Mark Bradley, 2014-11-21 In 1979 there were fewer than 500 known Christians from a Muslim background in Iran Today there are at least 100 000 believers Church

leaders believe that millions can be added to the church in the next few years such is the spiritual hunger that exists The religious violence that accompanied the reign of President Ahmadinejad drained its perpetrators of political and religious legitimacy and has opened the door to other faiths This book sets the rapid church growth in Iran in the context of the deteriorating relationship between Iranians and their national religion There is a major focus on the Ahmadinejad years but the author also covers the history of the church before 1979 picking up on the central idea that the spark may have become buried in the ashes but has never been extinguished The book is careful proportionate well informed and accurate
