## **My Pushkin Written In Rubian:**

**Under the Sky of My Africa** Catharine Theimer Nepomnyashchy, Nicole Svobodny, Ludmilla A. Trigos, 2006-05-30 A wide ranging consideration of the nature and significance of Pushkin's African heritage Roughly in the year 1705 a young African boy acquired from the seraglio of the Turkish sultan was transported to Russia as a gift to Peter the Great This child later known as Abram Petrovich Gannibal was to become Peter's godson and to live to a ripe old age having attained the rank of general and the status of Russian nobility More important he was to become the great grandfather of Russia's greatest national poet Alexander Pushkin It is the contention of the editors of this book borne out by the essays in the collection that Pushkin's African ancestry has played the role of a wild card of sorts as a formative element in Russian cultural mythology and that the ways in which Gannibal's legacy has been included in or excluded from Pushkin's biography over the last two hundred years can serve as a shifting marker of Russia's self definition The first single volume in English on this rich topic **Under the Sky of My Africa** addresses the wide variety of interests implicated in the question of Pushkin's blackness race studies politics American studies music mythopoetic criticism mainstream Pushkin studies In essays that are by turns biographical iconographical cultural and sociological in focus the authors representing a broad range of disciplines and perspectives take us from the complex attitudes toward race in Russia during Pushkin's era to the surge of racism in late Soviet and post Soviet contemporary Russia In sum **Under the Sky of My Africa** provides a wealth of basic material on the subject as well as a series of provocative readings and interpretations that will influence future considerations of Pushkin and race in Russian culture

Cixous,2000-12-01 A prose poem on two married couples involved in the revolutionary struggle One is Nelson and Willie Mandella of South Africa the other Russian poet Osip Mandelstam and his wife Nadezhda In drawing parallels the author stresses the contribution of the wives **Piano Makers in Russia in the Nineteenth Century** Anne Swartz,2014-08-01

**Piano Makers in Russia in the Nineteenth Century** is a richly detailed thematic study of the history of the piano in Russian society from its beginnings with the European artisans who settled in St Petersburg in the early decades of the century through the transition to Russian owned family firms The piano played a defining role in the shaping of Russia s musical culture in the nineteenth century as artisans and entrepreneurs provided the foundation for the great tradition of the Russian virtuoso in the performance and the composition of piano music It also helped bring about a transformative change in the material culture as the piano expanded its reach from the court and the nobility to include music enthusiasts from all social classes and Russian families in their homes This historical study brings to light the impact of neglected piano artisans in nineteenth century Russia and presents a fresh view of the social and economic ties between the state and the piano manufacturing artisans in an era largely defined by handcrafting and entrepreneurship It contributes significantly to current issues surrounding the role of the piano and the entrepreneur artisans in the urban centers of imperial Russia and represents an expansion of what is currently known about the piano builders who established workshops in Russia beginning in the late 1830s and 1840s well before the heyday of the virtuoso in that country Rare documents including letters memoirs gazettes exhibition catalogs music journals and administrative reports form the nucleus of this book and provide fascinating insights about state and private patronage and the class economic issues related to the affordability and prestige of the piano in Russia Issues surrounding the transformation of the music industry in Russia the role of women as patrons and performers the exportation of instruments to the Russian Far East and the complex system of tariffs and trade protection that benefited domestic piano manufacturers provide this book s thematic links Conclusions indicate that while favorable tariff laws and state imposed economic policies benefited the family owned firms in the nineteenth century they remained in effect in the decades after the nationalization of the piano industry in 1917 **School of Velocity** Eric Beck Rubin,2018-06-26 A

wrenching and deceptively spare debut novel about an electric friendship between two boys that slowly reveals itself as a deep and lifelong love Jan de Vries is a virtuoso pianist who would be in the prime of his career but for the crippling auditory hallucinations that have plundered his performances and his mind As the disorder reaches its devastating peak the walls Jan has built around him crumble rendering him unable to repress the overwhelming flood of memories and the troves of unspoken words that linger between him and his childhood best friend Dirk Noosen with whom he lost touch long ago He is faced with only one recourse to head home and confront him With a singular voice and a masterful balance of emotional resonance and restraint Eric Beck Rubin tells the tender story of Jan s obsessive friendship with the charismatic irreverent raconteur Dirk as the reader breathlessly awaits their reunion This luminous novel is about music repression and regret

about adolescence sex and friendship and ultimately about the kind of love that lasts a lifetime **A Plot of Her Own** Sona Stephan Hoisington, 1995 *A Plot of Her Own* presents compelling new readings of major texts in the Russian literary canon all of which are readily available in translation The female protagonists in the works examined are inextricably linked with the fundamental issues raised by the novels they inform the interpretations offered strive not to be reductive or doctrinaire not to be imposed from the outside but to arise from the texts themselves and the historical circumstances in which they were written Authors discussed include Pushkin Dostoevsky Tolstoy and Bulgakov and the novels considered range from *Fathers and Children* to *Zamyatin's anti Utopian We* Throughout the contributors new visions expand our understanding of the words and reveal new significance in them **The Intellectual in Twentieth-Century Southern Literature** Tara Powell, 2012-01-09 Never in its long history has the South provided an entirely comfortable home for the intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed intellectuals from Flannery O'Connor's ironic view of interlockchuls to Gail Godwin's southerners striving to feel at home in the academic world Although Walker Percy like his fellow Catholic writer O'Connor explicitly rejected the intellectual label for himself he nonetheless introduced the modern novel of ideas to southern letters Powell shows by placing sympathetic non caricatured intellectuals at the center of his influential works North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia and Betts's fiction often includes dislocated academics while McLaurin's superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit Examining works by Ernest Gaines Alice Walker and Randall Kenan Powell traces the evolution of the black American literacy narrative from a stress on the post Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post civil rights era of literacy acts that may estrange educated blacks from the larger black community Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world a world in which all those markers inscribe isolation **Russia's Muslim Heartlands** Dominic Rubin, 2018-05-15 Moscow has the largest Muslim population of any city in Europe In 2015 some 2 million Muslim Muscovites celebrated the opening of the continent's biggest mosque One quarter of the Soviet population was ethnically Muslim and today their grandchildren living in the lands between Bukhara Kazan and the Caucasus once again have access to their historical traditions But they also suffer the effects of civil war mass migration and political instability At the highest levels Islam has been swept up into Russia's broader search for identity as the old question of eastern versus western takes on new force Dominic Rubin has spent the last three years interviewing Muslims across Russia from Sufi shaykhs in Dagestan new Muslim artists on the Volga and professionals in Kyrgyzstan to guest workers commuting between Russia and Uzbekistan and Kremlin sponsored muftis hammering out a new Russian Muslim ideology in Moscow He discovers their family histories their faith journeys and their

hopes and fears caught between roles as traditionalist allies in the new Eurasian Russia and as potential traitors in Moscow's war on terror. This story of Islam adapting in a paradoxical landscape against all odds brings alive the human reality behind the headlines. *Radicalism in the South since Reconstruction* J. Smethurst, R. Rubin, C. Green, 2006-12-11. This book broadly frames the scholarly conversation about southern radicalism putting essays covering a range of historical periods and topics in dialogue with each other so as to get a sense of the range of southern politics and history. Musical Courier and Review of Recorded Music, 1918. **Big bang of scientific idiocy** Pavlovich Konstantin, 2025-06-26. The book debunks all the myths of modern cosmological views on the evolution of the Universe, reveals gross errors that led to the dead end of modern cosmology. In a popular form on a solid foundation of physical laws, the absurdity of any cosmological chimeras such as dark matter, energy, big bangs, wormholes, and other inflations has been irrefutably proven. Instead of these ridiculous inventions, a description is given of real phenomena occurring both in outer space and in the immediate vicinity around us in the so-called scientific community. The book is intended for a wide range of readers interested in the structure of the surrounding world and can also be used as a textbook for studying astrophysics. "The Political is - (and the ) Poetical" Catherine A. F. MacGillivray, 1993. *Whispers Through a Megaphone* Rachel Elliott, 2017-07-25. LONGLISTED FOR THE WOMEN'S PRIZE FOR FICTION. An uplifting story of friendship, heartbreak, and finding your own voice in our chaotic, often deafening world for fans of David Nicholls. Miriam hasn't left her house in three years and cannot raise her voice above a whisper. But today she has had enough and is finally ready to rejoin the outside world. Meanwhile, Ralph has made the mistake of opening a closet door only to discover with a shock that his wife Sadie doesn't love him and never has. And so he decides to run away. Miriam and Ralph's chance meeting in a wood during stormy weather marks the beginning of an amusing, restorative friendship while Sadie takes a break from Twitter to embark on an intriguing adventure of her own. As their collective story unfolds, each of them seeks to better understand the objects of their affection and their own hearts, timidly refusing to stand still and accept the chaos life throws at them. Filled with wit and sparkling prose, *Whispers Through a Megaphone* explores our attempts to meaningfully connect with ourselves and others in an often deafening world when sometimes all we need is a bit of silence. Rehearsing Shakespeare Leon Rubin, 2021-03-15. *Rehearsing Shakespeare* offers a dynamic guide to practice in rehearsals and workshops for actors, directors, and trainers in a UK and global context. The book analyses the roots and development of modern-day approaches to Shakespeare and applies theory of verse analysis to practical work ranging from the drama student to the highest professional level in major global theatres. At the heart of the book are a series of carefully tested acting exercises worked with professional actors and drama students across the world, both in English and in translation. Featuring several case studies from the author's own work and the work of others, it explores how acting and directing relate to design and other forms of artistic collaboration during Shakespeare production. An excellent resource for students and teachers of acting and directing courses, drama, and English literature students at all levels, new professional

actors and professional actors undertaking the exciting task of acting and directing Shakespeare at an international level Rehearsing Shakespeare offers practical approaches to cutting and editing through to the core challenges of any Shakespearian play **Beyond the Flesh** Jenifer Presto, 2008-11-07 Though the Russian Symbolist movement was dominated by a concern with transcending sex many of the writers associated with the movement exhibited an intense preoccupation with matters of the flesh Drawing on poetry plays short stories essays memoirs and letters as well as feminist and psychoanalytic theory *Beyond the Flesh* documents the often unexpected form that this obsession with gender and the body took in the life and art of two of the most important Russian Symbolists Jenifer Presto argues that the difficulties encountered in reading Alexander Blok and Zinaida Gippius within either a feminist or a traditional binary gendered framework derive not only from the peculiarities of their creative personalities but also from the specific Russian cultural context Although these two poets engaged in gendered practices that at times appeared to be highly idiosyncratic and even incited gossip among their contemporaries they were not operating in a vacuum Instead they were responding to philosophical concepts that were central to Russian Symbolism and that would continue to shape modernism in Russia

*Russian Studies in Literature*, 2007 Joseph Brodsky L. Loseff, V. Polukhina, 1999-06-23 This is an imaginative work of literary criticism Thirteen scholars have selected a wide variety of Joseph Brodsky's poems written between 1970 and 1994 for detailed discussion in the context of his whole output The choice of poems reflects Brodsky's diversity of themes and devices Together they offer a perspective on one of the most original and profound modern poets This collection should fulfil the often expressed need for a comprehensive approach to the study of Brodsky's poetry which is linguistically as well as intellectually demanding **Art International**, 1973 All Future Plunges to the Past José Vergara, 2021-10-15 *All Future Plunges to the Past* explores how Russian writers from the mid 1920s on have read and responded to Joyce's work Through contextually rich close readings Jos Vergara uncovers the many roles Joyce has occupied in Russia over the last century demonstrating how the writers Yury Olesha Vladimir Nabokov Andrei Bitov Sasha Sokolov and Mikhail Shishkin draw from Joyce's texts particularly *Ulysses* and *Finnegans Wake* to address the volatile questions of lineages in their respective Soviet migr and post Soviet contexts Interviews with contemporary Russian writers critics and readers of Joyce extend the conversation to the present day showing how the debates regarding the Irish writer's place in the Russian pantheon are no less settled one hundred years after *Ulysses* The creative reworkings or translations of Joycean themes ideas characters plots and styles made by the five writers Vergara examines speak to shifting cultural norms understandings of intertextuality and the polarity between Russia and the West Vergara illuminates how Russian writers have used Joyce's ideas as a critical lens to shape prod and constantly redefine their own place in literary history *All Future Plunges to the Past* offers one overarching approach to the general narrative of Joyce's reception in Russian literature While each of the writers examined responded to Joyce in an individual manner the sum of their methods reveals common concerns This subject raises the issue of cultural

values and more importantly how they changed throughout the twentieth century in the Soviet Union Russian emigration and the post Soviet Russian environment
