The colors are blended and layered, giving it a dreamy, ethereal quality. The top half of the cover has a dark, semi-transparent band where the title and author's name are printed.

My Picnic With Lolita and Other Poems Jack Conway, 2004 *Bag of Bones* J. North Conway, 2013-06-04 Completing J North Conway's widely acclaimed trilogy of Gilded Age New York City Crime following *King of Heists* and *The Big Policeman* *Bag of Bones* combines the era's affluence decadence and corruption with a gruesome deed fit for the tabloids of today In 1878 the body of multi millionaire A T Stewart was stolen from St Mark's Churchyard The ghoulish crime the chase for the culprits the years long ransom negotiations and the demise of the Stewart retail empire fed a media frenzy When the widow Stewart eventually exchanged 20 000 for a burlap bag of bones on a country road not everyone was convinced that the remains were truly those of The Merchant Prince of Manhattan the department store pioneer who had risen from the flood of Irish immigration to a place alongside names like Astor Vanderbilt and Rockefeller As *Bag of Bones* details the futile tactics used by police to identify the grave robbers it also unveils the villainy of Judge Henry Hilton the Stewart family advisor who not only interfered in the case repeatedly but also dismantled a once great business empire all the while profiting quite nicely By the end of this fascinating slice of history one is left to wonder who displayed the greater evil the grave robbers or Judge Hilton **Big Policeman** J. North Conway, 2011-11-08 The remarkable career of one of America's greatest detectives a story of murder mayhem and intrigue Philip Marlowe Dirty Harry and even Law solved the murder of prostitute Maude Merrill who was killed by her jealous lover her own uncle solved the largest bank heist in American history arrested anarchist Emma Goldman for inciting a riot in Union Square and accomplished much more For both good and ill according to the New York Times Byrnes shaped not just the New York City Detective Bureau but the template for detective work in every modern American metropolis He not only pioneered crime scene investigation but also perfected the brutal interrogation process called the third degree He revolutionized the gathering of evidence and was the first to use mug shots and keep criminal records But when Police Commissioner Theodore Roosevelt investigated the corruption that had plagued the department for decades the man one prominent journalist had dubbed the big policeman was forced to resign Bringing the Gilded Age to life as he did in his acclaimed *King of Heists* *The Sensational Bank Robbery of 1878 That Shocked America* J North Conway narrates in thrilling vivid detail the crimes murders corruption and gritty police work associated with the father of the American detective *Love, Beauty or Morality* Alberto Castelli, 2024-05-23 This book is moved by two main questions Is Love a matter of beauty or mortality In other words is love an ethical ideal Also modernity understood as the age of mechanical reproduction has shaped not simply our cities but our very same way of feeling How has our conception of love changed if it has in the past two centuries This book is to address these questions It is not to trace the evolution of the idea of love in Western culture from Plato to the present day It aims to bring to the surface different shades of love lingering at the heart of Western culture to rehabilitate the myth of love to its original credibility Our confused civilization has split love into sensual and moral aspects but to be aware of it is perhaps to defeat a dilemma that seems so unnatural This book is about

Eros and Thanatos. Love across Civilizations Alberto Castelli,2024-02-06 Eros and Thanatos is about the deadly nature of love It is remarkable that literary critics have paid so little attention to the combination between love and death in literature This book seeks to address this significant scholarly lacuna by exploring key literary texts of the last two hundred years as exemplary of a consistent tendency toward love and death Its emphasis on singular characters and close readings suggests the spectrum of an arbitrary dichotomy never fully resolved The existential discussion triggered by each plot is so intense that the erotic and the merely sexual seem inappropriate Indeed each writer chose to reduce it to the setting and background of a story that takes place elsewhere With this in mind the author intends to reflect love s paradoxical nature If love is triggered by beauty beauty can be immoral and love must die to preserve the illusion of beauty

The Annotated Lolita Vladimir Nabokov,1991-04-23 Nabokov s wise ironic and elegant masterpiece A controversial love

story almost shocking in its beauty and tenderness This annotated edition assiduously illuminates the extravagant wordplay and the frequent literary allusions parodies and cross references Edited with a preface introduction and notes by Alfred Appel Jr Fascinatingly detailed Edmund Morris The New York Times Book Review When it was published in 1955 Lolita immediately became a cause célèbre because of the freedom and sophistication with which it handled the unusual erotic predilections of its protagonist Awe and exhilaration along with heartbreak and mordant wit abound in this account of the aging Humbert Humbert's obsessive devouring and doomed passion for the nymphet Dolores Haze Lolita is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America but most of all it is a meditation on love love as outrage and hallucination madness and transformation **Nabokov's Secret Trees** Stephen H.

Blackwell,2024-06-03 In nearly all his literary works Vladimir Nabokov inscribed networks of trees to create meaningful patterns of significance around one or more of his passionate interests in consciousness memory creativity epistemology ethics and love with a deep connection to nature serving as a constant undercurrent Nabokov's Secret Trees explores this neglected area of his art one that positions nature as a hidden but vital core of his work The book presents an entirely new previously unsuspected Nabokov one who crafts intricate patterns of arboreal imagery lurking behind his often baroque psychological narratives It reveals how Nabokov activates arboreal potentials by exploring the hidden ubiquity of trees their essence as complex natural phenomena and their role as quiet presences that have accompanied and fostered human civilization and art since their beginnings The book uncovers how trees offer a rich and intricate field for structural semantic allusive and metaphorical exploration Based on the published corpus as well as archival materials Nabokov's Secret Trees demonstrates that trees not only populate Nabokov's art in stunning yet furtive abundance but also as mysterious natural entities directly animating his works worlds and his readers experience of them *Lolita / Лолита.
